## CHINESE WORK IN THE BORDER CITIES

Mr. Gordon Taylor Spoke on the Subject at St. Andrew's Hall.

The annual, thanksgiving meeting of the junior and senior branches of the Young Women's Missionary Auxiliary of St. Andrew's Church was held in St. Andrew's hall on Monday evening. There was a good attendance of the members and of the congregation. The devotional exercises were conducted by Miss R. McLean and Miss I. McCullough and Miss Forbes sang delightfully, accompanied by Mrs. A. R. B. Williamson.

Miss Fairlie, the president, then called on Mr. Gordon Taylor, a student at Queen's University, who was the speaker for the evening. His topic was "Chinese Work in the Border Cities." In opening his address Mr. Taylor said that in conversation with a Chinese man in Toronto, he had been told that one expression which was used a great deal among the white race was "thank you." Mr. Taylor went on to say that we white people should not set aside just one day in the year to give thanks for all mercies, but should be thankful every day of the year. He told of the great work being carried on in Windsor under the supervision of Mr. Lane, director of work in the Border Cities, and of his partner, Mr. John Lee, a Chinese Christian, who has graduated from the high school and who is coming in the near future to Queen's to take a medical course to fit him to become a medical missionary in China. He said that many Chinese want to become Christians and much good has been accomplished by the street preaching. Mr. Lane is working also with the Methodist Church in Detroit, where they have an average attendance in the Chinese Sunday School of eighty-five, six out of the ten teachers being Chinese Christians direct from China. Mr. Taylor also mentioned that Mr. Smith, from Vancouver was to go to the Border Cities, on Tuesday to revive the Chinese work in such places as Sault Ste. Marie and Sandwich, where some of the work has fallen off a little. In concluding his address, Mr. Taylor asked every member to give thanks not only for the good work which is being accomplished among the Chinese people, but also for the many blessings at our own doors.

Miss Blacklock moved a vote of thanks to Mr. Taylor for his very interesting and instructive address, which was seconded by Mrs. Goftan. Miss Fairlie conveyed the thanks of the Auxiliary to him. While the thanksgiving collection was being taken up by Misses Bruce and Hendry, Miss Helen Scott gave a piano solo which was much enjoyed. Miss Harold made the closing prayer.
