NEW MAP OF CANADA, &c.  
NOW Engraving in England in the first style of the Art—and will be published early in the ensuing spring.  
A Map of Canada and the Lower Provinces,  
CONTAINED AND DRAWN BY  
MR. EDWARD STAVELEY,  
Civil Engineer.  
An accurate Map of the British North American Provinces has long been a desideratum, and the publishers feel confident that the one now announced will afford satisfaction to the public.  
The Compiler and Draughtsman has fulfilled his task with great fidelity and ability—every competent judge, who has seen his production having pronounced it an admirable specimen of graphic skill. Mr. Staveley had access to the best sources of information, and was particularly indebted to the Surveyor General Mr. Parke, and the Chairman of the Board of Works the Hon. H. H. Killaly, for the use of the abundant materials in their respective departments. The map will be on a scale of 28 miles to the inch. It will show the new Municipal Divisions in both sections of the Province, together with a large amount of other matter not introduced into any Map published hitherto.  
In the margin, Maps shewing the Cities of Montreal, Quebec, Toronto, and Kingston, with their respective environs, on a convenient scale, with a plan of the Falls of Niagara and its vicinity will be introduced.  
The Map will be sold in a convenient form for the pocket, for the use of Emigrants, Travellers and others, and on rollers for Counting Houses and Public Offices. The price will be low, so as to ensure a ready and extensive sale.
