Declares He Will Run as Liberal Candidate in Frontenac-Lennox.

Napanee, Nov. 2 — Vigorously denying rumors on his retirement from the contest, in Frontenac-Lennox riding, Mayor Ming, Napanee, the official Liberal candidate, positively declared that he is in the field to stay until the last vote is polled.

In order to make his position absolutely clear and to leave no possible misunderstandings as to where he stood, Mayor Ming pledged his whole-hearted support to the Liberal platform, adding that he stood firmly for the maintenance and enforcement of the Ontario Temperance Act as endorsed by the will of the people, by plebiscite or referendum demand that it be maintained and enforced. The will of the people must prevail, he affirmed.

Mayor Ming says he feels that the present occasion affords an opportunity for all true temperance people, regardless of party affiliations, to rally to his support and by their influence and votes to elect him their representative on Dec. 1st.

Deseronto, Nov. 1.—Mrs. W. H. Wagar, while walking on Thomas street last night in the dark because the lights on this part of the street are out of commission, miscalculated her step, and stepped off the sidewalk near the United Church, fracturing her thigh. She was attended by Dr. C. T. Wallbridge and was reported as resting comfortably to-day.

The High School rugby team trimmed the Picton Collegiate in Picton, Saturday afternoon to the tune of 31-0. Mack Perry of the D.H.S. team made four touchdowns. On the return trip home at night Mr. M. Ostrander's car was ditched. It contained Mr. A. D. Campbell, Francis (Tiny) Brennan, Jeff Culhane and Kenneth Hais, while between Picton and Belleville. The lights of another car blinded the driver, Mr. Ostrander's car ended up against a telegraph pole, and was pretty badly damaged. Tiny Brennan suffered a broken wrist and cut and dislocated hand. He was taken to Belleville where he was attended by Dr. Robertson. He stayed in Belleville Saturday night and came home Sunday. The others of the party were pretty badly shaken up. Mr. Ostrander was able to bring his car home but it will need a lot of fixing to put it in good shape.

**WRONGFUL SEIZURE OF CAPE VINCENT BOAT**

In Connection With Liquor Smuggling Out of Kingston—Boat Returned.

(Watertown, N. Y., Standard)

Cape Vincent, Nov. 1.—While the village became highly pleased yesterday at the announcement of Representative Thaddeus C. Sweet, of Phoenix that he would petition Congress for \$30,000 for an addition to the local fish hatchery, the hubbub over lake trout, white fish and black bass propagation brought to the limelight again the seizure and return of the boat owned by William E. Dodge, an esteemed fishing guide and resident of this village.

Whether the seizure and return of the boat by federal agents came from bungling in one of the many federal offices of the North Country or whether the information upon which they swore a warrant came from sources that intended a "frame up" is a matter not quite pertinent to the generally conceded conclusion that Dodge got the losing end of the deal.

The village, as a whole, has accepted that Dodge was innocently compelled to accept a financial loss that may range from \$300 to \$1,000 because somewhere along the line of federal red tape procedure, some major or minor officer bungled. Dodge, himself, an ardent dry advocate in spirit and practice, has accepted his loss with passivity because the clues that he traced from the office of American consul at Kingston to the federal offices in the North stopped abruptly when it came to actual questioning the federal officers for the basis upon which they swore out a warrant.

**Special Permit**

Mr. Dodge obtained a special permit from the government for stripping lake trout of their spawn during the spawning season in the fall after the Canadian government refused the local fish hatchery the right to do so in Canadian waters. The first and second years in the experiment of getting the lake trout during the spawning time were not productive owing to faulty seine nets and the village in its entirety watched with keen interest the development of a special net which Mr. Dodge perfected. This year Dodge was assured that his time and efforts would be repaid as the net apparently functioned well. The spawning beds are at the head of Carleton Island in American waters where he is now engaged in stripping the trout.

Dodge expended in time, money and effort about \$3,000 in addition to building a \$3,500 boat. This boat is nameless, being registered under the license number 2205-Y. Some however have called it the "Billie" and that name became the centre of controversy after the seizure.

**Warrant for Seizure**

On September 26th, a Mr. Welch, an agent, appeared here with the warrant for the seizure of the boat on the charge of transporting booze from Kingston to Oswego, August 11th. Welch conferred with local people and found that Dodge had an excellent reputation here and was dry in sentiment and practice; in short he was convinced that a mistake had been made and so reported to his superiors without seizing the boat. A day or two later an agent by the name of Day appeared with the proper authority to seize the boat which he promptly did.

**Boat Returned**

With this information as a basis Dodge was not long in informing the Federal agents with the result that his boat was returned.

While the agents were holding the craft, Dodge's activities in the lake trout business were at a standstill. It was published in the news-

**Came to Consul Here**

Dodge naturally denied the allegations and attempted to explain that a mistake had been made. This availed nothing. Dodge then went to Kingston and conferred with the customs officials pointing out that a mistake had been made as he was able to prove that on August 11th his boat was engaged in proper fishing routine and was not in Kingston. The Canadian officials inform-

ed him that the bungling had been done by the American men. To further substantiate this and to ascertain if the Canadian officials had forwarded false information to this side Dodge went to the American consul.

Here he found the first definite clue of any. The consul showed him the telegram he had sent to Special Agent Norwood of the Federal forces with the detailed information but instead of telling of Dodge's boat it read that a boat named "Billie" had cleared from Kingston with the whiskey cargo. The clearance papers had no record of the license number as charged by the American agents. Inasmuch as Dodge's boat is not named Billie by official registration and the much sought boat did not clear under the license number 2208-Y as would have been required if Dodge had cleared with his boat it was quite evident that the information between the time it was furnished by the consul and the time it went onto the warrant for the seizure of the boat had been badly garbled.

**FOR Acid Stomach PHILLIPS' Milk of Magnesia**

Instead of soda hereafter take a little "Phillips' Milk of Magnesia" in water any time for indigestion, or sour, acid, gassy stomach, and relief will come instantly.

Better Than Soda

For fifty years genuine "Phillips' Milk of Magnesia" has been prescribed by physicians because it overcomes three times as much acid in the stomach as a saturated solution of bicarbonate of soda, leaving the stomach sweet and free from all gases. Besides, it neutralizes acid fermentations in the bowels and gently urges this souring waste from the system without purging. It is far more pleasant to take than soda.
