Our vast and widely extended Colonial Possessions, daily becoming more and more densely peopled by Immigrants, and for the most part shut out from the benefit of Assurance, where such a provision is essentially requisite for the safety of the Stock and the protection of Families, frequently left unprotected for a strange land by the death of friends or relatives. The Colonies, ever from time to time, enjoyed the benefit of the Assurance Companies, incorporated Church Societies, Emigration, Colonising, Steam Navigation, and other Associated Bodies, but, as yet, have possessed in a very limited and imperfect degree, any Provision Institution adapted to Insurance for Fire and Life. It cannot be denied that the period has now arrived when their wealth, extent, and growing importance, demand that they should possess a special Metropolitan Office for their protection and benefit, devoted to the now daily appreciated objects of Assurance, having its numerous Branches in all our principal Settlements in the four quarters of the world.

WINNER'S Arcanum Extract. THIS Medicine has acquired an extended reputation, which has been sustained by its virtuous and efficacious nature, as a remedy for SCROFULA, King's Evil, SORE THROAT, RHEUMATIC affections, Long-standing SKIN, White Swellings, Diseases of the BONES, all Ulcerated Cases, Affections of the Liver, DYSPEPSIA, COSTIVENESS, all CHRONIC and NERVOUS Complaints, occurring in debilitated and catarrhic constitutions, Diseases caused by an IMPURE State of the BLOOD. The ARCANUM EXTRACT is a complete antidote to the serious Evils produced by the injudicious use of MERCURY. As a SPRING and REALL PURIFIER it cannot be surpassed, working its way through the system with a silent and effective force, Cleansing the BLOOD, Removing DYSPEPTIC INFLUENCES, Soothing the NERVES, Removing INTERNAL Obstructions, and causing that wholesome cause injury to the LIVER and LUNGS. Persons whose constitutions are broken down by the use of MERCURY, ARSENIC, or QUININE, and any one who are suffering from DISEASED LIVER, or an injudicious treatment of any of the above diseases should use the ARCANUM EXTRACT without delay. In numerous instances, also, where ulceration had laid bare both ligament and bone, and where to all appearance, no human means but amputation could have saved life, Patients have been snatched from the grave and restored to health, the devouring disease being completely eradicated by the use of this inestimable Extract.

The Proprietors of the ARCANUM EXTRACT have had this medicine used in all the above diseases with the most gratifying results. In using the medicine neither business nor pleasure need be interrupted, requiring only the usual restraint of moderation in diet, and is equally applicable and efficacious to the infant as well as the adult. J. WINNER'S PECTORAL Syrup of Horehound and ELECAMPANE. FOR the speedy and efficient cure of Coughs, Colic, Asthma, Spitting of Blood, Whooping Cough, Consumption, Pleurisy, Hoarseness, Pains and Swelling of the Breast and Lungs, Rheumatism, a disease that is sweeping by its deadly course, under the fictitious name of Consumption, can be cured by this medicine. The usual symptoms of this disease (Bronchitis) are cough, soreness of the Lungs or Throat, hoarseness, difficulty of breathing, A-sthma, Hectic fever, spitting up Phlegm or matter, and sometimes blood. It is nothing more than an inflammation of the skin which lines the inside of the whole of the wind tubes, or air vessels, which run through every part of the Lungs. The peculiar virtues of this compound have for a long time attracted the attention of the medical profession and public; and a lively interest has recently been directed to the development of their active powers and pulmonary qualities, which the proprietors are now able to gratify, in presenting this medicine to the public with full confidence of its being the most safe and valuable remedy ever discovered, and applicable to all diseases of the Lungs, when any of the functions do not perform their natural or healthy action. It is universally believed that God, in His Providence, has not afflicted His children with pain and disease, without at the same time giving them something in the garden of nature that will not only mitigate, but in many cases entirely relieve them. With these views strongly impressed on our minds, every one should feel a great desire to investigate, to procure, and to draw from that source that instruction which the wisdom of man has failed to attain. In presenting this medicine to the public, the proprietors were influenced by the hope that a medicine prepared with much care and strict regard to the medical properties of its several ingredients, would take the place of thousands of irrespectable nostrums of the day, with which the human system is deluged. Prepared and sold by J. Winer, Hamilton, Canada West; and John Winer & Co., 83 Maiden Lane, N. Y.; for sale at the Atheneum Dispensary, N. Palmer's, & C. Heath's, Kingston; and by all the respectable Druggists throughout Canada.

