aformation, and has to pay for it, there must be money spent, and as all kinds of people might be compromised, it is impossible to render an account. Mr Rylands has, however, extracted one fact, that Mr Hammond manges the fund, and that he has always had £,400 for doing so. There is not the smallest objection to the allowance, but the explanation is another proof of the monopoly of power allowed to a single irresponsible official. He manages all the important business, appoints all but the chief in the great legations, and didn't know a week before the Hohenzollern
