

MISS BESSIE REID WRITES FROM CHINA

London Girl Missionary Tells of the Awful Conditions There.

Mrs. T. Reid, 252 Victoria street, Kingston, has received a letter from her daughter, Miss Bessie Reid, who went to China as a missionary-student of the Free Methodist church in July, 1925. She was first in the hills at Peking, but is now in the mountains. Her letter follows:

"Kikungshan, Honan, China, Sept. 17th, 1926. Dear Mother: In case you may have read some newspaper reports about war in this vicinity, first of all let me say that I am safe and sound. We have been preserved from harm for which we praise and thank Him who has promised to be our Refuge and Rock of Defence.

"The southern army is rapidly making its advance northward. The northern forces withdrew from here Wednesday a.m. about 4 o'clock. The southern soldiers have taken possession of the palace of the defeated general. This is only a few rods away from the cottage in which the shorters are staying. Miss Jones and I are farther away.

"We have a Chinese girl (13 years of age) staying with us. Last Wednesday she with nine other schoolgirls in charge of Dr. Chapman walked 30 miles (from Singancho here) so as to escape the looting which it is thought will take place there in the course of a few days. We do not anticipate any further trouble here. During the confusion and turmoil, Jesus was very near. How sweet it is to feel that you are absolutely and completely in His will and in His keeping. He has given peace, perfect peace.

"But while we foreigners are all safe, how our hearts do go out to the poor Chinese who are at the mercy of these ruthless soldiers who loot their homes, robbing them in many cases of all their earthly possessions. Quite a number are taking refuge in the church here in our community. One little baby about a month old was picked up on the road. I suppose some distracted mother dropped it there thinking it would be picked up and cared for.

"I am staying up here at the mountain with Miss Jones, one of our missionaries who has been ill, and whom the doctor has ordered to stay here to rest for a couple of months. I have a teacher two hours a day and study two or three hours a day by myself. I expect to go down to the plains about October 1st. Remember my address is changed. It will be Jungtseh, Honan, China. I am anxious to hear the conference news. Trust you are well and happy. Do not worry about me, just pray. The safest place for any of us is in the will of God and that's where I am. Bye-bye. Lots of love. Yours and His, Bessie."

YOUNG STILLMAN AND HIS BRIDE-TO-BE "Bud" Stillman—that is, James A. Stillman, Jr.—and his bride-to-be, Lena Wilson, girl of the Canadian wilderness.

TO WET FOR PLOWING.

There Are Lots of Hoed Crops in the Ground. Rockfield, Oct. 26.—The continued rainy weather has greatly inconvenienced the farmers with their fall work and some have potatoes, roots, corn and garden stuff still to be cared for, as well as lots of plowing to do yet. The land in many places is too wet for plowing.

Mr. and Mrs. E. Herblson were Sunday guests at J. H. Earle's. Miss Lizzie Warren visited her sisters in Lansdowne recently. Owing to the great decrease in the milk supply the cheese factory is only running every other day this week.

L. O. Warren was in Ogdensburg, N.Y., last week, supervising the trans-shipment of two car loads of pure bred Holsteins recently purchased in this vicinity and near Gananoque by R. C. Melvin, Liverpool, N.Y. Mrs. Moulton is spending a few days the guest of Mrs. Wesley Warren. Mrs. Rebecca Warren, Lansdowne, is spending this week with Miss Eleanor Warren. Herbert Warren returned home from the West on Saturday last, after spending the past two months in the harvest fields there.

A NEW INCINERATOR NEEDED BY CITY

The Utilities Commission Likely to Buy the Present Property.

That the time has arrived for the city to invest in a new incinerator, is the opinion of the members of the civic health committee. The members of the committee were convinced that the present plant has outlived its usefulness, and that steps should be taken to secure a new plant and also a new site, as the present site on King street is not regarded as at all suitable.

The matter was under discussion on Thursday afternoon, at a meeting of the committee, and the members present, Ald. Driscoll, the chairman, Mayor Angrove and Ald. Bennett expressed themselves as being in favor of disposing of the present property and securing new property on which to construct an incinerator. The Public Utilities Commission is very anxious to secure the property now occupied by the incinerator plant, which adjoins the property of the Utilities Commission, and it is believed that the Utilities Commission and the health committee will be able to come to terms for the sale of the property. The matter came up for discussion at a special meeting of the Utilities Commission held on Tuesday, and it is understood that the Commission is ready to make an offer to the city for the property.

The members of the health committee will wait on the Utilities Commission in regard to the sale of the property, and if satisfactory terms can be made the committee will then recommend to the City Council that the present plant be disposed of and a new plant be established.

