**This Lassie Has Her Colds "Rubbed Away"**

The mother of this attractive little girl, Mrs. E. E. Emmans, of 215 Seventh Ave., N. E., Fortage La Prairie, Man., is one of the many Canadian mothers who are enthusiastic about the vaporizing salve, Vicks VapoRub, for treating children's colds. Mrs. Emmans writes: "My little girl had croup at night pretty badly and Vicks did her a lot of good. I have also used it with very satisfactory results for head and chest colds."  
Vicks is just "rubbed on" for sore throat, tonsillitis, bronchitis, croup or deep chest colds. When so applied, Vicks has a double direct action: internally medicated vapors are inhaled while, at the same time, externally, it is absorbed through and stimulates the skin.

**TOO LATE!**  
I was called on the 'phone a few days ago to make repairs to an electric motor, but the call came too late. The bearings were worn out, the winding burned to a crisp, and the fans were a.s.  
Your motto should be: "I will have my motor inspected at regular periods by JAMES BOYD (Phone 2504) and he will advise me if better protective devices are required for my motor."

**Roomy Accommodation With Thrifty Construction**

By Richards and Abra, Architects. This is a splendid design for a home of moderate size. Pleasing appearance and roomy accommodation are combined with thrifty construction which is rarely a modest way of suggesting proximity to maximum value for minimum cost. Though this may seem rather a superlative endorsement it is thoroughly vindicated by the fact that similar plans, incorporating the same general principles, have become a popular standard with many architects and builders.  
The perspective shows that exterior attractiveness has been very carefully considered. The entrance door harmonizes in architectural detail with the casement windows and the dormer which provides the light for the front bedrooms has been carried out in delightfully good, not grotesque, taste. The side view is featured by a bay window and well proportioned chimney.  
Looking at the floor plans and beginning downstairs at the front entrance, the small vestibule is a valuable asset in winter. It is really a partial and non-mechanical means of temperature control.  
The living-room is 12 ft. x 18 ft. and has a fireplace with tile hearth and an inviting recess created by the bay window. There is also an effective window treatment at either side of the fireplace, shown in the perspective but not the floor plan. In the dining-room there is another bay window and two built-in corner china closets. The kitchen is well supplied with conveniently arranged cupboard space and has a built-in refrigerator for outside icing. Taking into consideration the grade entrance this floor plan is very commendable and will be found particularly desirable from a woman's point of view.  
With regard to construction, the square plan 28 ft. x 30 ft. exclusive of the verandah is an important consideration from the viewpoint of economy. The foundation is of concrete with the upper walls a pebble dash stucco finish applied on metal lath. Hardwood floors and stairs; good plumbing fixtures and hot air heating are included for a cost of from \$6,500 to \$7,000.  
Readers desiring further information regarding the plans and specifications of this house should communicate with the architect direct. Address, Messrs. Richards and Abra, 126 Sparks street, Ottawa, Ont. Copyright 1926, MacLean Building Reports, Limited.

**AT MOUNTAIN GROVE.**  
Schools Holding Halloween Event—Charles Wood Moving Away.  
Mountain Grove, Oct. 25.—A number attended the L.O.B.A. supper at Harlowe on Wednesday evening. D. J. Cronk has returned from attending the provincial Sunday school convention at Peterboro. H. Hartwick is suffering with quinsy. Thomas Beverly was struck by a car on Saturday evening and received a severe shaking up but luckily no bones were broken. Rev. Mr. Crawford, Standard minister from Harlowe, conducted services at Alexander Emery's on Wednesday evening. Mrs. D. MacDonald has gone to Kingston to attend an Institute gathering.  
Card Bros. are cutting wood. Rev. Mr. Gall is attending the Kingston presbytery this week. Mrs. William Barr has returned home after a few weeks spent with friends at Napanee and other places. A new cement step has been completed at the United parsonage. G. Cronk is improving his house with a new steel roof. Charles Wood has sold his house and lot to Cephas Fox and will move out of the community. E. Fox has purchased C. Fox's farm and will locate there soon.  
C. Cowdy is putting a wall and cellar under his house. A few from here went to Harlowe on Tuesday to attend F. Wood's sale. Mr. and Mrs. T. Silver have returned after spending a week with friends on the "front."  
The pupils and teachers of the village schools are arranging for a Halloween gathering on Friday. We admire the stand Hon. W. Nickle has taken. "No man can serve two masters."

