Disease resisted! Health preserved!!
J. WINE'S CHEMICAL RED OINTMENT, for the cure of Scrofula or King's Evil, in all its forms or stages; White Swellings of the Joints; Pains in the Bones; Acute and Chronic Inflammations of the Joint, Hip, Knee, &c. &c. Rheumatism and Gout; all hard tumours and affections of the Throat and Neck; Scaly, Dry and Moist Tetter; Scurvy; Itch in all its forms; Erysipelas; (no matter where present or of what description) Boils and all hard tumours; (dispensing the inflammation when used before suppuration has commenced, and afterwards limiting the extent of the abscess.) Ringworms, Cancers; Ulcers of every description; Salt Rheum, Scalds and Burns.
The preparation of these remedies was the result of a series of experiments during the last four years with the materials of which it is composed, in the treatment of the above named complaints. In their application, the form of the remedies was frequently varied; but not a single case of failure has yet been made known to the proprietor. In two cases the disease returned after five or six months; but speedily disappeared upon the renewed application of the remedies.
The proprietor presents it now to the public, believing that in their present form they will prove a convenient application for any of the above complaints; and with confidence recommend them to the afflicted with the assurance of a permanent cure to all who persevere in their application, of the most virulent and loathsome diseases to which the body in this life is subject.
It is almost incredible the wonderful cures they have soon effected when all other means had failed. They do not act as a repellent, but imperceptibly draw out the poisonous humors, and renew a healthy action in the diseased parts. The smell is unoffensive, neither will their use injure the most delicate constitution, and may with equal success be applied to infants as well as adults.
They will be found a valuable appendage to the toilet. No family should ever be without them. A single trial will prove their excellence more than volumes written in their praise.
Full directions accompany each box and bottle, for the treatment of all the above diseases. Prepared only and sold by
J. WINE'S,
Drugist, Hamilton.

JAYNE'S LIFE PRESERVATIVE.
AN ALTERATIVE and DEPURATIVE PREPARATION combining all the medicinal virtues of those articles, which long experience has proved to possess the most safe and efficient alterative and Depurative properties, namely: the Compound Spirituous Extract of GANDELION, L. onionoid Taraxacum, Sarsaparilla, Guaiacum, Mezerion, &c. &c. for the cure of SCROFULA, KING'S EVIL, White Swellings, Ulcers, Scrofulous, Cancerous and Indolent Tumours, Rheumatism, Gout, Scurvy, Neuralgia or Tic-Douloureux, Cancer, Goutre or Bronchocel, (Swelled Neck), Enlargements of the Bones, Joints or Ligaments, or of the Ovaries, Liver, Spleen, Kidneys, &c. &c. All the various Diseases of the Skin, such as Tetter, Ringworm, Bites, Pimples, Carbuncles, &c. &c. Dropsical Swellings, Constitutional Disorders, and Diseases originating from a depraved or impure state of the Blood or other fluids of the body.
The proprietor of the Life Preservative would most respectfully assure the public that he has not offered this preparation to their notice, without due reflection and close and rigid study, for until after twelve years' experience had manifested its great superiority over every other article of the kind, and he now recommends it with confidence, fully believing that the above combination of medicine, will effectually eradicate from the system a class of diseases, some of which have heretofore been considered incurable.
He has prescribed it in almost every variety of disease, and with unparalleled success, especially in Cutaneous affections, Cancerous, Scrofulous and Scorbatic diseases, and diseases originating from obstruction or enlargement of the Glands or impurity of the Blood.
CANCER and Cancerous Tumours.—He has used this preparation in twenty-two well defined cases of Cancer and Cancerous Tumours, and in every case but one with perfect and entire success.
BRONCHOCLE (or Goutre, or Swelled Neck).—He has prescribed the Life Preservative in upwards of sixty cases of Goutre, and it never failed in a single instance to completely remove the disease. Not a solitary case of failure. ALL WERE CURED.
The success he has met with in curing Bronchocle and Cancerous affections has convinced him, that those dangerous and horrible diseases may be removed with as much certainty as Fever and Ague. He does not wish to be understood as saying that they can be cured as soon as Fever and Ague, but with as much certainty, and further that this preparation will not only cure those diseases when formed, but that it destroys the virus or poisonous principle lurking in the system from which that peculiar class of diseases as well as that of Scrofula emanate.
SCROFULA—King's Evil.—The Life Preservative has been used in numerous cases of Scrofula, King's Evil, and Scrofulous Swellings, with the most decided success.
