Look For Big Score Over "T"

Utmost Confidence Felt by Queen's—Stollery Story Created Amusement.

The Queen's team boarded the 1.27 train for Toronto Friday at noon in their quest for the 1926 intercollegiate championship and there was not a man in the squad from Coach Bill Hughes down, who didn't believe that the Tricolor would emerge victorious over Varsity tomorrow at the Toronto stadium. Hundreds of fans, forming the advance party of the contingent for Toronto, left on the same train with the players but hundreds more are leaving tonight and on the special in the morning.

Up at Queen's this morning high enthusiasm prevailed and Coach Hughes was one who expressed great confidence of a Queen's victory. "I've got a hunch we'll skin Varsity tomorrow and bring back the skins to hang up in the Athletic Board office," he said. Captain "Liz" Walker, "Irish" Monohan, Harry Batstone, Dr. Campbell and others expressed the greatest confidence of a win tomorrow and the players feel that they will hand the Blue and White a rude jolt. Never before have Queen's shown such confidence.

Reports from Toronto that Howard Stollery was seriously injured and might not play, created considerable amusement here. This bit of "hot news" from Toronto was regarded as mere "guff."

The players at the same time hoped that he would play and that all the rest of the Varsity team would be in shape. They want to meet Varsity at their best. Reports from Toronto at noon today were as expected. Stollery's injury is not at all serious and he will play.

Nothing remains now but this big game. Queen's will enter the game at top shape and they hope Varsity will be the same. They do not fear Snyder, Trimble, Stollery or anybody else and they feel every confidence. Queen's supporters look for a big score over Varsity.

SARNIA GETS LEAD

Sarnia, Ont., Nov. 26.—The Sarnia Imperials won the first game of a home and home series against Kitchener here to decide the O. R. F. U. championship by a score of 8-3. The game was ragged throughout, high tackling and numerous penalties featuring. Kitchener showed up splendidly and Sarnia's margin of victory came through a fumble on the two yard with the subsequent touchdown. Sarnia had a decided margin in the first half, but in the second the visitors came back strong and though they netted only one point they had the margin of the play.

HOCKEY ORGANIZATION IN PLENTY OF TIME

Leading Hockey Worker States That Kingston Will Be on Hockey Map.

Hockey is not dead in Kingston by any means," said a leading hockey worker to the British Whig on Friday morning. There has been a report that there was nothing to be done in hockey circles and that it looked bad for the sport this winter. There has been no definite steps taken as yet, but there is plenty of time, and you can be assured that Kingston will be on the hockey map again.

It is expected that there will be a strong junior team and also an intermediate team, if sufficient material can be secured. It is stated that organization will take place in plenty of time.

Kiwanis and O.T.A.

To the Editor of The British Whig: The Kiwanis have circulated a splendid little sticker giving good advice. It reads as follows, namely: "VOTE—as you please—but be sure and VOTE."

Now, the question is: What are we asked to vote for? In my judgment, two things:

First—For Hon. W. F. Nickle and the O.T.A. to try and make it more efficient, in stopping illicit traffic, and all other traffic, in strong drink, for beverage purposes.

The writer admits that he, himself is capable of improvement, and I may suggest that every one who reads this short article, will admit that he or she is, likewise, capable of improvement. Just so, the O.T.A. is likewise capable of improvement. But, because this is so, are we to throw away our lives, because we grow tired of the struggle at times. God forbid! Then, are we to throw up the whole O.T.A., with all its good and bad features, and swing to the antithesis of the whole spirit of the O.T.A., and vote for.

Second—Mr. T. Ashmore Kidd and Premier Ferguson's Government control? And what does that mean, when you strip it of all the fine dress that has been provided for it, so that one might think that the Government control system was the Angel of Light and the O.T.A. was the Angel of Hell. But what does government control mean? Simply this: To give to all people—old and young—all the booze they wish to have, and the Government the bartender.

Electors, will you not think it all out thoroughly for yourselves, and then "vote as you please?"

ELECTION STIR CAUSED.

District Returning Officer in Ottawa Struck From Lists.

Ottawa, Nov. 26.—With the removal of D. J. Wagner from the list of district returning officers for the North Ottawa riding in the approaching provincial election, a noticeable stir was caused in the capital's political circles. Mr. Wagner, an expert that he was dismissed from office because of his avowed support of the prohibition cause in the constituency, but this is denied by George Donaldson, returning officer for the North riding. The latter claims that when he advised Mr. Wagner if he did not cease his political activities he could not serve as a neutral deputy returning officer, Mr. Wagner replied: "All right, replace me."

It is held in prohibition circles that, under the Electoral Act, an electoral officer, once sworn, in may only be dismissed for incompetency, that he may take part in the campaign and still act as deputy returning officer on election day.
