Some people are foolisi enough to believe that we cannot afford to make as good an article of Sarsaparilla Extract and sell it for 50 cents per hottle or \$5 per dozen, wall others that sell for just double that money. The simple fact is this, and all will now be convinced. While Five Hundred dollars are squadered by others in a column or two of advertisements, we do not spend Five. STATE OF THE BLOOD, OR HABIT OF THE SYSTEM. If there be a pleasure on earth which superior beings cannot enjoy, and one which they might also envy men the possession of, it is the power of relieving pain. How consuling, then, ment of rescuing thousands from misery to those who possess it. What an amount of suffering can be prevented, by the use of Saud's Saratparilla! The unfortunate victim of hereditary disease, with swollen glands, contracted sinews and bones half curious, have been restored to now, with regenerated constitutions, gladly testi-

The following certificate, recently received, ras addressed to our agent in Madison, Ga. The patient was greatly afflicted with Scrofula and Vercurial sores-had tried various remedies without any benefit, and the afflicted are now invited to read what he says in reference to Sands' Sarsapavilla :

Madison, Ga., August 5, 1844. C. F. Horeman, E-q .- Dear Sir: As I have lerived so much benefit from the use of Sands' Sarsaparilla, I feel it a duty that I owe to the community to make the facts in my case public. Cuts, Bruises, Strain, En and Touth-ache, I was afflicted for four years with running sores Mumps, Sore Throat, Renrounds, Whitlows, abor parts of my body, from the effects of blue tained a bottle of Sands' Sarsaparella, which I found benefited me very much. I continued its use until I had taken eight bottles, when was perfectly cored. Judging from my own ase, I have reason to believe Sands' Sassaparilla s the very best reinedy for ecrofula and mercurial ores there is; it entirely eradicates the poison rom the system. After four years of almost outined suffering, I now find myself a well

man-entirely recovered. Yours respectfully, WILLIAM BANKS. The following interesting case is presented. and the reader invited to its circful perusal,-

For ten years I have been suffering under a Scrofulous affection Co., or never touch it.

Com COM fihis time, my pain and sufferings were so severe, that but for a reliance on the Great Disposur of events, I should have desired, and much preis rad death itself. At different periods during ny sickness, twenty pieces of hone have been taken from my head in various ways, besides all my upper teeth, and the entire upper jaw, renhe mastication of food quite impossible. After expending about six hundred dollars for medical aid, I had recourse to your justly celetrated Sassaparilla, and within the last three menths the use of twelve bottles has, with the most beneficial operation, completely arrested the disease; the healing process is going for ward, and I am rapidly approaching to a perfect ure. Being extremely auxious that others laboring under similar complaints, may have
