Washington, Dec. 30.—The following is the telegraphic correspondence between Secretary Fish and ex Minister Sickles concerning the resignation of the latter :

Madrid, Dec. 6. Hamilton Fish, Secretary of State, Washing- hand. Apply to McNaughton & Co., corner of King and Princess Streets. It is published semi-officially that the Government disapproves of my conduct in the case of the Virginius. If, in the opinion

of the President my resignation would facilitate a satisfactory termination of that question, or be otherwise advantageous to pubsic interests, such resignation may be considered as hereby respectfully tendered. Washington, Dec. 6th.

To Sickles, Minister, Madrid . The alleged publication of disapproval of your conduct is entirely unauthorized. No dissatisfaction has been expressed or intimated, and it is deemed important that you remain. Your resignation at this time would not be accepted, as it would interfere with the prospects of an accommodation. (Signed,)

Boston, Dec. 30.- A rumour was curred here last night that the United States steam ship Franklyn had been lost at sea with all oi It is alluded to by the morning papers, but can be traced to no foundation. Attorney for this district says, he intended to libel the Virginius and it was to that end that the testimony derived from the Juniata prisoners was kept private. H. adds: I have no doubt that the vessel would have been forfeited. I had evidence enough to show false registration, notwithstanding Mr Patterson's claim to owner . No further proceedings will taken in the case of the Virginius. It unlikely the vessel will ever be raised, and i is deemed requisite the vessel should be

produced beforeit could be libeled. A delegation of locomotive engineers from Jersey City waited on the general superintendent of the Pennsylvania railroad. yesterday to enquire about the proposed reduction of wages by the company. Being assured that the reduction was only temporary, the engineers stated that there would be no strike. It is generally conceded, that in this way a compromise will be effected between the engineers and the company.

Authorized Capital \$5,000,000. THE present rates for Fire Insurance throughout the Dominion (the result of combination among the various Insurance Companies) are, it is believed, not only excessive, but unnecessary; and however severe the losses to those Companies may have been in the late cala

Such being the case, this Company represented by the wealthiest merchants of the Dominion obtained a charter during last session of Parliament, and are now prepared to de business at moderate rates.
