

Nickle Refuses to Run in Grenville—Mayor Not Seeking Re-election

THE RUMANIAN QUEEN HOLDS A RECEPTION

In Speaker's Reception Room in House of Parliament.

A BIRTHDAY PARTY

For Her Majesty on the Canadian National Train While Travelling to Winnipeg.

Ottawa, Oct. 29.—Traditional mediseval pomp and circumstance of vice-royalty greeting royalty attended Canada's official reception yesterday afternoon of Queen Marie of Rumania and her son and daughter, Prince Nicholas and Princess Ileana. The ceremony, colorful with its historic background, as well as the gorgeous robes of office of its participants, was held in the Parliament Building on Parliament Hill, a few hours after the visiting Queen was welcomed to the Dominion by Acting Prime Minister, J. A. Robb and by Governor-General Viscount Willingdon.

For the second time in the history of the new Parliament Building, the complete ritual attending the opening of Parliament was repeated in honor of royalty. The previous occasion was the meeting of the Federation of Returned Soldiers of Empire some years ago.

The ceremony began with the royal party's entrance into the building through the arch of the Tower of Triumph, the march down the Hall of Fame following the Governor-General's Foot Guards, who played the Rumanian anthem. Leaders of the way was a policeman, whose duty in the usual procession attending the opening of Parliament by the Speaker of the House of Commons is to clear the way. Immediately behind him was the Sergeant-at-Arms, Colonel H. W. Bowie, a veteran of forty sessions, carrying the carved gold mace, significant of the power of Parliament.

The Queen followed, walking between the Hon. Rodolphe Lemieux, Speaker of the House, personifying the power of the people as opposed to the King, and Senator Danard, Government leader in the Senate, and former President of the League of Nations. The Speaker was gowned in his official robes, breeches, stockings, and three-cornered hat.

In similar costume, the Clerk and assistant Clerk of the House and Deputy Sergeant-at-Arms followed, with members of the Government House staff and the Rumanian party behind them.

In cadence with the anthems of Rumania, Canada and Great Britain the solemn procession wound its way through the limestone halls of Parliament, looking in upon the various chambers and the library. It came to an end in the Speaker's reception room, where Marie, on a throne chair with the Princess and Prince beside her, bowed to Government officials and prominent citizens as they filed past.

Shown Champion Wheat.
Ottawa, Oct. 29.—Keen interest in Canada's wheat was evinced by members of the suite of Queen Marie of Rumania during their visit here yesterday. At the Dominion Experimental Farm samples of Marquis and other hard wheat were laid out for inspection and a brief resume of what has been done in the Dominion to produce champion wheat was given by experts of the Department of Agriculture. Before they left, some of Queen Marie's companions asked for samples, which they took away with them. Rumania is a big wheat-growing country.

Birthday Party To-day.
Ottawa, Oct. 29.—Queen Marie of Rumania will have a real birthday party to-day, while travelling through Northern Ontario over the lines of the Canadian National Railway, continuing her journey to Winnipeg. Plans have been made to make the event a memorable occasion and certain mysterious packages which have been seen momentarily and then disappeared into hiding places suggest that there will be gifts, always regarded as necessary to a highly successful birthday gathering. In the inner circles it is even known that there will be a cake and that the cake will have some candles, and that all of the secret to be disclosed to-day.

White Leghorns have made a new world's record at Agassiz, B.C., laying 363 eggs in one year.

British Government Would Be Justified In Taking Over Mines, Says Lloyd George

Carnarvon, Wales, Oct. 29.—Former Premier Lloyd George yesterday described the coal dispute as "the greatest crisis since the war." He was speaking at a meeting of the Liberals, and argued that the Conservative Government would be justified in taking over the mines.

"We are passing through the greatest crisis since the war," he said, "and the Government avows its complete helplessness. Yet our trade balance is going down, until this

will see the end of it, and we shall be forced to finance ourselves with foreign credit.

"This country, once banker for the world, is now walking to the money-lenders."

Mr. Lloyd George contended that under the Emergency Powers Act the Government could assume control of the mines and compel both miners and mine-owners to accept the findings of the Coal Commission's report.

JAIL TERMS WITHOUT FINE IS HIS PLAN

For Dealing With Bootleggers Under Government Control.

THE ONTARIO PREMIER

Refuses to Reply to Those Who Villify or Charge Him With Dishonesty.

