PROSPECTUS OF THE THIRD VOLUME OF THE EMIGRANT

—THIS Journal is devoted to the domestic and local intelligence of ENGLAND, IRELAND, SCOTLAND and WALES. It was established about two years since, and its third volume will begin with the year 1835. Its success has been highly flattering, and fully justifies the expectations of the Proprietor.

The EMIGRANT is intended for the use of the numerous British residents upon this continent—its details consisting of all the local news of the three Kingdoms; the numerous occurrences in the Mining, Agricultural, and Manufacturing Districts, as well as the market Metropolis of England. The internal improvements, the Corporation proceedings of the different towns and cities, remarkable Trials, &c. are faithfully recorded; also the Sporting Intelligence, state of the Markets, List of Bankrupts and Insolvents, &c. &c. all arranged under distinct heads, and adapted to each British resident in this country as cannot obtain access to the English papers.

The politics of the EMIGRANT are liberal and impartial, and not warped by any feeling of party spirit whatever. It is published every Wednesday at No. 26, Cedar Street, New York, at Three Dollars per annum, payable in advance.

The extensive circulation of the EMIGRANT among people from the Old Country, renders it an excellent vehicle for land and other advertisements, conveying information to persons lately arrived in this country.

As the ALBION is published on Saturday, and the EMIGRANT on Wednesday, the two papers convey to three persons who subscribe to both, the news from Europe twice a week, and render the intelligence from Great Britain complete. Every subject of importance, whether of general or local interest, appears in one of the other of these very cheap and comprehensive Journals.