**CHILDREN CRY FOR FLETCHER'S CASTORIA**

**When Baby Complains.**  
There are many ways a baby has of expressing any pain or irregularity or depression from its normal condition of health and happiness. A short sharp cry, a prolonged irritated cry. Restlessness, a constant turning of the head or of the whole body, fretful. In these and other ways a baby tells you there is something wrong. Most mothers know that a disordered stomach, or bowels that do not act naturally are the cause of most of baby's sufferings. A call for the doctor is the first thought, but in the event of any delay there should be ready at hand a safe remedy such as Fletcher's Castoria.

Castoria has been used for baby's ailments for over 30 years and has merited the good will of the family physician in a measure not equaled by any other baby's medicine because of its harmlessness and the good results achieved.  
And remember this: Castoria is essentially a baby's remedy and not a cure-all for every member of the family. What might help you is too often dangerous when given to a babe.  
To avoid imitations always look for the signature of *Dr. J. C. Fletcher*. Proven directions on each package. Physicians everywhere recommend it.

**Your Child's Greatest Heritage**

The greatest heritage your child can have is a sound, well-nourished body and brain. His success at school and in after life depends largely on his development during the early growth years, from 2 to 6.  
During this period your child will double in weight, grow twelve inches in height, and his heart will increase in size four times.  
The most essential element for growth is protein. Every child must have an abundance of this tissue-forming material. Quaker Oats and milk—a cup of each—will supply a fourth of the protein required daily by a growing child—and supply, too, carbohydrates, minerals and vitamins in balanced proportion.

Quaker Oats and Quick Quaker (the Oats with the finer flake for quick cooking) come in sealed packages only. Get which you prefer, but make certain that the package shows the Quaker figure—no other oats have the rare Quaker flavour.

**Quaker Oats**  
—you have always known  
**Quick Quaker**  
—cooks in 3 to 5 minutes

**Road Census Taken.**  
Lombardy, Oct. 27.—Mr. and Mrs. Mervin Covell, Carleton Place, spent Sunday with friends here. Miss Elva Weekes and Miss Loretha Weekes, Ottawa, are visiting their parents, Mr. and Mrs. John Weekes. Mr. and Mrs. Garnet Dodds, Scotch Line, spent Sunday with the latter's parents, Mr. and Mrs. R. Eass. Threshers have been very busy in this district for the past few weeks. The road census on the provincial highways was taken last week. An unusual amount of rain fell in this vicinity during the past three weeks. Ellwood Joynt is one of the contestants in the fiddlers' contest to be held in Smith's Falls.

**After the Bath**

**WON'T wait for their dressing gowns! A bare-pelt race from the bathroom to their bedroom! How the little savages enjoy the freedom of their birthday suits.**  
They live in a home warmed and humidified by a Sunshine Furnace that delivers heat soft as a summer breeze to all the rooms in the house. They breathe pure, clean humidified air.

**No Wonder they are Healthy and Full of Animal Spirits**  
McClary's Sunshine Furnace, installed by McClary's accredited dealer, is guaranteed to supply that kind of heat delivered uniformly to all the rooms in the home.  
And you burn hard coal, soft coal or coke, at will—no structural changes—simply operate the drafts. You have no fuel worries with McClary's Sunshine Furnace.

Write your nearest McClary's Branch for free booklet: "Winter Comfort in Canadian Homes," that will give you much interesting information about heating, fuel and the proper installation of furnaces so necessary in solving the problem of comfort in winter.