SKIN DISEASES.—He has prescribed it in a great variety of Cutaneous affections and found it successful in curing Salt Rheum, or Tetter, Bites, Blotches, Pimples, Morpew and Jaundiced Skin, &c.
DYSPEPSIA and LIVER COMPLAINT.—It has been used in numerous cases of Liver Complaint and Dyspepsia, and with the happiest effect.
TIC DOULOUREUX.—It has been used in only three cases of Neuralgia, and in every case it was successful.
RHEUMATISM.—He has not prescribed this preparation in a great many cases of Rheumatism, but in every case where it was used, the system became affected by the Medicine, the disease was removed.
GOUT.—Three cases of Gout have been cured by this preparation. In one of these cases the man had been afflicted with it so severely for thirteen years as to entirely disable him from business, and for five months immediately previous to his taking the Life Preservative he had been confined to his room, but before he had finished the third bottle, he was enabled to walk about the streets, and soon after returned to business, from which he had so long been deprived by his afflictions.
DROPSICAL SWELLINGS.—This medicine has been used in numerous cases of the abdominal tumour, or dropsy, which water or Calcareous depositions, and all unnatural enlargements are removed. It imparts tone and vitality to the whole system, removing sick and morbid nervous influences, wandering pains and nervous affections.
In fact, in every case where the medicine has been taken for some time, no matter for what purpose, the general health of the patient has always been improved by it.
In conclusion the proprietor would say that some of the most astonishing cases of Cancer, Bronchocle and Scrofula have been cured by this medicine that have ever been recorded, but want of room in this sheet precludes their publication at this time.
Prepared only by Dr. D. JAYNE, No. 20 South Third Street, Philadelphia.
Sold by N. PALMER, Market Square, Kingston.

One Million and a Half Acres of Land IN UPPER CANADA.
TO OLD SETTLERS, EMIGRANTS AND OTHERS.
THE CANADA COMPANY offer about the above stated quantity of Land particularized in their Printed Lists of this date. It consists of Lots of from 100 to 300 Acres each, scattered throughout the country—of Blocks containing from 1,000 to 10,000 Acres in the Western District, and of a very important Territory of 700,000 in the Huron Tract—90 miles South of Owen's Sound.
These Lands are offered on the most advantageous and beneficial terms to suit the means or views of Settlers of every description—they may be had for Cash down—one-fifth Cash, and the remainder of the Purchase Money in five Annual Instalments, with interest—or by way of LEASE for TEN YEARS—NO MONEY BEING REQUIRED DOWN. The Rents payable 1st February in each year—being equal to about the interest upon the present value of the Land. The peculiarity of the Company's Leases is, that under them the Company's Settler has secured to him the entire benefit of his improvements, and increased value of the Land, as he is guaranteed the right of purchase of the Land at a fixed price named in the Lease, at which he may at any time during the Ten Years, demand the Deed for the Freehold; thus, for example, by paying the moderate Annual Rent of \$12, and no more, upon 100 Acres of Land now selling at 10s. per acre, he secures the use of the Land for Ten Years, and then, if he chooses, he may purchase or reject it altogether, as he may find it to his advantage,—the option being entirely with the Lessee.
The SETTLERS' SAVINGS BANK, by which the Company allow their Lessees Interest at 6 per cent per annum on Monies deposited,—the amount being always at their disposal without notice, with daily interest accrued,—will enable the provident and industrious Settler to accumulate sufficient means to purchase the Land he Leases, if he choose so to do.
By the EMIGRANTS' DEPOSIT BANK, the Company allow INTEREST at the rate of 4 per cent per annum, upon monies deposited by Emigrants, for any period not less than 90 days—the money being always at the disposal of the Emigrant without notice.
The Company will REMIT any sum of money for SETTLERS to their friends at HOME, by placing the amounts in the hands of the parties for whom they are destined free of all cost, expense and risk, accompanied by every kind of useful information upon Canada. Last year the Company sent home in this manner, £4,141 12s. 7d. from 265 Settlers.
The Company will REMIT any sum of money from EUROPE TO CANADA, by Letters of Credit upon their Commissioners in the Province.
Every kind of information upon Canada, and Directions that can be useful to intending Emigrants, can be obtained free of expense, at the Company's Office, St. Helen's Place, London.
The new Printed Lists (to be seen at every Post Office and Store in Upper Canada), and any information can be obtained free of charge, upon application (if by letter, post-paid) at the Company's Office, Goderich, as regards the Huron Lands—at Frederick Street, Toronto, as regards all other Lands—Remittances and Deposits of Money, &c.