Garbage System Good. Ald. Driscoll again made the statement that the system of garbage collection in Kingston was the best in Ontario, but admitted that the system of disposal of the garbage was not such as it should be. The present plant is not adequate to meet the demands made upon it, in that there is not accommodation for the dumping of the carts without delay, with the result that it has been found absolutely necessary for garbage carts to stand out on the

SCIENTIFIC RADIATOR PROTECTION

Dealer: "She'll stand eight degrees below now Sir." Motorist: "Better give me protection to twenty below." Dealer: "Then you need exactly three pints of Maple Leaf."

MAPLE LEAF ANTI-FREEZE with ALCO-METER service gives you—absolutely accurate, safe, sure, economical and SCIENTIFIC RADIATOR PROTECTION against freezing.

Don't experiment with Anti-freeze mixtures of unknown ingredients. If your Service man can't or won't tell you what the mixture contains he is not taking the interest he should in the care of your car and does not deserve your patronage. Calcium Chloride, Chlorin, Saline, Kerosene and other chemical solutions are in the car wrecking class.

Don't wait until you've had big repair bills, start early with MAPLE LEAF ANTI-FREEZE and ALCO-METER service and be sure of safe, scientific Radiator Protection.

Sold at all leading Garages and Service Stations.

NEW ISSUE

\$2,000,000 Penmans Limited

First Mortgage 5 1/2% Twenty-Five Year Sinking Fund Gold Bonds

To be dated November 1, 1926. Authorized and Issued \$2,000,000. To mature November 1, 1951

Coupon Bonds in denominations of \$1,000 and \$500, registrable as to principal only. Principal and semi-annual interest (May 1 and November 1) payable in Canadian gold coin at the principal office of the Bank of Montreal in Montreal or Toronto, or in United States gold coin at the Agency of the Bank of Montreal in New York City, or in Pounds Sterling at \$4.86 2/3 at the Bank of Montreal in London, all at the option of the holder. Redeemable as a whole or in part at the option of the Company on any interest date on thirty days' prior notice at 110 if redeemed on or before November 1, 1941, at 105 thereafter if redeemed on or before November 1, 1950, and at 100 thereafter until maturity.

TRUSTEE: THE ROYAL TRUST COMPANY, MONTREAL

The following information has been summarized by Sir Charles B. Gordon, G.B.E., President of the Company from his accompanying letter:

Penmans Limited, successor to a business founded in 1870, is one of the oldest Canadian manufacturers of silk, cotton and woollen knitted goods, and has seven mills which are situated in the Provinces of Quebec and Ontario. Distribution of the Company's products is effected through selling agents both in Canada and abroad where they are widely and favourably known. Goodwill, trade marks, etc., are carried in the balance sheet at the nominal value of \$1.

These Bonds which will constitute the only funded debt of the Company will be secured, in the opinion of Counsel, by a direct First Mortgage on the fixed assets of the Company now owned or hereafter acquired, and will also constitute a floating charge upon all its other assets.

The new Mortgage will provide for an annual sinking fund commencing November 1, 1927, equal to 1% of the aggregate principal amount of Bonds authorized to be issued plus interest on all Bonds redeemed, estimated to be sufficient to retire 50% of the issue by maturity.

The Company's audited statements show average annual earnings before interest and Federal taxes but after all other charges, including reserves for depreciation and doubtful debts, for the four years ended December 31, 1925, of \$531,020 or more than 4.8 times the annual interest requirements on these Bonds.

The \$2,000,000 First Mortgage 5% Bonds, due November 1, 1926, which appear on the balance sheet as of December 31, 1925, will be replaced by an equal amount of First Mortgage Bonds, due November 1, 1951 (this issue). On the basis of this balance sheet net current and fixed assets (less depreciation) amount to \$7,352,382, or equal to \$3,676 per \$1,000 Bond of this issue.

Dividends on the Preferred and Common Stocks of the Company, of which there are outstanding \$1,075,000 and \$2,150,600 respectively, have been paid without interruption since their issuance in 1907, and the market value of these securities ranking junior to this issue of Bonds, as represented by current prices, is \$4,946,074.

These Bonds are offered when, as and if issued and received by us, and subject to the approval of all legal details by our Counsel. It is expected that Interim Certificates of The Royal Trust Company, Montreal, will be ready for delivery on or about November 9, 1926.

Price 98 1/2 and Interest, yielding over 5.60%

Bank of Montreal

The National City Company Limited

The information contained in this advertisement is based upon official statements and statistics on which we have relied in the purchase of these Bonds. We do not guarantee but believe it to be correct.

street for a time before being unloaded. And of course this is most disagreeable to the people living in the neighborhood. But outside of this there has been a general complaint about the location of the plant in the heart of the city and even the members of the City Council agree now that the plant should never have been put in its present location. And it is almost certain that when the new location is decided upon, it will be at some spot on the outskirts of the city, and perhaps outside the city. However, the site for a new incinerator has not yet been discussed. This matter will be taken up after arrangements have been made for the sale of present plant.

