The time in passing a piggery is short, and the effluvia not more disagreeable than most of us experience daily and without a murmur; therefore, if I cannot take any benefit from the slops of my distillery, I cannot pursue the business, and my distil lery and premises must lie dormant. I shall have cause to regret ever commencing the business here, as the consequence would be a serious and ruinous oss in premises and works, not calculated for any other business, a damage to farmers in the sale of their grain, and to the merchants who expect to get a share from the farmer.

As the time of year is near at hand when distilling grain might be coming to market, I wish to give no- granted Lands in the Township of Seymour in the tice that it will be well for farmers to ascertain what price can be obtained, and a free csh market for it.
