Map of the U. States
and the Canadas.

To the Public.
THE subscriber acknowledges with gratitude the liberal patronage he has received from his friends and the public, to the MAPS he has compiled of the state of New-York, Upper and Lower Canada, and to acquaint them that his residence is No. 550, Market street, Albany, where his Maps are for sale. These will be found highly valuable not only to the Inhabitants of the northern states, but also to European and southern gentlemen travelling to the falls of Niagara, through the Canadas, or elsewhere; as they will find the counties, towns, villages and roads generally correctly delineated.

The subscriber having issued proposals sometime past, for publishing a new Map of the United States, Upper and Lower Canada; to which he has already obtained a most respectable subscription of about two thousand names, flatters himself that from his long experience in surveying, compiling and publishing of Maps, which has employed 22 years of his past life, together with his unswerving exertions in travelling the tour of the United States, for the express purpose of collecting and delineating such manuscript matter as has never heretofore been published, will render this work highly interesting, and secure public confidence. The subscriber relies on the merits of his work, with his laudable exertions to promote private interest and general improvement, to assure him an adequate reward.

The Price of the Map of the United States in sheets, Nine Dollars.
Made portable in a book, Eleven Dollars.
Mounted on Rollers coloured and Varnished, Thirteen Dollars.
