Mrs. Ernest Hess, of the staff of the Halifax Conservatory of Music, received on Friday last at her attractive suite, "The Lindens," Queen street, for the first time since her location here, many friends calling and among the guests being noted many musical people. In the drawing-room the flowers which provided the decorative touches were chrysanthemums, long stemmed and of a warm gold. In the dining-rooms there were flowers of the same species, but of a vivid pink, and here there were pink candles. Mrs. Hess, who was assisted in receiving by Mrs. A. L. Melvin, president of the Halifax Ladies' Musical Club, looked very attractive indeed in a gown of pink crepe and her wedding gown—with cream Chantrelle lace and pearl trimming. Mrs. Melvin's gown being of powder blue flat crepe. Tea and coffee were poured by Mrs. Harry Dean, Mrs. M. B. Dreyer and Mrs. Evans Peckham, those who assisted in serving being Mrs. Harold Tanner and the Misses Joan and Dorothy Fraser, little Miss Elsie Tanner making a pretty portress. Inverary's Garment-Making Club. On Saturday evening, Nov. 6th, Mrs. Ira Darling opened her home to the young ladies of Inverary, where her grand-daughter, Miss Daisy Lake was the hostess. There was a complete surprise in store for the girls and they were very curious to know. Miss Olga Arthur in a few well chosen words made an earnest appeal to each and every one of the girls to help her and Miss Lake organize a garment making club. The meetings are to be held every two weeks at the different homes between the months of November and April. At these meetings certain garments are to be made, and in April the government sends out a lady who judges the work and grants certificates to the girls who have successfully completed their sewing. It was decided to hold social evenings in the Agricultural Hall every month. A fee of five cents is charged for membership, a fine of one cent for those missing meetings, and ten cents for lunch.

The following officers were elected: honorary president, Mrs. F. S. Ferguson; president, Miss Daisy Lake; secretary treasurer, Miss Zella Darling, press reporter, Miss Olga Arthur, sewing leader, Mrs. Ethel Lake. The first meeting will be held Wednesday afternoon, November 17th at the home of Miss Olga Arthur.

That everyone who like it had pumpkin pie for dinner on Thanksgiving Day. And such a day. Real Indian summer, with the soft haze, the blue sky veiled with fleecy clouds and a mild air that made the various outings a delight. In the city and in the country family parties gathered around the dinner table and the boys and girls home from school or college from the business and pleasures of their daily life, found that home is a fine place after all and that the dinner mother can cook is better than the most elaborate feasts in up-to-date hotels.

That we are right in the big Queen's week and are ready to welcome home the Old Boys and Old Girls. Some of them will find a great change and will hardly believe that the Douglas Library can be standing on the old campus where they watched the rugby games that went toward the winning of the first Dominion championship. Others will have tender memories of dances in Convocation Hall and of band nights in the old rink. The stately pile of buildings will fill them with pride and they will see that Kingston has grown after all and that Queen's has helped her to do so.

That once more a Kingston lady has been elected as president of Queen's Alumnae Association and the secretary is also a Kingstonian. Miss Lillian Morat was the last Kingstonian to fill the important office of president of the General Queen's Alumnae.

That we have been asked to suggest that more Christmas cards that refer to the religious festival of the Birth of Christ be offered for sale. Santa Claus is all right, and we all hope for a visit from him, but after all it is the Birthday of the Babe of Bethlehem we keep of December 25th and we are told it is difficult to get Christmas cards with any reference to that stupendous event.

That the I.O.D.E. will have their annual Armistice Day service at the cenotaph when the two minutes silence will be observed and the people stand with bowed heads. Two minutes! It is not much to give from our work and our play when more than sixty thousand young Canadians gave their life for the empire.

PINEX for Coughs. ONE IN TEN DIES FROM CANCER.

In civilized countries, 1 in 10 deaths after 40 is due to cancer, and the rate increases yearly, a terrifying tribute we pay to the God of Un-natural food. Simple races eating natural foods have no cancer, tuberculosis, flu, pneumonia, appendicitis or other terrifying disease. Such races grow large, live long, and die only of old age or accident.

By eating natural foods, one may avoid most diseases, even colds, the starting point of so many serious diseases. Dr. Robert G. Jackson has not had even a cold since 1912, while previously he suffered constantly from colds. Living largely upon natural foods, nuts, fruits, vegetables, Roman Meal, milk, has kept him free from every form of sickness, by making normal blood. His dietary will do the same for you.

Dr. Jackson is dietetic editor, "Archives of Therapeutics," New York, a physicians' journal; advisor to "Defensive Diet League," a physicians' association. Send for his free leaflet, "How to Keep Well," to Robert G. Jackson, M.D., 321 Vine Ave., Toronto, Ont.