It is harmless in its effects on the system, and the health of the patient is always improving by its use, even when no worms are discovered. The medicine being palatable, no child rejects it. Plain and practical observations upon diseases resulting from worms, accompany each bottle. Prepared and sold by J. Winer, Hamilton, Canada West; and John Winer & Co., 83 Maiden Lane, N. Y.; for sale at the Atheneum Dispensary, N. Palmer's, & C. Heath's, Kingston; and by all the respectable Druggists throughout Canada.

FOR BILIOUS COMPLAINTS Pains at the Head, Giddiness, Sickness, Jaundice, Flatulency, Obstructions, Habitual Constipation of the Bowels, &c. DR. BARKER'S LAXATIVE PILLS. OF the numerous diseases to which the human frame is liable, there is scarcely one, the symptoms of which are not seriously aggravated by a confined state of the Bowels, and TO THIS ALONE many owe their origin and continuance. The preserving the alimentary Canal free from obstruction, is a point of such primary importance, that every degree of neglect is followed by more or less of inconvenience or suffering. When habitual costiveness prevails the cheerful vigor of health is soon impaired, sometimes by slow degrees, and at other times more rapidly, disposes make their inroads on the constitution; and in numberless instances, particularly where the habits are sedentary, or where free living is indulged, permanent ill health is the painful result. It must be obvious to the most superficial observer, that when the functions of nature now alluded to are not performed with due regularity, assistance must be obtained from art. Aperient Medicines then become indispensably necessary, (except where the use of fruits, or a change in the mode of living may suffice for removing the evil,) and must be had recourse to, until it is necessary for such aid ceases.

But it is a question of considerable importance, what Laxative shall be employed? The list of Aperient Medicines is numerous, but their effects on the system vary considerably, some exert their influence chiefly on the exhalant vessels, or on some part of the bowels only, whilst the action of others extends more or less to the whole of the intestinal canal. The latter class of purgatives is evidently the best adapted to obviate the habitual confinement of the Bowels, as they apply that additional excitement, which nature then requires to assist her in the performance of her accustomed functions.

It is precisely on this latter principle that the Pills now offered to the public are formed; and as their activity can be increased or lessened, merely by taking a larger or smaller quantity, they not only furnish an Aperient Medicine proper for general use in a Family, but are also well calculated to answer most of the purposes for which purgative remedies are necessary.

The Pills are not, however, recommended as a SPECIFIC for the cure of ALL diseases; such preposterous statements are worse than ridiculous, and are only put forth for deception. But they will prove a Valuable Remedy for that confined state of the Bowels which lays the foundation of much suffering, for those occasional obstructions to which all are liable, and for all those disorders which arise from an overloaded state of the stomach and alimentary canal. Consequently decided benefit will be derived from their use in Giddiness and Pains in the Head, accompanied with Nausea, or Sickness; in all Head-Aches where Costiveness prevails; in Flatulencies, Bilious Attacks, the commencement of Cholera, the early stages of Jaundice, and in promoting the expulsion of Worms. They require no confinement or change in the diet—moderate exercise will assist their operation—and experience has proved that, as an Aperient, they are safe and efficacious, may be taken by adults and children, and also in every stage of pregnancy. To children of five years of age and upwards, they may be readily given in pulp of apple, orange, or jelly, and thus disguised, they are much more easy of exhibition than Powders or other disagreeable medicines.

DIRECTIONS FOR TAKING THE PILLS. In case of— Bilious Complaints, Foul Stomach, &c.—Three Pills to be taken at Bedtime, and repeated next night if necessary. Headache, sickness of the Stomach—Two Pills to be taken at night, and one in the morning. Obstinate Costiveness.—Three Pills to be taken at any time needed, and repeated every six hours until relief is obtained.

The usual dose for ordinary persons is three Pills, but four Pills may be taken by a person of strong habit of body; and two Pills may be given to delicate women and children.

PREPARED AND SOLD BY Dr. Barker, at the Atheneum Dispensary, Kingston. Sold in Boxes at 7d., 1s. 3d and 2s. 6d. each.
