DR. TOWNSEND'S

COMPOUND EXTRACT OF

SARSAPARILLA.

Wonder and Blessing of the Age.

THE MOST EXTRAORDINARY MEDICINE IN THE WORLD.

This Extract is put up in quart bottles; it is six times cheaper, pleasanter, and warranted superior to any sold. It cures without vomiting, purging, sickening, or debilitating the patient.

The great bounty and superiority of this Sarsaparilla over all other medicines is, while it eradicates disease, it invigorates the body. It is one of the very best

SPRING AND SUMMER MEDICINES

ever known; it not only purifies the whole system and strengthens the person, but it creates new, pure and rich blood; a power possessed by no other medicine. And in this lies the grand secret of its wonderful success. It has performed within the last five years, more than 100,000 cures of acute cases of disease; at least 15,000 were considered incurable. It has saved the lives of more than 5,000 children during the two past seasons.

10,000 *Cases of General Debility and want of Nervous Energy.*

Dr. Townsend's Sarsaparilla invigorates the whole system permanently. To those who have lost their muscular energy by the effects of mercury or indiscretion committed in youth, or the excessive indulgence of the passions, and brought on a general physical prostration of the nervous system, lassitude, want of ambition, fainting sensations, premature decay and decline, hastening towards that fatal disease, Consumption, can be entirely restored by this pleasant remedy. This Sarsaparilla is far superior to any

INVIGORATING CORDIAL,

As it renews and invigorates the system, gives activity to the limbs and strength to the muscular system, in a most extraordinary degree.

CONSUMPTION CURED.

Diseases and Strengthen. Consumption can be cured. *Bronchitis, Consumption, Liver Complaint, Colds, Catarrh, Coughs, Asthma, Pleurisy, Spitting of Blood, Soreness in the Chest, Hectic Flush, Night Sweats, Difficult or Profuse Perspiration, Pain in the Side, &c., have been and can be cured.*

SPITTING BLOOD.

New York, April 24, 1847.

Dr. Townsend—I cerily believe that your Sarsaparilla has been the means, through Providence, of saving my life. I have had several turns back at Cuba. It became worse and worse. At last I raised large quantities of blood, had night Sweats, and was greatly debilitated and reduced, and did not expect to live. I have only taken your Sarsaparilla a short time, and there has been a wonderful change been wrought in me. I am now able to walk all over the city. I raise no blood, and my cough has left me. You can well imagine that I am thankful for these results.

Your obedient servant,

WM. RUSSELL,

65 Catherine-st.

RHEUMATISM.

This is only one of more than four thousand cases of Rheumatism that Dr. Townsend's Sarsaparilla has cured. The most severe chronic cases are speedily eradicated by its extraordinary virtues.

James Cummings, Esq., one of the Assistants to the Lunatic Asylum, Blackwell's Island, is the gentleman spoken of in the following notice.

Blackwell's Island, Sept. 14, 1847.

Dr. Townsend—*Dear Sir:* I have suffered terribly for nine years with the rheumatism: considerable of the time I could not eat, sleep, or walk. I had most distressing pains, and my limbs were terribly swollen. I have used four bottles of your Sarsaparilla, and they done me more than one thousand dollars worth of good—I am as much better—Indeed, I am entirely relieved. You are at liberty to use this for the benefit of the afflicted. Yours, respectfully,

JAMES CUMMINGS.

FITS! FITS!! FITS!!!

Dr. Townsend, not having tested his Sarsaparilla in cases of Fits, of course never recommended it, and was surprised to receive the following from an intelligent and respectable farmer in Westchester County:—

Fordham, August 13, 1847.

Dr. Townsend—Dear Sir: I have a little girl seven years of age, who has been several years afflicted with fits; we tried almost every thing for her, but without success; at last, although we could find no recommendation in your circulars for cases like hers, we thought as she was in very delicate health, we would give her some of your Sarsaparilla and are very glad we did, for it not only restored her strength, but she has had no return of the fits, to our great pleasure and surprise. She is fast becoming rugged and hearty, for which we feel grateful.

Yours, respectfully,

JOHN BUTLER, Jun.

FEMALE MEDICINE.

Dr. Townsend's Sarsaparilla is a sovereign and speedy cure for Incipient Consumption, Barrenness, Prolapsus Uteri, or Falling of the Womb, Costiveness, Piles, Leucorrhœa, or Whites, obstructed or difficult Menstruation, Incontinence of Urine, or involuntary discharge thereof, and for the general Prostration of the system, no matter whether the result of inherent cause or cause, produced by irregularity, illness or accident.

Nothing can be more surprising than its invigorating effects on the human frame. Persons, all weakness and faintness, from taking it, at once become robust and full of energy under its influence. It immediately counteracts the nervousness of the female frame, which is the great cause of barrenness.

