Warning to Horse Owners

The Humane Society wishes to notify horse owners that there is a small outbreak of shipping fever within this city and our veterinarians advise all owners to keep their stables well ventilated and in a sanitary condition, and also to avoid public watering troughs and contact with strange animals as far as possible.

It is further recommended that any animals showing symptoms of the disease should at once be put in the care of a veterinarian.

AMUSEMENTS

What the Press Agents Say About Coming Attractions

AT THE CAPITOL.

"Volga Boatman," Cecil B. De Mille's Greatest Picture.

It is not an advertising agent, but Cecil B. De Mille himself who comes forward with the unqualified statement, that, in his opinion, "The Volga Boatman," his latest independent screen production, is the greatest picture he has ever filmed. "I know such a statement sounds like a billboard," says the producer of "The Ten Commandments," "but inasmuch as I have only made this very broad statement once before in my career of fifty pictures, perhaps the underline will be accepted."

"The Volga Boatman," will be shown at the Capitol Theatre Monday and Tuesday. Featured are William Boyd, Elinor Fair, Victor Vargoni, Kosioff, Julia Faye and Robert Edison.

Kingston music lovers have a special treat in store for them at the Capitol Theatre this week, when Miss Helen Huggard, mezzo contralto, will present a repertoire of vocal selections. She will render, Monday and Tuesday nights, "The Volga Boatman" in conjunction with the photoplay of the same name.

LAI D TO REST.

Funeral of the Late Patrick James Melville.

The funeral of Patrick James Melville took place on Monday morning at St. Mary's Cathedral, where requiem mass was sung by Rev. Father Shannon. The late Patrick Melville was well-known in Kingston and county. The pall-bearers were Peter Clark, John Goodfriend, John Driscoll, Robert Foley, Robert Simpson and James Brown.

Deceased lived at 67 Rideau street and was formerly a farmer on Howe Island. He is survived by a wife, three daughters, four sons, two sisters and one brother, namely: Mrs. Leo Gavin, Morse, Sask.; Miss Bertha of Trenton, and Miss Catherine at home; Edmund, of Drumheller, Alta.; and Patrick, Michael and Bernard, of Vancouver; Mrs. James Brown, Wolfe Island; and Mrs. Mary Hogan, Kingston; and Dr. E. J. Melville, St. Petersburg, Fla.

Revising the Voters' Lists For the Provincial Election

Judge Lavell, as revising officer for the riding of Kingston and Portsmouth, held the first session at the Court House this afternoon, to correct the voters' lists, which will be used at the coming provincial election. Dr. W. W. Sands acted as revising officer's clerk. No registrars are appointed in this election as was the case in the Federal election and anyone who wants a name added or taken from the lists, must appear before the judge. The court meets again on Tuesday, Wednesday and Thursday, with evening sessions on the last two days.

He Will Not "Preach."

San Francisco, Cal., Nov. 15.—Dr. James L. Gordon, pastor of the wealth First Congregational church of San Francisco, is quitting his pulpit to "preach." His sermon is set forth in an article written by himself in the December number of a magazine, in which he declares he will organize a "metropolitan church" in some suitable American city, and will preach to Catholic, Protestant, Jew and Oriental alike. "Nobody will be asked to 'believe' anything, or to 'subscribe' to any creed, or to 'join' an organization," says the article.

Dynamitards Reach Kingston.

William Butler and Clare Delee, Barrie, sentenced to terms in Penitentiary, at Barrie recently, in connection with dynamiting outrages there, reached the prison today. The two with William Skelly, also sent to prison, were responsible for the attempted blowing up of St. Mary's Church at Barrie, last June.

Rotary Club Dance.

The Rotary Club will give a complimentary dance to those who took part in "Rotary Chuckles." The dance will be held in Ontario Hall on Thursday night. The Rotarians will play the part of hosts.

Voters Are Added.

A session of the Court of Revision was held in Portsmouth village Saturday morning and afternoon. J. B. Walkem, K.C., presided at the court and quite a few names were added to the list of voters.

Judgment Reserved.

Toronto, Nov. 15.—The second appellate divisional court today reserved judgment on the appeal of Mrs. John Waddell, widow of a former member of the staff of Queen's University, Kingston, who sued the University claiming a pension of \$1,000. The action was dismissed at a trial by Chief Justice R. M. Meredith.

Tanners Beat Cadets.

The Tanners soccer team scored their first win of the season Saturday when they defeated the R. M. C. Cadets by a 2-1 score. They have been improving greatly and with more practice they should make a real strong and fast team. The game on Saturday was interesting and productive of thrills.

