

On Monday night there was one of the most awful thunder storms that we ever witnessed. The lightning was exceedingly vivid, the peals of thunder shook the houses to their foundations, and the rain fell in torrents. A large pine tree, about a quarter of a mile from the Town, was struck by the electric fluid, and torn into a thousand pieces, but we have not heard of any buildings being injured, or lives lost.—Herald.

**CASUALTY.**—An Inquest was held on the body of a man found drowned on the morning of the 16th at Mr. A. McDonnell's wharf. From the time that the body had been in the water it could not be correctly ascertained. It is, however, conjectured that it was one PALL, formerly of Montreal, having a wife and two children residing in that city. Several papers were found in a trunk said to be his, among which is a certificate as to character from E. B. Waldron, Drumla, Ireland, to one Mary McCombs, said to be the name of his wife.—Com.—ib.

### TO THE KING'S MOST EXCELLENT MAJESTY.

**MOST GRACIOUS SOVEREIGN,**  
We, Your Majesty's most dutiful and loyal subjects the Legislative Council and Commons House of Assembly of Upper Canada, in Provincial Parliament assembled, humbly beg leave to express to Your Majesty our unfeigned sorrow for the affliction which the British Empire has sustained in the death of a Sovereign, in whose just and glorious reign she had attained to a height of power and renown unequalled in the proudest periods of her history.

The virtues which have so eminently distinguished the princes of your Majesty's illustrious house have been ever signally displayed in favor of this province, and we can with great sincerity assure your Majesty that this faithful and loyal Colony yields to no portion of your Majesty's dominions, in the love and veneration with which its inhabitants regard the memory of your late royal Father, and of that illustrious monarch whose recent demise occasioned the most profound grief throughout the British Empire.

We feel, in common with our fellow subjects of the United Kingdom the most cheering consolation in having, in the person of your Majesty, the succession of another prince inheriting that regard for freedom, that love of justice, and that benevolence which so distinguished the reign of the august Sovereign from whom we derived our Constitution. And, on this first occasion which has presented itself since your Majesty's accession, we desire to oblige to the throne the assurances of our most faithful and affectionate attachment to your Majesty's person and government.

Deeply impressed with the conviction that your Majesty regards with paternal anxiety every portion of your extensive empire, we rejoice to be able to express to your Majesty our conviction that, in all the dominions of your Crown, there is not a colony or country in which the people are enjoying a greater degree of prosperity and happiness than in this peaceful and flourishing province.

Exempt from those causes of distress which afflict so many portions of the world, your Majesty's subjects in Upper Canada are pursuing with industry and success the labors of agriculture and the enterprises of commerce, under circumstances of peculiar encouragement from the great natural advantages of this Province, and from the favorable terms on which its productions are admitted into the ports of the United Kingdom.

Enjoying these blessings in peace, and secured in the possession of liberty and property by a free constitution and by just laws, the people of Upper Canada fully appreciate their happiness in forming part of that great Empire over which they earnestly pray that your Majesty may long enjoy a glorious and a happy reign.

Speaker.

### THE CLERGY RESERVE QUESTION.

In amendment, Mr. Sol. Genl. seconded by Mr. Burwell, moves that it be RESOLVED, that the Imperial Parliament, in pursuance of the gracious recommendation of our late revered Sovereign, Lord King George the 3rd, hath appropriated for the maintenance and support of a Protestant Clergy within this Province an allotment of lands usually known as the Clergy Reserves.

That the diffusion of religious knowledge and instruction is an object of the first importance to the happiness and welfare of mankind.

That the lands appropriated for the support of ministers of Religion in this Province having been made with a view to this object, it is repugnant to the best interests of the inhabitants of Upper Canada to apply them to any other use.

That it is the opinion of this House that an humble address be presented to His Majesty, praying that His Majesty will not comply with any request which may be made to recommend to Parliament the alienation of the Clergy Reserves in this province from the purpose for which they were set apart.

That His Majesty be, at the same time, informed that it is the earnest desire of His faithful subjects of Upper Canada to appeal to the same Imperial Parliament, that conferred the land in question, to determine on such alteration in the distribution or disposal thereof, as, in their wisdom, may be deemed best calculated to carry their original intention into effect, and that this desire is expressed with a view to the final settlement of a question which has caused much discussion and difference of opinion among His Majesty's subjects in Upper Canada.

### POSTSCRIPT.

Albion Office, N. Y.  
April 16, 4 P. M.

The George Canning has this moment arrived in 23 days.  
By her we learn the important and gratifying intelligence, that the Reform Bill is virtually lost. A majority of one only being in favour of a second reading. The members were, for a second reading, 302, against 301—majority one.

Such a reform as that proposed by the Whigs was too extensive and sweeping to be adopted with any safety to the country. Things have not changed in Poland. An Armistice had taken place, and the Emperor is desirous of saving Warsaw from destruction.

The Austrians have entered Ferrara and Capri, after a battle of nine hours.
