TABLE OF PREMIUMS required for the assurance of £1000 for the whole Term of a single life, the rate being increased, at the end of every Fifth Year, until the Twentieth be arrived; after which period a fixed annual premium will be payable and one and seven years.

TABLE OF ANNUAL PREMIUMS required for the assurance of £1000 for whole term of a single life, the rate being increased, at the end of every Fifth Year, until the Twentieth be arrived; after which period a fixed annual premium will be payable and one and seven years.

EXAMPLE. A person aged 30 (next birthday) may secure £1000 at his death, by the annual payment of £15 13s 4d until the expiration of five years; 15 11s 8d until the expiration of 10 years; 22 0 10 after 10 years until the expiration of 15 years; 26 3 4 after 15 years, until the expiration of 20 years; and 31 5 0 after 20 years during the remainder of Life.

OF CONTINUING either of the payments throughout the whole term of life, and having the sum assured periodically diminished, according to the amount of Life. (2.—A person of the same age, may secure the like sum, by the annual payment of £13 10s, until the expiration of 5 years; 13 10s, until the expiration of 10 years; 19 10s, until the expiration of 15 years; and 25 10s, until the expiration of 20 years; and 31 5s, during the remainder of Life.)

Scale of Reduction for an assurance of £1000 on any Age, according to the Alternative Plan of Table II. After 5 Years, 10 Years, 15 Years, 20 Years.
