TO THE PUBLIC

T the coste of the first year of its opa Al era ion, the Directors of the Queter Fire Assurance Company, feel themterves bound to express their acknowledgence ts and thanks for the great and anpiec lented encour agement this new Establishment has experienced from an enlightened public. And at the same time they congratulate their fellow citizens, and the inhabitants of these provinces generally, on the complete attainment of the object this Company was affociated for ; in the foort space of fix months from the day the Office was opened, Premiums of Insurance against Fire, were lowered to less than half the former rates; and at this moment, in many inflances, property is infured at, or under one third the rates of premium charged 12 months ago ! That the Establishment of the Quebec Fre Office has effected this, is indisputable-It cannot therefore be too strongly inculcated, or too often repeated, that to support this company to the utm It of your power. by giving them a preference of all Infurances intended to be effected against fire, is the on y effectual means of enabling them to continue their exertions, and confequently of preventing monopoly, and a recurrence to the former extravagant rates of a remium.

For the prompt and honorable fettles ment of all losses, the Qu bec Fire Office off r you the fecurity of nearly three hundred of the most respectable of your fellow citizens, exclusive of a large sum of money in the possession of the Directors for fudden emergencies. No delay or indulgence will be required, nor any unworthy evafions made use of in the fulfilment of their engagement the moment that a loss is ascertained.

This company will continue to infure pr perty in all parts of these i rovinces, on the most moderate terms.

And the cirectors have the utmost confidence that a discerning public will univerfally and heartily come forward in support of an institution whose futur exertions can alone maintain and render permaneet the great advantages that it has in for shor a period been productive of to the Country at largo
