

e Daily British W

Reported That Mayor Not To Be Candidate

Rumored That He Has Received Government Appointment-Battle Between Hon. W. F. Nickle and Ald. T. A. Kidd-Arrangements for the Nomination Speeches.

The British Whig is informed on good authority that Mayor Thomas Angrove will withdraw from the present election contest within twenty-four hours. It is now practically settled that his name will not be placed in nomination tomorrow.

It is rumored that the mayor has received an appointment from the Ferguson Government and will take up his new duties very shortly.

The retirement of the mayor leaves the field to the Hon. W. F. Nickle, the O.T.A. candidate, and Ald. T. A. Kidd, the government control candidate. This makes the issue clear, and the contest will be watched with interest all over Ontario.

Arrange For Speeches.

The present candidates for the Ontario Legislature, Hon. W. F. Nickle, Ald. T. A. Kidd and Mayor Thomas Angrove met in the latter's office at the city buildings on Friday T. forenoon, to arrange for the speeches to be delivered in Ontario Hall on Saturday afternoon, following the nominations to take place between 1

he will be given fifteen minutes to In any event it might be well at reply; if he speaks thirty minutes, the earliest possible moment to arhe will be allowed ten minutes for range as to nomination proceedings reply, and if he speaks thirty-five and addresses, minutes will be allowed five minutes | Believe me. for his reply.

Ald. Kidd will be given thirty-five

Canada's Prosperity Is Unprecedented; Its Trade Balance the Best in the World

Toronto, Nov. 19 .- "Canada was never so well off as at the present time," said K. J. Dunstan, president of the Ontario Associated Boards of Trade and Chambers of Commerce, at their annual convention in the city hall vesterday afternoon.

"Canada has the largest favorable trading balance per capita, of any country," he declared. "The Canadian dollar is at par. The standard of living was never so high.

"At the end of the first six

months of this year there was less unemployment than in the five previous half years. Construction programme was the largest since 1913. Commercial failures were the lowest since 1920. The national per capita wealth in 1903 was \$1,100. This has increased to \$2,406, in 1926."
