

UPPER CANADA. PRINCE EDWARD DISTRICT SCHOOLS.

THE Rev. M. MAEUS, Principal of the Public of Prince Edward, and the adjoining Districts, that he reserves the Boarding in his house at \$40 per academic year, payable Quarterly.

Mr. Marcus having, in the vicinity of London, and other large Towns in England, conducted a Seminary for many years, begs to assure parents and others that children entrusted to his care shall meet every preparation, as regards their health, comfort, learning, and religious principles.

The country in which the school is situated is healthy, and possessed of great beauty of scenery. The pupils are within a short distance of the established Church, and other places of worship; and also near Medical attendance. The Steam-boats touch daily at the port of Hallowell, within a few minutes' walk of Mr. M.'s residence, and every thing concurs to render the labours of a faithful teacher as effectual as they can be in any part of the Province.

Garden Island Retreat.

W. J. ELLSWORTH having received these premises, begs leave to inform the Ladies and Gentlemen of Kingston, that he has appropriated part of the house for

PUBLIC ACCOMMODATION.

The natural advantages of the situation of Parties on fishing, or merely enjoying the air, are proverbial; in addition to which there are now a Wharf and Harbour at which the largest vessel navigating Lake Ontario might moor in safety.

Although the fare kept at this solitary situation cannot, as yet, be equal in variety to what is found in the city, the advertiser trusts that few who call there shall be disappointed; and that his improvements shall keep pace with the increase of patronage. Kingston, June 3, 1835.

TO LET.

Bryce & Co., situated on the west side of Store Street, in the Town of Kingston, near the Commercial Hotel. The Hotel has been recently painted throughout and otherwise improved.

The Subscriber having kept a PUBLIC HOUSE for many years, has acquired experience in that line; and he trusts that with unremitting attention to the comfort of his guests, he will continue to merit public patronage.

PROSPECTUS.

UNDER this title the Subscriber proposes to publish a book on BANKING, dedicated to the intelligent and reflecting portion of the community, which shall convey to the Canadian Public, in a condensed form, every necessary information on this deservedly engaging subject. As the Author is, and has ever been, a student of Banking institutions, it will be with him a principal object, in as far as in him lies, to impart to his readers just ideas of their importance to the prosperity of Commercial and Agricultural communities, that in considering controversial discussions the enquiring mind may become prepared to separate the wheat from the chaff—the gold from the dross.

To this end it is his intention to notice some of the most popular works derogatory of Banking, which by their ingenuity and plausibility have injuriously prejudiced the unreflecting against a Paper Currency. Among these we reckon, pre-eminent for mischief, Colbette's "Paper against Gold" and George on Banking.

Perhaps no section of the civilized world presents to the plastic powers of an abundant and sound Paper Currency a more expanded and unobstructed field for the display of their mighty energies, than these fertile appendages of the British Crown, where Ceres and Pegasus are destined to perpetuate their genial reign,—where the bowels equally with the surface of the earth teem with embryos rich and where the abundant waters present innumerable channels to the enterprise of commerce to convey their treasures inexhaustible to every foreign clime.

Encouraging however as are indisputably the natural advantages of these regions to the industry of man, they can serve for nothing but as a reproach to his sagacity if he seek not for the aid essential to render his labors effectively productive and practically beneficial.

That such aid is alone to be found in an abundant currency, will be made clear by practical illustrations from the highest authorities; and it will be an especial object of this work so to explain the present position of commerce in relation to the precious metals, as fully to demonstrate that the advancement of the Canadas to the state of opulence for which they seem to have been destined by Providence, can only be effected through the instrumentality of an abundant Paper Currency.

The book will be 8vo. demy, and will contain at least 500 pages of close print, in excellent, clear type, on fine paper, and will be delivered in linen binding. As it will be attended with certain and great expense, a certain sale, and pay in advance, are indispensable. The expense of 500 copies has been carefully calculated, and seven shillings and six pence has been found to be the lowest price at which it can be sold, reckoning nothing for the Author's labour of compilation and original composition; for which if he ultimately obtain any pecuniary recompense, it can only arise from an excess of sale beyond his subscription list.

As every exertion will be used to render the work both entertaining and instructive, and most especially plain to every capacity, the Author, with a zealous mind intent upon the public good, indulges the hope that the community at large will, by their ready patronage, expedite the completion of a work upon which the solicitations of partial friends have induced him to enter.

Contemporary Editors in both provinces publishing this Prospectus four times, shall have a copy of the work. THOMAS DALTON, Editor Patriot, City Toronto, June 2, 1835.
