ANOTHER SHOCKING MURDER.

In common with the other city papers, we published, last week, a paragraph mentioning the unaccountable disappearance of Mr. Adams...

Mr. Adams left his printing office on Friday the 19th, intending to make a business call on the Canal street; and never returned.

A notice of his disappearance was published on Wednesday last, with a request that any one who had seen or heard of him would give information thereon to his friends.

It is now nearly a week that we have not seen our brother Adams for lack of knowledge.

The living witness must be sent among them, to proclaim in their own language, towards God, and faith in our Lord Jesus Christ.

Organization of "Patrons" in the American Territory.

There are strong reasons for believing that an armed force consisting of seven or eight thousand men has been for some time organized within the state of New York...

The organization of these men within our territory was never so complete as it is at present; and that it comprises a body of fifty or sixty thousand persons, who are ready to march at a moment's warning across the frontier...

It is very evident, however, in observing the men who reside near the Canadian frontier, that an unusual preparation is being made for an invasion...

The manner in which the patriots will conduct their attack upon the Canadas will probably cross the lines in the night, commit whatever depredations they can, and retreat...
