Agent for Standardine Radio, Exide, sales and service station, 304 Bagot street, Fred King, proproven a wonderful success and the cost is reasonable. Standardine Radios are all 5 Tube Tuned Radio resistances inserted into the circuit venting disturbing other radio users signed to meet the needs of the average householder, who cannot see the "worth while" in investing \$250 in a radio. Standardine will give you all the joy and amusement for \$75 that you will obtain out of a \$250 machine. Of course it is not highly finished as the more expensive machines, but after all, you are only looking for a machine that will put you in touch with the best that Radio Broadcasting has to offer. Standardine brings in the very best of the broadcasting programmes and does so with clarity, purity of tone and almost perfect modulation. Mr. King will be pleased to demonstrate this Radio set for you. He also has the exclusive agency for Exide Batteries for all makes of automobiles and Radio sets. These batteries are known for their excellent qualities.