Belleville, Oct. 29.—Jail terms without the option of a fine is the method by which Premier Ferguson proposes to deal with bootlegging under his policy of government control of the sale of liquor if it is endorsed by the people of the province on Dec. 1st. In a campaign speech here last night, the Premier declared that under the system of government control he would stamp out bootlegging if he had to enlarge the jails and penitentiaries of the province.

Premier Ferguson arraigned the efficacy of the Ontario Temperance Act in view of the annual sale of 5,000,000 bottles of liquor under medical prescriptions and the additional illicit sale of "somewhere between \$25,000,000 and \$30,000,000 of intoxicants." "I ask you is that prohibition?" he continued.

Mr. Ferguson did not make any comment on the manifestoes of W. E. N. Sinclair, Liberal leader, and W. E. Ramey, Progressive leader, but he prefaced his speech as follows:

"I have no taste for personal abuse, in private life or public, and of late years I have been too busy to pay any attention to it. I find if you stop to think, add everything that is said against you, you will never get anywhere. I never want to attribute bad faith or bad motives or dishonesty to any man, and while there may be those in this campaign, and I am inclined to think there will be, who will vilify me and charge me with dishonesty, because I ignore it, I don't want you to think I am afraid of it.

"When the time comes, as it has come, and I have met men face to face on the floor of the Legislature, I will deal with such matters. But it isn't my purpose to deal with what others say about me or about the Conservative party. My task is of more importance than that."

THE LIBERAL LEADER ASSAILS FERGUSON

Sinclair's Manifesto Scores the Ontario Government on Various Counts.

Toronto, Oct. 29.—In a manifesto addressed "to the people of Ontario," and issued last night, W. E. N. Sinclair, Ontario Liberal leader, whose platform in the present provincial election was endorsed by a majority of the delegates at the Liberal convention here Wednesday, attacks the Ferguson Government on its main election issue—prohibit sale of liquor—but to a greater length on its administration of public affairs.

The manifesto runs into 3,000 words, and in it the Government is scored for doing: "All in its power to prevent an investigation of the tollgate charges," for not filling the vacant seats in the Legislature, for disregard for the independence of Parliament, "for failing to balance the budget," for giving only "partial attention to the Department of Education," for calling a fall election, and for what Mr. Sinclair claims is an unfair redistribution of the constituencies.

R. G. McPHERSON DEAD.
Was Former M.P. and Postmaster of Vancouver.

Vancouver, Oct. 29.—R. G. McPherson, former postmaster of Vancouver and Liberal representative of this city in the federal parliament in 1903-4, died suddenly at his residence here yesterday. He was born in Wellington county, Ont., sixty years ago.

Regiment Disbanded.
Kingston, Jamaica, Oct. 29.—The West India Regiment, the oldest negro unit in the British Empire, has been disbanded on the grounds of economy. Prior to disbandment the regiment held its final parade in the presence of thousands of citizens who turned out to bid the men farewell. Governor Stubbs addressed the men, recounting the glorious history of the regiment.

Theft of 2 Relics.
London, Oct. 29.—Sneak thieves who entered Lord Cable's home in Grosvenor Square took, among other valuables, a diamond pendant containing a lock of the hair of Lady Hamilton, who was known chiefly for her friendship with Lord Nelson, England's great admiral.

Air Route to Canada.
London, Oct. 29.—From London to Canada by air in two and a half days was the possibility submitted to the Imperial Conference by Sir Samuel Hoare, head of the British Air Ministry.

One Body Recovered.
Lindsay, Oct. 29.—The body of Douglas Keyes, elder of the Keyes brothers, who met death by drowning in Sturgeon Lake last Sunday, while duck hunting, was recovered this morning, near the "blind" where decoys had been set out.

Twelve more outlaws were killed in a clash with Philippine constabulary.

Berlin faces a coal shortage, having shipped bulk of reserve to Britain.

Mayor Angrove Not Seeking a Fifth Term; Will Likely Run for Ontario Legislature

That he would not seek a fifth term as mayor, but that he would be a candidate for the Ontario Legislature, was the announcement made on Friday morning, by Mayor Thomas Angrove.

Some time ago Mayor Angrove announced that he would seek another term in the mayor's chair, but he has reconsidered the matter and has decided to drop out of the municipal arena and place himself before the people as their candidate for the Legislature.

