REVIEW Of the Montreal Market for the week ending FRIDAY, October 29, 1841.

.4shes.-We alter our quotations this week for both descriptions. Alls 6d a 31s 3d per cwt. is now the current price for Pots, and 30s a 50s 9d for Pearls, the former rates having been realized this week for small and the latter for large parcels.

Flour.—The price of this stople has varied but little since our last review; the market is however, somewhat firmer fer both Canada and American fine. Sales of Canada have been effected to a considerable extent at 33s 6d per barrel; several parcels have also changed hands at our last quotations, viz :- 33s, at which a sale of 700 barrels transpired a few days ago. In American we have no sales of cuasequence to note this week, several parcels have however been placed at 52s a 32s Gd per barrel, which is a slight improvement upon last week's pri-

Wheet .- One parcel of Canada changed hands early in the week at 6s 10d per 60 lbs. This is a reduction upon our last quotation of from 2d to 3d

Sugars continue stationary at former quotations. Teus .- This market has assumed cather a firmer tone this week, and prices may be said to range frem Id to 3d per Ib. higher than last quoted, Twankay has been sold at 3s 9d a 3s 10d per 1b, by public sale, and Country Young Hyson at the same figure.

Canton made has also been sold by auction at prices mian,) rising 6 years, perfectly sound, quiet in ranging from 3s 2d a 3s 4jd, but is now held at 3s saddle and harness, and has been rode by a Lady.

Oil Floor Cloth, Linen Diaper, Hucka-Ecchange.-The Banks have been drawing on Guards.

London at 10: per cost premium this week, and on New York at 11. Notes of the Commercial Bank ed the Midland District and of the People's Bank of Upper Canada can now be shared for one per cent, while the notes of the other western Banks are still at two per cent discount.

Money .- In corn quiter of the Montreal and mercial and Muntrual Banks, having created such i an excitement respecting French half-erows s, many decline taking them in 1600. And the Banks in Upper Canada for fear of a run being mad- upon them, have discounting altegether, - cer in the Garrison. [Montreal Herald,
