Hoffman, Esq.—Dear Sir: As I have derived so much benefit from the use of Sands' Sarsaparilla, I feel it a duty that I owe to the community to make the facts in my case public. I was afflicted for four years with running sores and fæted ulcors on my lower extremities, and also suffered severely from mercurial sores on wher parts of my body, from the effects of blue pill and other mercurials. I tried remedy after remedy, but they all availed nothing, until I obtained a bottle of Sands' Sarsaparilla, which I found benefitted me very much. I continued its use until I had taken eight bottles, when I was perfectly cured. Judging from my own case, I have reason to believe Sands' Sassaparilla is the very bestremedy for scrofula and mercurial sores there is; it entirely eradicates the poison from the system. After four years of almost continual sufficient, I now find myself a well man—outirely recovered. > ONE MILLION AND A HALF ACRES OF LAND IN UPPER CANADA.

TO OLD SETTLERS, EMIGRANTS, AND OTHERS.

THE CANADA COMPANY offer about the above stated quantity of Land particularized in their Printed Lists of this date. It consists of Lots of from 100 to 200 Acres each, scattered throughout the country of Bucks containing from 1,000 to 10,000 Acres in the Western District, and of a very important territory of 700,000 in the Huron Tract-90 miles South of Owen's Sound.

These Lands are offered on the most advantageous and beneficial terms to suit the means or views of Settlers of every description-they may be had for Cash down-one-fifth Cash, and the remainder of the Purchase Money in five Annual Instalments, with interest - or by way of LEASE for TEN YEARS - NO MONEY BEING REQUIRED DOWN. The Rents payable 1st February in each year - being equal to about the interest upon the present value of the Land. The peculiarity of the Company's Leases, is, that under them the Company's Settler has secured to him the entire benefit of his improvements, and increased value of the Land, -as he is guaranteed the right of purchase of the Land at a fixed price named in the Lease, at which he may, at any time during the Ten Years, demand the Deed for the Freehold : thus, for example, by paying the moderate Annual Rent of \$12 and no more, upon 100 Acres of Land now selling at 10s. per acre, he secures the use of the Land for TenYears, and then, if he chooses, he may purchase or reject it altogether, as he may find it to his advantage .- the option being entirely with the Lessee.

The SETTLERS' SAVINGS BANK, by which the Company allow their Lessees Interest at 6 per cent. per annum on Monies deposited, - the amount being always at their disposal without notice, with daily interest accrued,-will enable the provident and industrious Settler to accumulate sufficient means to purchase the Land he Leases, if he choose so to do.

By the EMIGRANTS' DEPOSIT BANK, the Company allow INTEREST at he rate of 4 per cent. per annum, upon monies deposited by Emigrants, for any period not less than 90 days - the money being always at the disposal of the Emigrant without notice. The Company will REMIT any sum of money for SETTLERS to their Friends at HOME, by placing the amounts in the hands of the parties for whom they are

destined free of all cost, expense and risk, accompanied by every kind of useful lic, that in order to prevent the frequent information upon Canada. Last year the Company sent home in this manner, The Company will REMIT any sum of money from EUROPE to CANADA, by Letters of Credit upon their Commissioners in the Province.