"I have given four years of my life to the city as its chief magistrate," said Mayor Angrove, when interviewed by a British Whig representative on Friday morning, "and I feel that I should now step aside and allow the honor to pass on to another. It has indeed been an honor to represent this grand old city as its chief magistrate."

Mayor Angrove, as is generally known, is a strong supporter of Premier Ferguson's "wet" policy, and if he is not nominated by the Conservative party it is understood he will run as an independent candidate.

Three Liberals Will Run As Independent Candidate

Toronto, Oct. 29.—Albert Pinard, East Ottawa; E. P. Teller, North Essex; T. Proulx, Prescott; and A. Belanger, Russell, yesterday issued a statement in which they announced a break with Liberal Leader Sinclair on the temperance question, and will run as independents in their constituencies.

OTTAWA RETURNS COOK CONTRACTS

New York Rangers Must Now Deal With Saskatoon for Two Players.

Ottawa, Oct. 29.—In regard to the now famous Cook brothers' hockey squabble, President Frank Ahearne, of the Ottawa Hockey Association, last night, issued the following statement:

"I read the ultimatum of Col. Hammond in to-day's paper to the effect that the Saskatchewan Club through the Ottawa Club, Mr. Strachan's resolution, which was passed by the N.H.L. government, distinctly directs Col. Hammond to deal with Saskatoon only. Ottawa reluctantly has bowed to the league's order, and has today arranged with Saskatoon to return the Cook contracts to Saskatchewan and Saskatoon returns the \$15,000 to us. New York Rangers can now deal with Saskatoon, or try to ignore the contracts and the league orders. Ottawa is no longer interested."

Ran Motor on Sidewalk; Injured Three Children

Oshawa, Oct. 29.—Daniel Pottery is under arrest here in connection with an automobile accident as a result of which three small children are more or less seriously injured. Douglas and Helen Gibb are in the hospital, and May Graham is at her home. The car, it is stated, driven by Pottery, ran up on the sidewalk, where the children were playing at the corner of Gibb and Nassau streets. The condition of Douglas Gibb is serious. Pottery, it is alleged, left the scene of the accident and was not located for some time after.

"Soldier" Jones Married.
London, Oct. 29.—"Soldier" Jones, well known Canadian light-heavy weight boxer, will be married next Tuesday and with his bride will sail for Canada on Nov. 4th on the S.S. Minnedosa. After the honeymoon trip hunting and fishing, "Soldier" Jones and his bride will reside in the Dominion.

Killed at Oshawa.
Oshawa, Oct. 29.—Struck by a motor truck while riding a bicycle in front of the Regent Theatre here this afternoon, a young man about seventeen years of age, who was not identified at 2 p.m., was instantly killed. The truck was owned and driven by F. D. Pillsworth of Peterborough.

Fire in Motor Car.
Trying to fill the tank of his motor car with gas, using a candle as a light, a young man last night caused a lively blaze in his car in his yard on Earl street and is to-day minus a top and upholstery in his car.

Fire in Motor Car.
Trying to fill the tank of his motor car with gas, using a candle as a light, a young man last night caused a lively blaze in his car in his yard on Earl street and is to-day minus a top and upholstery in his car.

Hon. W. F. Nickle Not Running in Grenville; No Idea Yet Where or if He Will Run

Ottawa, Oct. 29.—A special despatch from Kempville to the Citizen says: "Hon. W. F. Nickle, former Attorney-General in the Ferguson Government, will not be a candidate in Grenville county against Premier G. Howard Ferguson. He so informed a deputation from Grenville county prohibi-

MAYOR ANGROVE

BODY OF MAN NOT WORTH ONE DOLLAR

Yet Insurance Companies Value Living Person at \$5,000, Says Doctor.

Montreal, Oct. 29.—"Despite all our scientific knowledge life cannot be explained on materialistic grounds," Dr. Allan Craig, associate director of the American College of Surgeons, asserted during the course of a discussion of whether medical science and religion were diametrically opposing forces, before the Congress of that body here yesterday.

"Consider the average 150-pound body of a man from its chemical aspect," Dr. Craig continued, "it contains lime enough to white-wash a fair-sized chicken coop, phosphorus enough to make 2,300 matches, and a pinch of sulphur, sugar enough to fill a small shaker; iron to make a tenpenny nail, plus water. The total value of these ingredients is 98 cents, or about 60 cents per cwt. on the hoof. Yet the insurance companies place the economic value of a man at \$5,000. How do they account for the difference, \$4,999.02."

