GIRLS AND WOMEN NEED RICH BLOOD

This Lady Found Dr. Williams' Pink Pills a Friend Indeed.

The anaemic girl, who is languid and pale, the wife whose back feels like breaking; the matron whose health falls as she reaches middle age—for all such sufferers Dr. Williams' Pink Pills are invaluable because ill-health in girls and women is usually caused by poor blood or insufficient blood. These pills have proved a blessing to thousands of others, why not you? At various stages of life Mrs. G. R. Lake, Walton, N. S., has proved the value of Dr. Williams' Pink Pills. She says:—"I first used these pills when a young girl, for it is during the 'teen age when nature calls upon every bit of the reserve strength we have that we need their rejuvenating help. It was then I found Dr. Williams' Pink Pills a friend indeed. And again, now that the girlhood stage is past and I am a mother of four children, subject to all the cares and worries of the home, Dr. Williams' Pink Pills is the only tonic I take to keep up my health and strength, and they have never failed me. Should any ailing girl or weary mother, due to my advice try these pills, I know they will find them as equally good as I have done."
