Deseronto, Nov. 3.—The Deseronto High School lost one of their best rugby players, today, in the person of William McMaster (Mack) Perry. He left for Montreal, where he will spend a few days with his brother proceeding on to Kenogami, Que., where he has secured a position with the Price Lumber Co. He will be greatly missed by his many friends as evidenced by the number that were at the station this morning to give him a sendoff and wishing him the best of luck in his new surroundings.

Became So Weak Could Hardly Stand

Mrs. Wm. Palmer, Tomahawk, Ont., writes: "Last spring I had a long spell of sickness and became so weak I could hardly stand. I could not sleep at night as the least little noise would wake me up. I tried blood tonics and other nerve pills, but they did me no good, and I was getting worse. I wrote my mother about my condition, and she sent me three boxes of

After the first box I was feeling much better, so I kept on until I had used the three boxes, and now I feel as well as ever I did when I was a young girl. Price 50c. a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Milk And Sugar Combined For Cooking.

Have you ever noticed how, in making sweetened drinks, a professional always uses a bottled sugar syrup? It is to get that wonderful flavor and consistency that marks a perfect combination of the liquid and the sugar. Many a good cook has vastly improved her recipes by using Eagle Brand Condensed Milk for this very reason. The milk and sugar are thoroughly combined (almost pre-cooked, you might say) so that results are obtainable that could not be expected if you mixed the sugar and milk yourself. Having the milk and sugar already blended is a great advantage. Aside from saving sugar—and the trouble of mixing—there is the certainty of a finer flavor to the dish. The condensed milk combines quickly and easily with all other ingredients—and binds them closer together—and gives the recipe a smoother texture. Another advantage of condensed milk is its convenience. One can keep several cans on hand as it keeps perfectly, so there is no such thing as running short, but rather a certainty of pure, fresh milk whenever it is required.

SAID ON THE SIDE

"Red" Ryan, confined in Portsmouth penitentiary, has invented a lock for mail bags. And it is a lock that even "Red" himself cannot pick.

No doubt "Red" got the idea from his surroundings, which abound with locks and keys.

Wet or dry? This is the slogan on the streets these days.

The election for the Legislature appears to be diverting attention from the municipal campaign.

A man who was penniless in 1890, has just bought a building in Philadelphia costing \$1,000,000. This man certainly had the "Go Get It" spirit.

"Mayor Throws Wrench in Machine," says local newspaper heading. At any rate this sounds better than "passing the buck."

"Wonders of the city are driving boys and girls from the farm," said a speaker at a Kingston banquet. Surely there are enough wonders on the farm to attract the boys and girls.

"He gave his bit," applies to the youngster who gave fifteen cents to the canvassers who called at his home on behalf of Queen's Endowment.

Over-Subscribed the Fund.

A week ago ten teams of men of St. Andrew's Presbyterian Church, Perth, inaugurated a campaign to raise \$50,000 to erect a new church. The campaign ended Monday night with a final banquet and when all the returns of the day were recorded it was found the sum of \$54,322 had been subscribed. Intense enthusiasm prevailed in St. Andrew's Hall, where a large congregation had gathered to hear the final returns. Rev. Dr. McLeod, pastor of St. Andrew's Church, presided, and several addresses were given by the different commanders and captains of the teams.

Hooked a Fine Fish.

Isdell Wagar, Nanapanee, had some sport while trolling down the river. He hooked a maskinonge, and after about one half hour's fight he landed him, and when weighed he tipped the scales at thirty-two pounds.