ATTENDED STOCO DANCE.

It Was Very Enjoyable for a Good Company. Marlbank, Oct. 25.—Quite a number from here attended the dance in the parish hall, at Stoco, on Friday night, and report a good time. The Normie orchestra from Napanee furnished music for the occasion. Miss Kathleen Rush, Stoco, spent last week at Larkins. Mr. and Mrs. W. P. Larkin also Mr. and Mrs. J. Larkin spent Sunday at P. Gartland's, Read.

Miss Bernadette Craigen spent the week-end with Miss Verona Cassidy. Messrs. L. D. Healey and Matt Cassidy were in Tweed on Saturday. Harry Badgley has been at Lime Lake for the past few days assisting his uncle, M. Purvis, to thresh and fill his silo.

Gordon Simpson spent Sunday in Marlbank. Edward Hopkins visited his sister, Mrs. W. P. Larkin, on Sunday. Mr. and Mrs. Wannamakier, Madoc, are spending this week with their daughter, Mrs. William Keller. Our cheese factory will close on Oct. 29th this year. The rain was interspersed with hurries of snow on Monday.

HOME FROM THE WEST.

The Harvesters From Junctown Are Back Home. Junctown, Oct. 27.—Mr. and Mrs. W. J. Hall attended the funeral of Mrs. John Dickey, Rockport, on Sunday last. Mrs. (Prof.) McFadyen, Kingstons, will address the W.M.S., at Calntown United Church on Thursday evening. While here Mrs. McFadyen will be a guest at W. J. Hall's.

Miss Belva Purvis, nurse-in-training at Brockville General Hospital, spent Friday at Ross Purvis'. Mr. and Mrs. Malcolm Hall were guests on Sunday at J. McAvoy's, Malborough. Farmers are busy harvesting their corn, apples and potatoes. A few have commenced their fall ploughing.

Ivert Turner arrived home from the western harvest field on Saturday last. Miss Aileen Avery, Lansdowne, spent the week-end with her parents here. Mrs. Borden Kabut, Calntown, spent a day this week with her parents, Mr. and Mrs. George Green.

Air passenger lines in Europe are considering the establishment of a co-ordinated European winter air schedule.

Is Your Child Thin and Weak?

Cod Liver Extract In Sugar Coated Tablets Puts On Flesh and Builds Them Up

In just a few days—quicker than you ever dreamed of—these wonderful health building, flesh creating tablets called McCoy's Cod Liver Extract Tablets will start to help any thin, underweight little one. After sickness and where rickets are suspected they are especially valuable.