It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cures performed; but we can assure the afflicted, that hundreds of cases have been reported to us.—Thousands of cases where families have been without children, after using a few bottles of this invaluable medicine, have been blessed with healthy offspring.

TO MOTHERS AND MARRIED LADIES.

This Extract of Sarsaparilla has been expressly prepared in reference to female complaints. No female who has reason to suppose she is approaching that critical period, "the turn of life," should neglect to take it, as it is a certain preventive for any of the numerous and horrible diseases to which females are subject at this time of life. This period may be delayed several years by using this medicine. Nor is it less valuable for those approaching womanhood, as it is calculated to assist nature by quickening the blood and invigorating the system. Indeed, this medicine is invaluable for all the diseases to which women are subject.

It braces the whole system, renews permanently the natural energies—by removing the impurities of the body—not as far stimulating the system as to produce a subsequent relaxation, which is the case of most medicines taken for female weakness and disease. By using a few bottles of this medicine, many severe and painful surgical operations may be prevented.

GREAT BLESSING TO MOTHERS AND CHILDREN.

It is the safest and most effectual medicine for purifying the system, and relieving the sufferings attendant upon child-birth ever discovered. It strengthens both the mother and the child, prevents pain and disease, increases and enriches the food, those who have used it think it is indispensable. It is highly useful both before and after confinement, as it prevents diseases attendant upon childbirth—in Costiveness, Piles, Cramps, Swelling of the Feet, Dependency, Heartburn, Vomiting, Pain in the Back and Loins, False Pains, Hemorrhage, and in regulating the accretions and expelling the circulation it has no equal. The great beauty of this medicine is, it is always safe, and the most delicate can use it most successfully, very few cases require any other medicine, in some a little Castor Oil, or Magnesia is useful. Exercise in the open air, and light food with this medicine, will always ensure a safe and easy confinement.

BEAUTY AND HEALTH.

Cosmetics, Chalk, and a variety of other preparations generally in use, when applied to the face, very soon spoil it of its beauty. They close the pores of the skin, and check the circulation, which, when nature is not thwarted by Cosmetics or powder, or the skin inflamed by the alkaline salts in the soaps, brandy, a sure preservative in the "human face divine," as well as in the garden of rose and lily-mingling beauty and variegated flowers. A free, active and healthy circulation of the fluids or the evening of the pure, rich blood to the extremities, is that which paints the countenance in the most exquisite beauty. It is that which imparts the indescribable shades and flush of loveliness that all admire, but none can describe. This beauty is the offspring of nature—not of powder or soap. If there is not a free and healthy circulation, there is no beauty. If the lady is fair as driven snow, if she paint, and use cosmetics, and the blood is thick, cold and impure, she is not beautiful. If she be brown or yellow, and there is pure and active blood, it gives a rich bloom to the cheeks, and a brilliancy to their eyes that is fascinating.

This is why the southern, and especially the Spanish ladies, are so much admired. Ladies in the north who take but little exercise or are confined in close rooms, or have spoiled their complexion by the application of fetid nose nostrums, if they wish to regain elasticity of step, buoyant spirits, sparkling eyes and beautiful complexion, they should use Dr Townsend's Sarsaparilla.—Thousands who have tried it are more than satisfied, are delighted. Ladies of every station, crowd our office daily.

NOTICE TO THE LADIES.

Those that imitate Dr. Townsend's Sarsaparilla, have invariably called their stuff a *great Remedy for Females, &c. &c.*, and have copied our bills and circulars which relates to the complaints of women, word for word—other men who put up medicine, have since the great success of Dr. Townsend's Sarsaparilla in complaints incident to females, recommended theirs, although previously they did not. A number of these Mixtures, Pills &c., are injurious to females, as they aggravate disease, and undermine the constitution.

SCROFULA CURED.

This Certificate conclusively proves that this Sarsaparilla has perfect control over the most obstinate diseases of the blood. Three persons cured in one house is unprecedented.

THREE CHILDREN

Dr. Townsend—Dear Sir: I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine. They were afflicted very severely with bad sores; have taken only four bottles; it took them away, for which I feel myself under deep obligation.

Yours, respectfully,

ISAAC W. CRAIN, 106 Wooster-st.

New York, March 1, 1847.

OPINIONS OF PHYSICIANS.

Dr. Townsend is almost daily receiving orders from Physicians in different parts of the Union.

This is to certify, that we, the undersigned, Physicians of the City of Albany, have in numerous cases prescribed Dr. Townsend's Sarsaparilla, and believe it to be one of the most valuable preparations in the market.