Tanners: Goal, Layfield; backs, Edwards, Griffiths; halves, Hurst, Taylor, Livessay; forwards, Doherty, Brown, Ashton, Robust, McBride.

R.M.C. Cadets — Goal, Birks; backs, Kennell, Pollard; halves, O'Kelly, McKay; forwards, Grogan, Fell, Wolfe-Merton, Mooney, Talbert, Buell.

SPORT

THREE QUEEN'S MEN ARE IN HOSPITAL

Reynolds, Baldwin and Voss Recovering From Saturday's Big Game.

"Honey" Reynolds, inside wing, Fred Baldwin, quarterback, and Carl Voss, half-line player, are the three hospital men of the Queen's squad today. Reynolds was badly injured on Saturday in the last quarter and was carried off the field. He suffered from a slight concussion, an injured shoulder and the ligaments of one of his knees were torn. He has recovered from the concussion and his shoulder shows improvement but the knee injury is painful and will keep Reynolds out of the game for some time.

Baldwin and Voss, though they were able to be around Saturday night, were ordered into the hospital this morning to rest up and recuperate from bruises and scars of Saturday's battles. Neither is injured to any great extent but a rest-up for a few days was deemed advisable.

K.C.I. Won Out In Ottawa Game

The Kingston Collegiate rugby squad trampled the Lisgar Collegiate of Ottawa under a 13 to 5 tally, at Lansdowne Park, Ottawa, Saturday, in a sudden-death game, of the semi-finals for the inter-scholastic title. The game was played on a snow covered field. Ottawa made their first points with a touch in the first five minutes of the game.

Kingston Collegiate got eleven of their points by rouses, distributed throughout the game. Ten of these rouses were by Harold Buck and one by "Weenie" Day. The other two points came near the end of the game when they got a safety touch.

The Kingston team was as follows:—Snap, Patterson; middies, England, Smith; insides, Dupre, Waugh; outsides, Draw, Ball; halves, Gibson, Day, Buck; flying wing, Connolly; quarter, Boyd.

Funeral of E. H. Hurd.

The funeral of Elliswood H. Hurd was conducted on Saturday from his late residence, Stephen street, to the Gananogue cemetery. Rev. J. W. Stephen, Kingston, and Rev. C. E. Kidd, Gananogue, took charge of the service. Mr. Hurd, a carpenter, and contractor, died suddenly from pneumonia on Friday night.

Deceased man was born in Thornbury, Ont., and about forty years ago married Elizabeth Bravendf, Strathroy, and went to Gananogue to take up residence. He lived there and engaged in his trade until about fifteen years ago when he came to Kingston. The late Mr. Hurd made many warm friends, both in this city and in Gananogue. He is survived by his wife, one daughter, Mrs. F. J. Miller, of Brockville, and two sons, Franklin and Gordon, of Buffalo. The bearers were J. B. Emmons, W. McLeod, W. Birmingham, J. Fisher, J. Doyle and J. Bell.

SATURDAY'S SMALL SCORE.

The small score of 3-1 in Saturday's game has been repeatedly remarked on. A local fan stated today that in going over the score records in the Intercollegiate, such a score as low as 3-1 could not be found for such a game as this. In most cases the scores have been in the two numbers such as 11-5, 17-3 or such scores but a small score such as was made in Saturday's game evidently establishes a record.

GIRL GRADUATES PLAYED.

The girl graduates of Queen's, who were back for the reunion last week played a game of basketball with the inter-year champions on Saturday morning. It was a snappy contest and provided plenty of excitement for the gallery of spectators.

OUT AFTER DUSKS.

J. S. Donell, Secretary of the Athletic Board and a party left this morning on a duck-hunting trip. The hunters expected to land back with enough ducks to last for a few weeks.

QUIET AFTER STORM.

There was a lull around Queen's this morning after the big storm that has raged all through the last week over the excitement of the Varsity-Queen's game. Queen's will start heavy work again in a day or two in preparation for their game against the winner of the McGill-Varsity game of next Saturday.

R. M. C. JUNIORS PLAY.

R.M.C. and Varsity III meet at the George Richardson Memorial Stadium on 2.30 o'clock in a junior intercollegiate game. The R.M.C. juniors are winners of the Eastern Intercollegiate section and Varsity of the Western.

EACH GETS THIRD.

In connection with the intercollegiate playoffs, it is announced that the gates in Toronto and Montreal will be split three ways after the expenses have been deducted. Varsity and McGill were both averse to playing in Kingston.

