CELTIC SOCIETY OF UPPER CANADA.

At a general meeting of the Celtic Society of Upper Canada, held at the British American Hotel, in the Town of Kingston, the 4th day of February, 1836, the following Resolutions were unanimously adopted.

Resolved,-That this Society having witnessed the inconvenience and loss which their fellow countrymen have experienced on their arrival in this, to them strange and foreign country, from the want of immediate information necessary to their location and future success; deems it advisable, as one of the most useful means to which it can apply a portion of its yet limited surplus funds, to offer a premium for the best written Essay on Upper Canada: the primary object of which shall be, to furnish Emigrants here, or the intending Emigrant at home, all possible information, with respect to Soil, Climate, Prospect and means of obtaining employment; cheapest and best routes of transportation; British and local Emigrant laws; necessary advice for the preservation of their health, and the husbanding of their resources; and such other disinterested and general information, as long residents acquainted with all the localities of the Province can give, and Emigrants can confidently, and therefore would most cheerfully receive. For although much has been written on this subject by individuals to their friends, yet the communications have most commonly been tinctured with their own individual success or disappointments, and contain only such local information ascould be obtained in their own immediate individual districts; therefore they do not deserve, nor can they obtain that confidence required minfluence an enterprising Emigrant; nor have those communications issued by the different Emigrant Societies and Land Companies produced much better effects; for however pure the motive of communication, they duce they may carry.—Barge, 5s.; Durham ested. From this Society, unconnected as its Boat, 3s. 6d.; large Batteax, 2s. 6d.; small members are with land or other speculations, that could be expected in this case to bias their judgment, united as they principally are for the benefit of their countrymen, and as auxili-Batteaux, 3s.; Boats and Canoes, for the first | ary to the parent society at home, whose benelock, 6d. and 1d. for each lock afterwards, in volunt views are so well known and appreciaddition to the merchandize or produce they ated, it is believed any information bearing its sanction would be productive of great good as it would be received with confidence by persons at home, desirous of emigrating to Bri-

tish North America. Therefore, Resolved,-That a gold Medal shall be awarded by this Society to the author of the most approved Essay on the above subject, which shall in the most clear and comprehensive manner embrace the views contained herein, with such other information as may

be useful to the emigrant. Each Essay to be addressed to the Secretary of this Society, enclosing a scaled paper, containing the name and address of the Author, which paper will not be opened unless the author of the accompanying essay shall be the successful candidate.

The rejected as well as the successful essays to be the property of the Society. As the premium will be awarded on the 18th of September, no essay can be received after the first day of August.

Resolved,-That all newspapers in the Cagive this publicity.