Owing to the great success and immense sale of Dr. Townsend's Sarsaparilla, a number of men who were formerly our Agents, have commenced making Sarsaparilla Extracts, Elixirs, Bitters, Extracts of Yellow Dock, &c. They generally put it up in the same shaped bottles, and some of them have stole and copied our advertisements, they are only worthless imitations, and should be avoided.

GOVERNOR:

THE RT. HON. THE EARL OF ELGIN AND KINCARDINE,
Governor General of Canada.

THE Directors solicit attention to the following advantages offered by the Colonial Life Assurance Company:—

I.—SECURITY.

The Company possesses a very large subscribed Capital, divided among a numerous and influential body of Proprietors,—and the absolute security so essential to a Life Assurance Society is afforded in its most substantial form.

II.—PREMIUMS.

The Premiums, which are very moderate, may be made payable *yearly, half-yearly,* or *quarterly.*

III.—DESPATCH OF BUSINESS.

The Board in Montreal being invested with full powers to examine into, and accept of Proposals, without communicating with the parent Board, a party has it in his power to effect an Assurance on his life *immediately*, without incurring the delay to which Life Assurers in this Country have hitherto been subjected, from the sanction of the Head Board being required to complete the transaction, the *deliverance of the Board at Montreal being final and irrevocable.*

This arrangement gives to the Colonial all the facilities of a Company essentially local. The Board meets weekly for the despatch of Business.

IV.—TRAVELLING LICENSE.

The Assured are at liberty to cross from any North American port to any European port, at any time of the year, without extra charge or without being required to give any intimation (as in other Offices) of their intention to cross the Atlantic.

V.—HALF CREDIT SYSTEM.

According to this arrangement, parties can pay half of the Annual premium for the first Five or Seven Years, the remaining half with interest to remain as a debt on the Policy, and paid off when convenient, or, at the option of the Assured, to be deducted at settlement of the claim: or, the Company will grant Assurances on the following plan: Over-plus of the Annual Premium to remain for life in the hands of the Policy-holder, the proposition of premiums thus reserved to be deducted with Interest, when the sum assured becomes a claim upon the Company.

The Company pays the one Medical Officer, and no expense whatever is incurred by parties effecting Assurances.

By order of the Directors,

A. DAVIDSON PARKER,
Manager for Canada.

OFFICE, PRINCESS STREET,

Kingston, where Prospectuses and all necessary information will be given.—Also, a variety of Tables, to meet the circumstances and convenience of applicants, can be seen.

The Rates of similar Tables in the Offices doing business in this Province, are as follows:—

For an Assurance of £100

Colonial Life Assurance Co., age 30....	£2	4	4
Colonial Loan Fund, do.	2	5	2
Britannia Assurance Co., do.	2	0	8

These moderate Rates, (little more than sufficient *safely* to provide for losses,) put it in the power of most persons to assure; and with reference to the present state of the health of the inhabitants of the Province generally, it *may* be thought necessary, should the prevailing sickness increase, to decline taking any risks. It appears therefore to be a duty on those who have to provide for their families to take the timely precaution of assuring their lives, and thus provide against the risk of perhaps leaving those dependant upon their exertions or means, to suffer difficulties, if not destitution.

PEOPLE'S OTTAWA & RIDEAU

FORWARDING LINE.

VIA OTTAWA AND RIDEAU CANAL.

THE Subscribers beg to notify the public generally, that they intend establishing a line of first class Steamers and Barges, to ply on the Ottawa and Rideau route, and they will be prepared, upon the opening of the navigation next Spring, to forward property confided to their care, with promptitude and despatch.

The necessity for the organization of such an establishment, having in view the performances more particularly of freightage to and from places on the Ottawa and Rideau route, becomes apparent from the fact, that in consequence of the great transit of the West being diverted from these waters (to those of the St. Lawrence,) many Houses have vacated this channel altogether, thereby reducing the means of transport, quite inadequately to the requirements of this section of the country.

The Subscribers would beg to remark that a daily departure from Montreal may at all times be depended upon, and that the greatest care will be taken in handling property at the various stations upon the route, agreeably with instructions and direction, and that produce received upon the upward passage destined for Montreal, will not be unloaded till after its arrival at that Market, a practice not hitherto attended to.

Tariff of freights &c., will be published at a subsequent period.

FLOURING ESTABLISHMENT.

THE undersigned having become Proprietor of the "YONGE MILLS," which are now in perfect order, begs to inform the public that he is prepared to enter into engagements for the

The character which the Yonge Mills brand has hitherto borne, and the fact of its not having been injured in the slightest degree during the past disastrous season, present to those who desire to export Flour, instead of Wheat, the best guarantee for a good and merchantable article; and it will be the personal care of the proprietor to see that its present high standing be not lowered in his hands.
