HARNDEN & CO. appeal with great confidence to the vast number of Passengers who have in past years shipped under their instructions, to certify to the vigilent care bestowed upon those thus entrusting themselves to their protection. HARNDEN & CO. are the sole agents for Train & Co's Boston and Cope and Co.'s Philadelphia line of Packets from Liverpool, and in the selection of all their other Passenger ships, the greatest care is taken that they are such as to contribute the most to the comfort of the Passenger.

THE undersigned having been appointed to act as Agent for the Company, which has been doing business in Canada and this City since the year 1839, respectfully requests one requiring Life Assurance, to call at his

OFFICE, PRINCESS STREET,

Kingston, where Prospectuses and all necessary information will be given.—Also, a variety of Tables, to meet the circumstances and convenience of applicants, can be seen.

The Rates of similar Tables in the Offices being business in this Province, are as follows:—

Colonial Life Assurance Company 30	....	£2	4 0
Canada Life Assurance Co.,	do.	2	5 2
Britannia Life Assurance Co.,	do.	2	0 5

These are lower Rates than at present exist in any other office, and will be found to provide for loss by death, on the payment of most policies in the country; and with reference to the present state of the health of the inhabitants of the Province generally, it may be thought necessary, should the prevailing sickness increase, to decline taking any risks. It appears therefore to be a duty on those who have to provide for their families to take the timely precaution of assuring their lives and thus provide against the risk of perhaps leaving those dependant upon their exertions or means, to suffer difficulties, if not destitution.

VEGETABLE RESTORATIVE PILLS,

FULLY established as the best Family Medicine now in use, by the astonishing effects it has performed, under the blessing of an All Wise Providence, who has fixed the earth with Vegetables suitable for the cure of every Disease incident to the Human Frame; and which we Dr. Anderson says, "has been the means of sending thousands back to society round, who had given up all hope of being recovered."

J. S. & Co. having so successfully established their reputation, as to guide these Pills, and having seen it needful to prepare other Medicines, long to be met in their Essences and in Powder, but they have, after long and anxious research, succeeded in preparing an excellent Sarsaparilla, which they call

THE EYGEIAN BITTERS,

And which they have full confidence in recommending in all cases of Debility, whether arising from Nervous weakness, or from Indigestion; after Fevers, in the Stomach and general System, being the Great Tonic, and removing the obstructions to the Kidneys Urethra passages, and will be found very beneficial to the Female Constitution, in all cases of irregularity. COMPOUND SARSAPARILLA

PILLS,

For Purifying the Blood, Strengthening the Digestive Organs, Rheumatic Affections, &c.!

The Sarsaparilla Root has attracted the attention of the Medical Profession for a number of years, and various Preparations have been used in the form of Extracts, Decoctions, Syrups, &c., but which have been found to contain very little of the valuable Properties of the root, owing to the *impossibility of retaining its virtues in a Fluid State for any length of time.* These Pills are prepared from the *Solid Extract*, combined with other *Valuable Remedies* which could not be prepared in the fluid state, one Box of which contains *more Sarsaparilla than two Bottles* of any Preparation in use, and will be found a Valuable Medicine for the cure of all Diseases which arise from an impure state of the Blood, viz: *Scrofula or Kings Evil, Rheumatism of Bones, Pains in the Limbs, Affections of the Lungs, Liver Complaint, Indigestion, &c.*

As a general drink they cannot be too highly recommended. In summer they cool and cleanse the blood, remove all febrile symptoms, and dissipate the lassitude generally felt in times of excessive heat.

In the spring and fall, when every person requires the aid of medicine to prepare the body to meet the change of season, the Caledonia Waters are admitted to be the simplest, the safest, and the most efficacious aperient that can be obtained.

These justly celebrated waters have performed more wonderful cures than any other Mineral waters in America; and in many of the most eminent amongst the Medical faculty have given their testimony to the great virtues these waters possess.

LAXATIVE PILLS,

FOR BILIOUS COMPLAINTS, PAINS IN THE HEAD.

Giddiness, Sickness, Jaundice, Obstructions, Confinement of the Bowels, &c. &c.

The great demand for these Pills is a sufficient guarantee for their usefulness in the above complaints. Numerous testimonials could be given if necessary, from persons of the highest respectability, who have used them. *No family should be without them in case of sudden Sickness.*

OF the numerous diseases to which the human frame is liable, there is scarcely one, the symptoms of which are not seriously aggravated by a confined state of the bowels, and to that alone many owe their origin and permanence. The preserving the alimentary Canal free from obstruction is a point of such primary importance, that every degree of neglect is followed by more or less of inconvenience or suffering. When habitual costiveness prevails the effectual vigor of health is soon impaired, sometimes by slow degrees, and at other times more rapidly, diseases make their inroads on the constitution; and in numberless instances, particularly where the habits are sedentary, or where the living is indulged, parts next the bowels of the original seat of the disease, and from this circumstance arises the term nervous complaints, which is indeserving of the name, for the nerves are rarely primarily affected, but we can assure the afflicted, that hundreds of cases have been reported to us. Thousands of cases where families have been without physicians, after trying for months this invaluable medicine, have been blessed with fine, healthy offspring. It has been expressly prepared in reference to female complaints. No female who has reason to suppose she is approaching that critical period, "The turn of life," should neglect to take it, as it is a certain preventive for any of the numerous and horrible diseases to which females are subject at this time of life. This period may be delayed for several years by using this medicine. Now is it less valuable, for those who are approaching womanhood, as it is calculated to assist nature by quickening the blood and invigorating the system. Indeed, this medicine is invaluable for all the delicate diseases to which Women are subject.

At last I raised large quantities of blood, had night sweats, and was greatly debilitated and reduced. I tried various remedies, but to no purpose, only used your Sarsaparilla a short time, and there has a wonderful change been wrought in me. I am now able to walk all over the city. I cease no blood, and my cough has left me. You can tell it to whom you please, and I am thankful for these results. Your obedient servant,

WM. RUSSELL, 65 Catharine st.
