## PROSPECTUS OF A WORK ENTITLED

KEV TO THE PRINCIPLES OF NATURE. MOMPRISING the following systems as original, viz:

J .- EBS AND FLOW OF THE TIDES, Caused by contraction and expansion, thro' cold and heat, from the alternate absence and presence of the Sun. II .- GRAVITY,

By a head pressure of the electric element, acting upon all matter as electric vacuums, which I term Presstraction. III. - MAGNETISM,

By electricity as its legitimate cause, through electric vacuums, including the phenomena of the Compass by the same agent. IV .- MOTION OF THE PLANETS,

By one simple original impulse, assuming a curvilinear direction round their respective centres, by local and universal repulsion in opposition, from the electric atmospheres of their centres and universal space; thus neutralizing their orbits, relative to resistance. V .- SEASONS,

By the alternate inclination of the poles of the Earth, to and from the Sun, thus vibrating by the expansion and contraction of their at-

VI. -SATURN'S RINGS, As lunar reflectors for the polar regions of that planet.

VII.-CLIMATE, Distance of the remotest planets from the sun, as regards climate, is equalized by the

#### By Thomas Jefferson Eddy, Copy Right secured according to Law.

The above work will be published at Waterford, Saratoga county, N. Y., as soon as sufficient number of Subscribers are obtained to warrant its publication, and contain from 225 to 250 pages duodecimo, medium size, on fair type and good paper, accompanied by two engravings, illustrating the power of presstraction (erroneously styled attraction,) and universal motion. The former will be represented by a column of the electric element, as well as whatever may be interesting to our mighty energies, than these fertile appendages resting upon a mass of matter (which I style Naval and Military readers; and as we shall of the British Crown,—where Ceres and Pogravitate towards the centre of the earth, which is one common vacuum in the electric element; also including in the same engraving, a representation of the power and agent

of the magnet. The latter (universal motion,) will be represented by a drawing of the solar system with the planets surrounded by the electric element with a division of its pressure into local and universal repulsion, by which each planet is caused, from philosophical principles, to travel in a curvilinear line round its centre

by one simple and primary impetus. As the above systems are entirely original, the author feels himself justified in presenting them to an enlightened community, respectcomprises assigned causes for many of the natural phenomena, that have been looked upon by the whole school of philosophers as beyond the reach of human ken to fathom, and that have slumbered in the cradle of Nature's ar-

cana, from the commencement of time. The author flatters himself that many causes of the striking phenomena which have been deemed past finding out, will be satisfactorily explained and developed. The price of the above work, bound in sheep, will be 6s. 3d.; in calf, gilt, 7s. 6d., Halifax currency, exclusive of the duties.

WATERFORD, Saratoga Co., ? N. Y. Feb. 28, 1835.

\* NOTE .- The following definition the author has attached to his original term presstraction :- The natural power that causes bodies to approach each other, without any senday, and the Stockholders are requested to pay sible cause, through the elastic medium, electhe same to the Secretary, at the Company's tric pressure. From the nature of the real principle (pressure,) and the apparent one (traction,) causing the mutual approach of bodies or substances, without any visible cause, he has established the term presstraction. The verb presstract seemingly carries a contradiction, (press-draw.) as the real and apparent cause producing gravity involves a contradiction. Therefore, the author thinks that press- ty four columns. Subscription in the City, traction is the most appropriate term to repre-NEYMEN TAILORS, will find conas far as it involves electricity, will be endortemployment, by immediate application as far as it involves electricity, will be endorto be paid in adto be stant employment, by immediate application sed (through citation,) by the spirit of the phito the undersigned, in Store Street, opposite losophy of Franklin, relative to his electrical experiments, to establish the principles; but the applications, however, are entirely origi- to be Post Paid.

### PROSPECTUS

WEEKLY NEWSPAPER. TO BE ISSUED AT MONTREAL. The first number to appear on Saturday, th

AND TO PE ENTITIED THE TRUE BRITON

MONTREAL CONSTITUTIONAL ADVOCATE

17th October next;

" For God, the King, and the People."

When we take into consideration the number of Newspapers published within this City. ges of Shares in proportion. and throughout this, and the Sister Provinces, little ground, we confess, appears to be left for our present undertaking. Yet the incessant emigration to our shores, and the increased and increasing population of Montreal and drawn at Wilmington, Wednesday, Novemthe country at large, seem in some degree, to her 18, 1835. warrant the present essay, and to call forth the exertions of our humble abilities to the ar. duous duties of the press.

Although we do not flatter ourselves that we 3.528 Dollars-40 of \$1,000-40 of \$500-40 shall be able to complete with many of our Brethren, in exhibiting to the Merchant, the details he requires to conduct his speculations to a successful issue, or to guide bim in those he may project, yet we feel confident that to for 140 Dollars—Shares in proportion. the General Reader, the Agriculturalist, the Mechanic, and those who may neither possess et or Package, as there will be a great demand the inclination, nor afford the time, to perus. daily Newspapers, our columns will be found productive of several advantages, and win prove sources, of usefulness and amusement. In Politics, as the title we have selected

sufficiently indicates, we are Constitutional. Some travelling and observation have wrought in us the conviction that under the British Constitution, those inestimable ingredients in our happiness, "Civil and Religious Liberty," are now bere better secured and en joyed thau in Great Britain and her Colonies and under this conviction, we shall sedulously endeavour to maintain their permanancy with in this and the sister Provinces. But in ma king this confession of our political faith we lets will be sent for 130 Dollars. Halves, wish to be perfectly understood; and pledge our reputation and honor that public abuses of | for single Tickets or Packages must be addressany, and every kind, shall have our unqualfi- ed to

In Religion we are Episcopalian. Attached by principle and habit to doctrines of the Established Church of England, and to the decent propriety of its Rites, we shall zealous ly, yet temperately support and defend its tenets and temporalities whenever they may be assailed on the one hand, or prefected on the other.-While however we assert these men. We have lived long enough to hear the just and the unjust." In using this quota- in as far as in him lies, to impart to his readers tion, we do not advocate lukewarmness in the just ideas of their importance to the prosperity increase of surface of those planets, which re- faith in which me were brought up; but be- of Commercial and Agricultural communities, tains a greater proportion of light and heat, cause we sincerely believe it is not given to that in considering controversial discussions and thus maintains the same temperature with man to pronounce that his own form of profession bears the exclusive stamp of infallibili-ty. We shall therefore cheerfully grant to others what we claim for ourseites, Liberty of Conscience, and shall on all occasions that require its exercise, uphold the maxim of " Uni- Banking, which by their ingenuity and plansity in things needful, and Charity in all," as

indispensably necessary to the welfare of the community in which we live. As our constant end and aim will be, to present a Miscellany that shall, as far as possible, meet the wishes of all classes of readers, we intend to insert copious extracts from the also form a careful and extensive summary of mona are destined to perpetuate their genial Street. events that have occurred in the British Amer- reign,-where the bowels equally with the ican Provinces, and in the United States, we surface of the earth teem with embryo riches presume to hope our Publication will not be and where the abundant waters present innuof our subscribers residing in the United King-

To our Fellow Countrymen residing in the Upper Province, the events naw in progress in Lower Canada, cannot fail to impart a industry of man, they can serve for nothing deep and anxious interest.