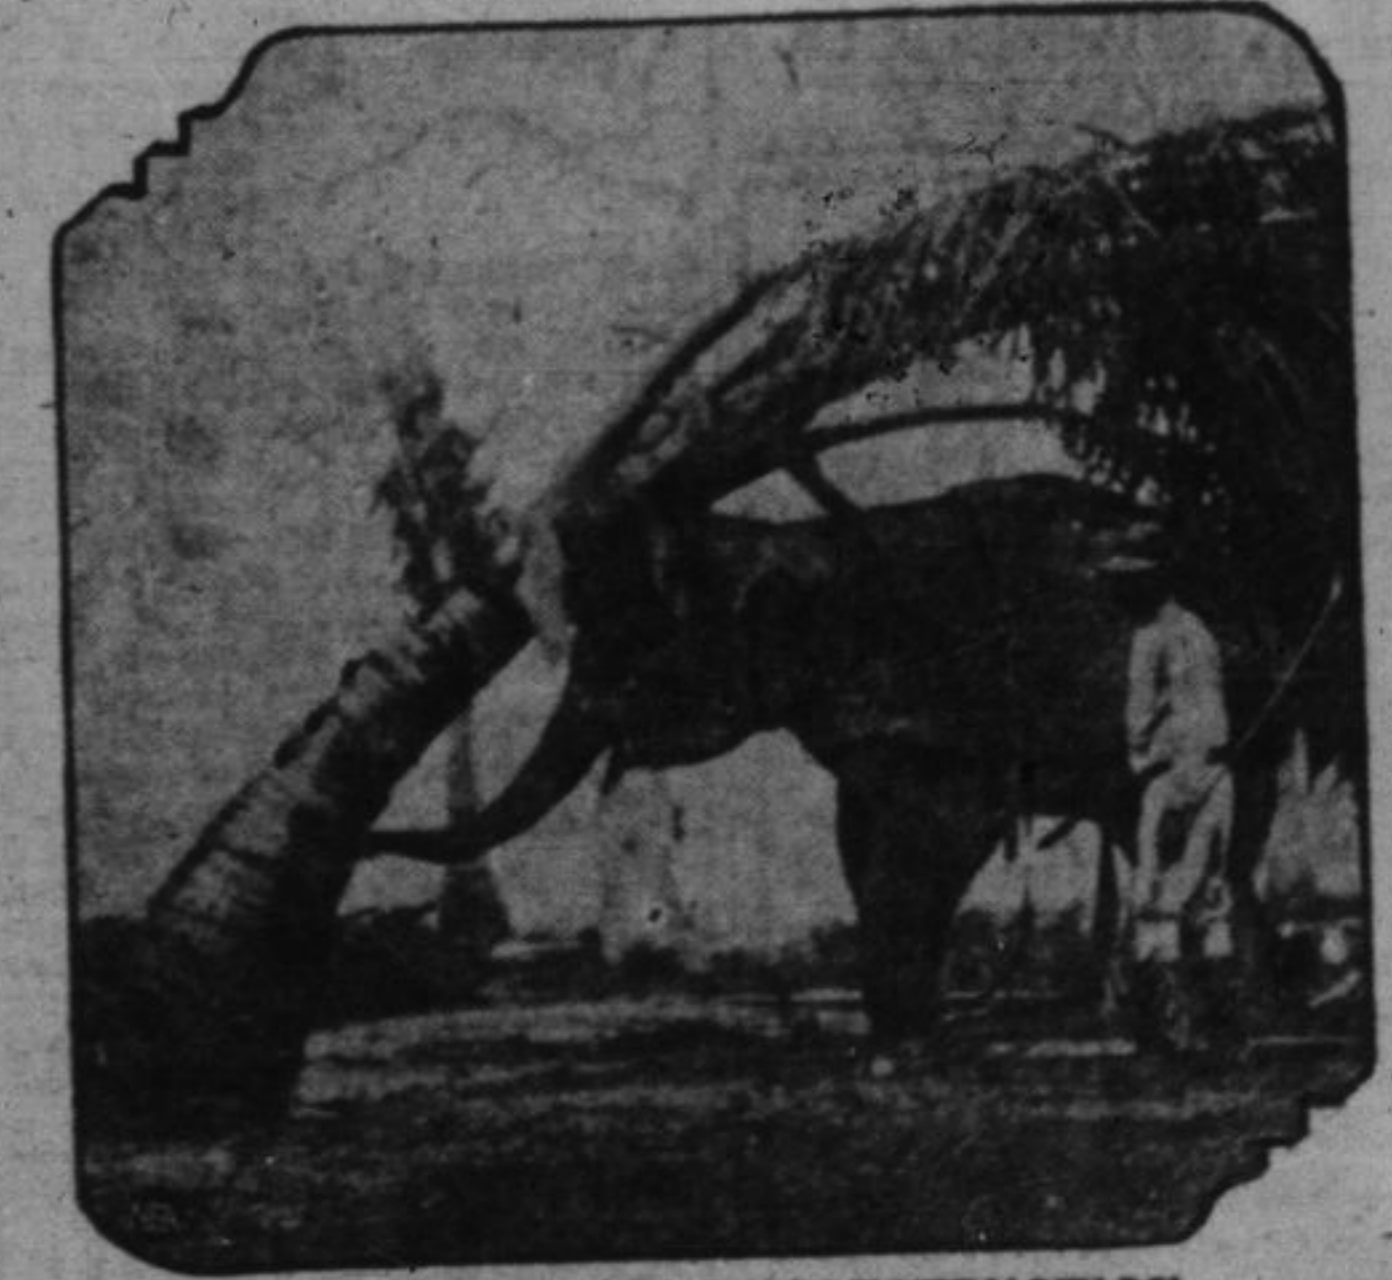

Most people know that from the livers of the lowly codfish vitamins of the first class are extracted—the kind that help all feeble underweight men, women and children. Try these wonderful tablets for 30 days and if your frail, puny child don't greatly benefit—get your money back.

A very sickly child, age 9, gained 12 pounds in 7 months. Ask Jas. H. McLeod, Mahond's Drug Store, Branigan's Drug Store, or any druggists for McCoy's Cod Liver Extract Tablets—as easy to take as candy and 60 tablets, 60 cents.

WBZ (323.1) Springfield, Mass. 2 p.m.—Yale-Army football game. 6.15—Organ recital. 7.30—Dinner music. 7.05—Studio programme. 7.30—Musical programme. 8.10—Boston symphony orchestra. 10.15—Brunswick orchestra.

WLW (422.3) Cincinnati, O. 7 p.m.—Organ concert by Johanna Grosse. 8—Society Hawkins Club. 8.30—The Week End Serenaders. 9—Dance music from Castle Farm.
