BYTOWN INDEPENDENT Farmer's Advocate.

To be published by the Subscriber at Bytown, on the Thursday of every week. Until it shall be deemed necessary to publish a Semi-Weekly Paper -a change that can prove beneficial to one party only, viz :he who receives two papers justcad of one.

THIS Paper will cheerfully advocate the national character and interests of every true Briton-IRISHMEN and their descendants first on the list-notwithstanding that certain old wives whose heads are bursting with loyalty, and who forget themselves and their superiors because those superiors are IRISH-so situated thank fortune! as to be above their malice or their envy.

The proprietor, will make it his study to promote the interests and prosperity of the County of Carlton and the Province in general, and will take an occasional peep into the affairs of our sister. He believes that it is impossible for one Province to prosper while the other decays, and that it is the duty of all Saturday of the present year, 1836. loyal and peaceable subjects in both Provinces to pull together for their mutual welfare. much depends upon this co-operation. In dissalanly of Great Britain, has been established Lower Canada as well as in Upper Canada | nearly Fourteen Years, and has obtained a rethere exist many injudicious laws, and many putation and circulation far surpassing the that should be amended or struck from the most sanguine expectations of its founders. Statute Book altogether, but the proprietor is This flattering encouragement has enabled the of opinion that this would be an ardrous undertaking for 800 rebels with their rifles.

The proprietor will on all occasions uphold the King and Constitution, by enforcing obe- tity of political, literary, and scientific matter, dience to the laws. He will never forget the as to render it, in the estimation of its friends, nals, praying for the creation of an equitable fostering hand of that nation which protected, one of the most efficient weekly journals in or that army which defended us, while in the the English language. cradle. May the Union Jack of Great Britain never cease to proudly wave over the Citadel embrace-Notices and copious extracts from of Quebec! The King desires to do no wrong, all the new publications of value, issuing from but who can deny that many of his Mouisters the British Press; the Debates in both Houses of and officers have covetous eyes, and that un- | Parliament, with the most remarkable Speechless the covies of both Provinces are lopped off es at length-and the general intelligence of and turned adrift to gain a livelihood by their the British Empire, the Continent of Europe, own industry, the best of subjects may become and other parts of the globe. In its lighter

receive any information concerning the misapplication of the public monies or the malefac- sparkling talent, selected with a diligence . who have at exclasive if the g pated right, to prosperite and furgitte by plensure. This discretion they partinelarly use in favour of those who yote for them at elections.

The proprietor will exclude from his columus all religious controversy, unless where a wanton attack is made upon any body of Christians. He desires that every man should be allowed to walk in his own peaceful way. without interference, as he is responsible for them to God alone.

THE BYTOWN INDEPENDENT will be published on good paper of a fair size and be charged at four dollars per annum exclusive of postage, payable semi-annually in advance, or as it may suit the proprietor. The press and types will arrive at Bytown in a few days. In conclusion, the proprietor begs leave to say, that he will not pledge himself to please either Whig or Tory. If he be satisfied with himself at the expiration of a year. he will treat himself and any well wisher to a bottle of something that shall be nameless at present.

ers and Lennie's Grammar. Kingston, Jan. 16, 1836.

> PROSPECTUS OF A WORK ENTITLED

KEY TO THE PRINCIPLES OF NATURE. MOMPRISING the following systems as

I.-EBB AND FLOW OF THE TIDES, Caused by contraction and expansion, thro' cold and heat, from the alternate absence and presence of the Sun. II .- GRAVITY, By a head pressure of the electric element

acting upon all matter as electric vacuums, which I term Presstraction. III .- MAGNETISM, By electricity as its legitimate cause, through electric vacuums, including the phenomena of

the Compass by the same agent. IV .- MOTION OF THE PLANETS, By one simple original impulse, assuming a curvilinear direction round their respective centres, by local and universal repulsion in opposition, from the electric atmospheres of their zing their orbits, relative to resistance.

NOTICE.—At the next Session of the Provincial Parliament, application will the Earth, to and from the Sun, thus vibrating

VI .- SATURN'S RINGS, As lunar reflectors for the polar regions of

VII.-CLIMATE, Distance of the remotest planets from the sun, as regards climate, is equalized by the Free Grants on account of their U. E. Loyalicrease of surface of those planets, which retains a greater proportion of light and heat, and thus maintains the same temperature with | ly, at the time of their location.

By Thomas Jefferson Eddy, Copy Right secured according to Law.

The above work will be published at Waterford, Saratoga county, N. Y., as soon as grants of land, from settling in other Townsufficient number of Subscribers are obtained | ships, provided that they wish to occupy their to warrant its publication, and contain from own Locations, and to take up their residence 225 to 250 pages duodecimo, medium size, on on the lots assigned to them. fair type and good paper, accompanied by two | It is further recommended, that the Surveyengravings, illustrating the power of press-traction (erroneously styled attraction,) and (Signed) universal motion. The former will be represented by a column of the electric element, resting upon a mass of matter (which I style an electric vacuum,) thereby causing it to gravitate towards the centre of the earth, which is one common vacuum in the electric element; also including in the same engraving, a representation of the power and agent | Very low for Cash.

The latter (universal motion,) will be represented by a drawing of the solar system with the planets surrounded by the electric element with a division of its pressure into local and universal repulsion, by which each planet is caused, from philosophical principles, to travel in a curvilinear line round its centre

by one simple and primary impetus. As the above systems are entirely original, the author feels himself justified in presenting them to an enlightened community, respectfully soliciting their patronage to a work that comprises assigned causes for many of the natural phenomena, that have been looked upon by the whole school of philosophers as beyond the reach of human ken to fathom, and that have slumbered in the cradle of Nature's arcana, from the commencement of time.

The author flatters himself that many causes of the striking phenomena which have been deemed past finding out, will be satisfactorily explained and developed. The price of the above work, bound in sheep, will be 6s. Sd.; in calf, gilt, 7s. 6d., Halifax currency, exclusive of the duties.

WATERFORD, Saratoga Co., ? N. Y. Feb. 28, 1835.

* NOTE .- The following definition the author has attached to his original term presstraction :- The natural power that causes bodies to approach each other, without any sensible cause, through the elastic medium, electric pressure. From the nature of the real principle (pressure,) and the apparent one (traction,) causing the mutual approach of bodies or substances, without any visible cause, he has established the term presstruction. The verb presstract seemingly carries a contradiction, (press-draw,) as the real and apparent Allan McPherson, Esq. cause producing gravity involves a contradiction. Therefore, the author thinks that press-

as far as it involves electricity, will be endorthe applications, however, are entirely origi-