"It's the spirit within him that makes the man supreme in the world and allows him to control materialistic things. Medical science and religion are complementary to each other. One always feels sorry for an individual who cannot visualize anything in life beyond what he can see in a test tube or under a microscope; who cannot appreciate the spirit within."

"The churches of today must come out of the clouds. The people of today are not an irreligious, but our young people are not interested in fundamentalism or the higher criticism. They care little about Lot's pillar of salt, Jonah's escape from the interior of the whale. The young people are interested in clean living and moral precepts as laid down in the ten commandments. Medical science is just as deeply interested in the observation of the ten commandments as are the churches."

Third Attempt to Blow Up a Church

San Francisco, Calif., Oct. 29.—A dynamite explosion in St. Peter and Paul's Roman Catholic Church here early today did considerable damage. Six priests were in the edifice at the time. The exact amount of damage has not yet been determined. This is the third time in two years that the church has been blasted.

Conservatives announce that Hon. W. D. Euler, Minister of Customs, will not be opposed on official nomination day in the federal bye-election in North Waterloo.

Archbishop of Guadalajara ignores a summons from the Mexican Government.

Utopian union which waited on him at Kingston and asked him to contest the riding in the forthcoming Ontario provincial elections. Mr. Nickle further stated to the delegation that his plans so far as being a candidate were still unsettled, and he had no idea yet where or if he would run.

A DIVISION OF OPINION UPON THE TREATIES

Dominions Not a Unit on the Treaties of Locarno.

MAY PASS RESOLUTION

Recognizing the Good Effect That Locarno Has Had Upon the European Relations.

London, Oct. 29.—The Atlantic fleet lies waiting in the channel mists for a visit to-morrow from the Dominion delegates to the Imperial conference. For two days indeed the members of the conference have had naval problems closely brought to mind. At the Admiralty to-day they saw more of the theories of the side of the navy and to-morrow they will see the huge battle cruisers in a concentrated attack.

London, Oct. 29.—There is a likelihood that the Imperial Conference will not make any definite pronouncement on the acceptance by the Dominions of the treaties of Locarno. There may be a general resolution recognizing the spirit of Locarno and the good effect it has had on European relations, but beyond that it is doubtful if sufficient unanimity of view can be secured among the Dominion representatives.

On the acceptance of the Locarno obligations the Dominion apparently are divided. Premier Coates of New Zealand and Premier Bruce of Australia are said to be willing to recommend to their parliaments the acceptance of the treaties. President Cochrane of the Irish Free State and Premier Hertzog of South Africa are understood to be against accepting the treaties. It is also doubted, as intimated in previous Canadian Press cables, if Premier Mackenzie King will be prepared to recommend to the Canadian Parliament the acceptance of any additional guarantees.

THE MOTION PICTURE FILM FOR DOCTORS

To Be Developed by Producer in Conjunction With American College.

Montreal, Oct. 29.—The appointment of a special committee to develop the broadest possible use of motion picture films in medicine and surgery and thus to add "another great invention to the doctor's medicine kit," was the feature of a meeting of the board of regents of the American College of Surgeons here to-day. The plan, which are the result of a joint discussion between officers of the American College of Surgeons and Will H. Hays, president of the motion picture producers and distributors of America, contemplates the study and classification of the films now available, the analyzing the possibilities for future pictures, the development of the best preparations and more effective use of pictures for both professional and lay service, and the study of the demand for films as a preliminary move toward the manufacture of those needed.

Mr. Hays who was present as the guest of the medical men, pledged the assistance of the motion picture industry to the development of the whole purpose.

"FIND YOURSELF" CAMPAIGN.

Will be Started Among the Boys of the Local "Y."

At the meeting of the Board of Governors of the Y.M.C.A. this week arrangements were made for a "Find Yourself" campaign to be started among the boys of the "Y." The idea is for a special committee to start vocational work for these boys that they may find their life work. Mr. Sid Smith has been made chairman of this special committee.

The "Hi Y" Club rugby team of the Y.M.C.A. is to meet the Napanee High School rugby team at Napanee Saturday and a good game is expected to result.

Danish steamer Fredensborg sank in the Delaware river following a collision.
