The person whose proposal shall be accepted, and his sureties, must execute the Indenture and Lease of Covenants relating thereto, the particulars whereof may be known by applying to this office, or to the Barrack Masters at the several Barracks.

The names of two respectable persons, with their Christian names, professions, and places of abode, who will join the tenant in executing the indenture, as his sureties, must be inserted in the proposals, and the tenant is to pay for the stamps, and the Ordnance Department does not undertake to procure the tenant a license.

Sealed proposals, addressed to the respective Officers at Kingston, with the words "Tender for Canteen," written on the outside cover, will be received at this office, on or before 12 o'clock, noon, on the 18th March next, after which hour any proposals received cannot be noticed. By the mutiny act, Canteens are not liable to have troops billeted on them.

All persons making Tenders for Canteens are to take notice, that they will be held to the strict performance of the covenant of their leases, and full payments of their rents without any remission or reduction further than the covenants of the lease itself set forth. THE FORM OF THE TENDERS TO BE AS FOLLOWS:

Thereby offer for the Canteen in the Barracks at [location] for twelve months, from the 25th March next, the rent of [amount] Pounds per annum, for the house as a dwelling, and the further rent of [amount] per month for every ten Non-Commissioned Officers and Private Soldiers who may occupy the Barracks during that period; and propose Mr. [name] of [location] as my sureties for the same.

The rents of the Canteens as dwellings are to be proposed at the sums stated opposite to each in the following list; therefore the bidders will be upon whom is offered for every ten men occupying the Barracks. This number will be ascertained from the Barrack Master's monthly returns, which are made up on the first day of every month; and no changes in the occupations of the Barracks which may take place in the progress of the month, either for or against the tenant, will be taken into account. No less number than ten will be charged against the tenant, nor will any odd number be calculated; thus, if the Barracks should be occupied by 145 men on the first day of the month, only 140 will be calculated for that month; the bidders are also desired to introduce no fractional parts of a penny in their offers, as they will not be noticed, nor will any tenders be noticed except such as are strictly according to the above form.
