

Easy to Gain With Yeast and Iron

New Combination of Yeast with Vegetable Iron—Quick Way to Build Up Weight

This new combination of yeast vitamins with vegetable iron, renews the action of sluggish blood cells, drives out dangerous body poisons, increases energy and endurance and supplies the system with the vitamins that build up weight.

For years yeast has been known as a rich vitamin food, but not until we perfected "Ironized yeast"—which comes in concentrated tablet form, was it possible to take yeast and iron in the right proportions to build up weight.

Vegetable "Iron" when combined with yeast is quite easy to digest, therefore better for the system. And "yeast" when ironized becomes just twice as beneficial as ordinary yeast or cake yeast.

Ironized Yeast tablets are composed of concentrated food elements, therefore, they are pleasant to take and free from drug-like effects. If you are under weight, do not enjoy good health, lacking in energy and force, "Ironized yeast" tablets will pick you right up, and if they fail, you get your money back.

Sold by James B. McLeod and all good druggists, at \$1.00 for a large 60-tablet package or sent direct from laboratory on receipt of price. Ironized Yeast Co., Fort Erie, Ontario, Canada.

GOVERNOR-GENERAL IN THE CITY FRIDAY

His First Visit to Kingston Since Taking Office at Ottawa.

Lord Willington, the new Governor-General, will arrive in the city about 4 o'clock Friday afternoon, for his visit to Queen's University. His special train will arrive over the C.P.R., and will leave about 9.30 o'clock Friday night.

Arrangements had been made for a welcome at the station by various organizations of the city, but a recent communication from Lord Willington said that as the visit here is quite private, he does not desire any civic or military welcome. In the near future he will probably make an official visit to the city.

"Lest We Forget"
Although Monday was called Armistice Day by the Dominion Government, to-day, Nov. 11th, is standing out in the memory of the people as the real Armistice Day and the one on which to pay homage to the men who gave up their lives during the great war. The merchants and offices of the city floated their flags in memory of those heroes who did not return. Buttonhole poppies were also being worn as a sign of remembrance.

That first Armistice Day in 1918, when the news coming over the wire at six o'clock in the morning awakened the city to a state of rejoicing and thanksgiving, stands out in the memory of the people everywhere. Each succeeding year has seen fitting services of remembrance and this year the service at the cenotaph in Macdonald Park and the memorial service in Memorial Hall will be held for that purpose.

In the year of 1918, the order was given by King George that all places throughout the Empire should observe the two-minute silence at 11 o'clock in the morning. This morning at 11 o'clock, the two minutes of silent reverence was observed throughout the British Empire.
