SARSA PARILLA.**

Wonder and Blessing of the Age,
THE MOST EXTRAORDINARY MEDICINE IN THE WORLD.

This Extract is put up in quart bottles; it is six times stronger, purer, and more powerful than any solid. It can without vomiting, purging, sickness, or debilitating the patient.

The great beauty and superiority of this Sarsaparilla over all other medicines in whatever cases disease, it invigorates the body. It is one of the very best.

SPRING AND SUMMER MEDICINES, over known: I instantly purify the whole system, and strengthen the person, invigorating, purifying, and bleaching the skin, and removing all the marks of past disease. And this has the great secret of its wonderful success. It is kept prepared within the last five years, more than 100,000 bottles of severe cases of disease; at least 15,000 were considered incurable. It has saved the lives of more than 5,000 children during the two past seasons.

10,000 Cases of General Debility and want of Nervous Energy.

Dr. Townsend's Sarsaparilla invigorates the whole system permanently. To those who have lost their muscular energy by the effects of medicine or indolence, committed in youth, or the excessive indulgence of the passions, the nervous system, languid, want of animation, fainting, convulsions, prostrating disease, and decline, hastening towards that fatal disease, Consumption, can be easily restored by this pleasant remedy. This Sarsaparilla is far superior to any.

INVIGORATING CORDIAL, acts to renew and invigorate the system, gives activity to the limbs, and strength to the muscular system, in a most extraordinary degree.

CONSUMPTION CURED. Cures and Strengthens. Consumption can be cured. Bronchitis, Consumption, Liver Complaints, Colds, Catarrh, Coughs, Asthma, Spitting of Blood, Successive in the Chest, Heretic Rash, Night Sweats, Difficult or Profuse Expectoration, Pain in the Side, &c., have been, and can be cured.

SPITTNG BLOOD. New York, April 25, 1847.

Dr. Townsend—Very truly believe that your Sarsaparilla has been the means, through Providence, of saving my life. I have been weak and worn. At least from large quantities of tobacco, and much general debilitated and reduced, and did not expect to live. I have only used your Sarsaparilla a short time, and there has a wonderful change been wrought in me. I am now able to walk all over the city. I have no blood, and my cough has left me. You can well imagine that I am thankful for these results.

Your obedient servant,
W.M. RUSSELL,
33 Cornhill.

RHEUMATISM. This is only one of more than four thousand cases of Rheumatism that Dr. Townsend's Sarsaparilla has cured. The most severe rheumatic cases are weekly eradicated by its extraordinary virtues.

James Cummings, Esq., one of the Vice-Chairmen of the Committee Appointed to receive the Sarsaparilla, writes as follows:

Bucksell's Island, Sept. 1, 1847.

Dr. Townsend—I very truly believe that your Sarsaparilla has been the means, through

Providence, of saving my life. I have been weak and worn. At least from large quantities of tobacco, and much general debilitated and reduced, and did not expect to live.

Yours, respectfully,
JAMES CUMMINGS,

FITS! FITS! FITS!!

Dr. Townsend, not having tested his Sarsaparilla in cases of fits, of course never mentioned it, and was surprised to receive the following from an intelligent and respectable farmer in Worcester County—

Foxboro, August 13, 1847.

Dr. Townsend—Dear Sir: I have suffered terribly for nine years with the rheumatism & considerate of the time I could not eat, sleep, or walk. I had most distressing pain, and my limbs were terribly swollen. I have used four bottles of your Sarsaparilla, and they do me more than one thousand dollars worth of good—am so much better—indeed, I am entirely recovered. You are at liberty to use this for the benefit of the afflicted.

Yours, respectfully,
JOHN BUTLER, Jun.

FEMALE MEDICINE.

Dr. Townsend's Sarsaparilla is a sovereign and speedy cure for sufficient Consumption, Hysteria, Palpus Uteri, or Falling of the womb, Catarrh, Piles, Leucorrhœa, or Whites, obstructed or difficult Menstruation, Incontinence of Urine, or involuntary discharge thereof, and for the general Prostration of the system, no matter whether the result of inherent cause or causes produced by irregularity, ill-health, or accident.

Nothing can be more surprising than its invigorating effect on the female frame. Persons in all weakness and feeble, from being at rest, become robust, full of energy under most favorable circumstances. It immediately counteracts the nervousness of the female frame, which is the great cause of barrenness.

It will not be expected of us, in view of our delicate nature, to exhibit certificates of cases performed, but we can assure the afflicted, that hundreds of cases have been reported to us.

Thousands of cases where families have been without children, after using a few bottles of this invaluable medicine, have been blessed with healthy offspring.

TO MOTHERS AND MARRIED LADIES.

This Extract of Sarsaparilla has been especially prepared in reference to female complaints. No female who has reason to suppose she is approaching that critical period, "the turn of life," should neglect to take it, as it is a certain preventive for any of the numerous and terrible diseases to which females are subject at the time of life. This period may be delayed several years by using this medicine. Not at less valuable for those who possess a strong constitution, than for those whose nature by quickening the blood and invigorating the system. Indeed, this medicine is indispensable for all the diseases to which women are subject.

It braces the whole system, and keeps up only the natural energies—by removing the impurities of the body—not so far stimulating the system as to produce a subsequent relaxation, which is the case of most medicines taken for female complaints and disease. By using a few bottles of this medicine, many severe and painful surgical operations may be prevented.

GREAT BLESSING TO MOTHERS AND CHILDREN.

This is the safest and most effective medicine for purifying the system, and reliving the nervous temperament, and removing all the various diseases that afflict both the mother and child. The child prevents pain and disease, increases and strengthens the food, those who have used it think it is impossible. It is highly useful both before and after confinement, as a preventive of all the various childhood diseases. It braces the system, and strengthens the body, the only thing of value

young, Pain in the Back and Legs, Fitter Pains, Headaches, and regulating the secretion and purifying the circulation it has no equal. There is nothing like this medicine, it is also safe, and the most powerful, as it does not require any other medicine, in some little Ointment Oil, or Magnesia is useful. Extracts in the vapors, and light food with this medicine, will always ensure a safe and easy confinement.

BEAUTY AND HEALTH.

Cosmetics. Chalk, and a variety of other preparations generally in use, when applied to the face, give a speckle of its beauty. They close the pores of the skin, and check the circulation, which, when nature is not thwarted by the powder, or the skin inflamed by the alkalies used in the soaps, besides its own production in the "Human Face Drawing," as well as in the garden of rich and delicately tinted and variegated leaves. A free, active and healthy circulation of the fluids or the coagulation of the pure, rich blood to the extremities, is that which gives the countenance in the most exquisite beauty. It is that which imparts the most vivacious and the truest liveliness to all, but none can describe it. This is the offspring of nature, and of her own way of making. If the leaf is fair, downy smooth, and pale, and are evergreen, and the blood is thick, cold and impure, she is not beautiful. If she be brown or yellow, and there is pure and active blood, it gives a rich bloom to the cheeks, and a brilliancy to those eyes that is fascinating.

These why the southern, and especially the Spanish ladies, are so much admired. Ladies in the north who take but little exercise or are confined in close rooms, or have no air, than compensation by the application of delicate mixtures, if they wish to keep the body trim, and sprightly eyes, and beautiful complexion, they should use Dr. Townsend's Sarsaparilla. Those who live in towns, and are more sedentary, are delighted. Ladies of every station, and all office daily.
