### Map of the U. States and the Canadas.

To the Public.

**THE** subscriber acknowledges with gra-  
titude the liberal patronage he has re-  
ceived from his friends and the public, to  
the MAPS he has compiled of the state of  
New York, Upper and Lower Canada, and  
to acquaint them that his residence is No.  
550, Market Street, Albany, where his Maps  
are for sale. These will be found highly  
valuable not only to the Inhabitants of the  
northern states, but also to European and  
Southern gentlemen travelling to the falls of  
Niagara, through the Canadas, or elsewhere ;  
as they will find the counties, towns, villages  
and roads generally correctly delineated.

The subscriber having issued proposals  
sometime past, for publishing a new Map of  
the United States, Upper and Lower Cana-  
da ; to which he has already obtained a  
most respectable subscription of about two  
thousand names, flatters himself that from  
his long experience in surveying, compiling  
and publishing of Maps, which has employed  
23 years of his past life, together with his un-  
wearied exertions in travelling the tour of  
the United States, for the express purpose of  
collecting and delineating such manuscript  
matter as has never heretofore been publish-  
ed, will render this work highly interesting,  
and secure public confidence. The subscri-  
ber relies on the merits of his work, with his  
laudable exertions to promote private interest  
and general improvement, to assure him an  
adequate reward.

States in sheets. Nine Dollars.
