All Welcome Come

To the Electors of Kingston and Portsmouth

LADIES AND GENTLEMEN:—
Having been chosen as the regular nominee of the Conservative Party, I respectfully solicit your votes and influence to elect me as your representative in the Ontario Legislature.
I am whole heartedly in favor of the Ferguson Government and the Ferguson Policies.
Yours Sincerely,
T. A. Kidd

TO THE ELECTORS OF FRONTENAC-LENNOX

LADIES AND GENTLEMEN:—
Having been duly chosen as the Liberal-Conservative candidate for Frontenac-Lennox at the convention in Ottawa, I respectfully request your votes and influence to return me to the Legislature in support of the Ferguson Government, and the Ferguson policies.
I appeal to you with confidence and upon my record of 15 years in the Legislature, as well as upon my record not only as a temperance man personally but as a strong advocate and supporter of every measure and act designed to help the cause of real temperance for which the Liberal-Conservative party has always stood, for I am convinced that the people of Ontario have not forgotten and will not forget that it was a Liberal-Conservative Government that gave to this Province its first real temperance legislation.
If elected I pledge myself also to continue my efforts to secure for this section of the Province further grants for highways and good roads, in which I have always been vitally interested, and to obtain for Frontenac-Lennox, fair and just recognition in all Governmental matters, while I will co-operate heartily with the Government in its desire to improve the social, moral, educational and financial condition of the people, keep down expenses and reduce taxation.
My record is before you and the record of the Ferguson Government is likewise before you. On my own and the Government's record I accordingly appeal to you for your support.
Owing to the shortness of the campaign, it will be impossible for me to make a personal canvass of the Riding and hence I take this means of making this personal appeal to you through the columns of the public press.