Find Ancient Chinese Drug Good for Colds

Used by the Chinese for more than 5,000 years as a treatment for asthma, ephedrine has been found good for colds, as an anesthetic and for raising the blood pressure or arresting bleeding in cases of hemorrhage. These uses are partial results of research conducted with the substance at the university of Wisconsin. Experiments are under way to determine if the drug is beneficial in treating hay fever. According to Dr. Ko-Kuei Chen, scientist at the university, ephedrine is considered superior to adrenalin in raising the blood pressure as its effects last over a longer period. The ancient Chinese doctors found that the substance caused muscles around the air passages in the lungs to relax, thus promoting easier breathing. The same experience has been met with in tests conducted with the drug at large clinics in Pennsylvania and Minnesota.

WEDDINGS.

Armitage—Hamilton.

At high noon on Monday, November 15th, the home of the bride's mother, University Avenue, was the scene of a pretty wedding, when Clara Isabelle, only daughter of Mrs. and the late Mr. William Hamilton, became the bride of Mr. Harold F. Armitage, B.Sc., youngest son of Mr. and Mrs. E. Armitage, Deseronto.

The ceremony was performed by the Rev. T. W. Savary, under an arch of ferns and chrysanthemum. The bride, who was given in marriage by her uncle, Mr. William Healey, wore a gown of beige georgette, with gold hat and carried a shower bouquet of sweetheart roses and lily-of-the-valley. The wedding music was played by Miss Elizabeth Douglas. After the wedding luncheon, the happy couple left on a short honeymoon. They will reside in Syracuse, N. Y.

OBITUARY

Mrs. A. Gising.

Word from Toronto was received in the city of the death of Mrs. A. Gising, widow of Albert Gising, formerly of Kingston. Mrs. Gising was ill less than a week and her death was rather a shock to her many friends. Mr. and Mrs. Gising resided here for many years, leaving Kingston to live in Toronto. Mrs. Gising leaves to mourn her passing four sisters, Mrs. William Kemp, Kingston, Mrs. S. M. Lee, Windsor; Mrs. Kennedy; Toronto, and Mrs. E. C. Ludtke, of Okotoks, and three brothers, William Vesle, of Edmonton and John and Charles, both of this city.

Reported That Madoc Bailiff Had Been Shot

Peterboro, Nov. 15.—The police are investigating a report that Charles St. Charles, bailiff for Madoc, was shot when he went to the home of Abraham Robinson, 12 miles west of Eldorado, to make a seizure for non-payment of taxes, at noon to-day. A telephone call to this city requested a doctor and Mr. St. Charles' daughter, Mrs. Barry.

FALL ART SHOE.

Black satin and the new corn flower blue kid make this "nouveau art" shoe for fall.

An English scientist has designed a belt containing compressed air which escapes around the body of the wearer. It is intended to be used by miners.

"New Talcum powders" Gibson's.

DOG'S CROSS EYES CURED WITH GLASSES

Glasses with special lenses, which were changed frequently, were fitted to a valuable Chow puppy to straighten its eyes.

Which Wheel for New Tire?

To obtain the longest mileage, the two best tires on a car should be placed on the rear wheels. Some drivers assert that the best tires belong on the front to minimize the danger from blowouts and the risk of losing control of the car, but this hazard is considered negligible, and the real fault usually lies in the driver losing his head. The spare should replace the more worn of the rear tires at the end of several thousand miles of driving. On new cars, all tires may remain as originally placed for several thousand miles, then the front ones should be put on the rear wheels.

Mowing Heavy Grass

When lawnmowers are crowded to cut thick and heavy growths of grass, the stationary cutting bar and supporting roller frequently jump or "buck," leaving unsightly patches of long grass here and there about the lawn. By attaching the spring-and-roller device shown in the drawing, this trouble is readily overcome. The main leaf from a discarded wagon seat spring is bolted to the underside of the mower handle so that the two small wood disks, or wheels, mounted on the free end of the spring, will rest upon the wood roller of the mower when the handle is pressed down. In ordinary use, the spring plays no part, but when the mower is driven into rank grass, the handle may be held low enough to bring the rollers in contact, thus holding the rear part of the mower against "bucking."

MOVIES NOT HARMFUL TO EYES

If you can read, write or do other work without tiring your eyes, there is no harm in going to the movies, specialists in eye diseases say. Tests with 150 persons showed that those who suffered eye fatigue after watching a motion-picture film, also became tired when doing other work that affected the vision, so that the movies were not responsible for the trouble.

Sawdust Soaked in Arsenic to Kill Mosquitoes

Sawdust immersed in a weak solution of water and arsenic and scattered over breeding places from airplanes, is being tried by the United States marine corps as a means of eradicating the mosquito. The method is said not to be injurious to fish, birds or persons, because the gas is diluted.
