THE present rates for Fire Insurance throughout the Dominion (the result of combination among the various Insurance Companies) are, it is believed, not only excessive, but unnecessary; and however severe the losses to those Companies may have been in the late calamitous fires in Chicago, Boston and other cities in the United States, the losses in the business of Insurance throughout the Dominion, does not warrant the great increase which has

lately taken place in the rates. Such being the case, this Company represented by the wealthiest merchants of the Domin Plain and Coloured, consisting of Religious, ion obtained a charter during last session of l'arliament, and are now prepared to do business Heads, Groups, Landscapes, &c., &c.
