MUSICAL AND LITERARY ENTERTAINMENT -The musical and literary entertainment to be given at the City Hall on Tuesday evening in aid of the new school house of St. Paul's Church, promises to be one of unquestionable success. Fully 900 tickets have been disposed of, so that there is every prospect of a well filled house, and by a glance at the programme in another column it will be seen that the elite of the musical community in Kingston are kindly giving their services. The readers are too well known to require notice. A pleasant evening's entertainment may therefore be anticipated.

Furs .- Attention is called to the advertisement of Mr Clark Wright in another column Mr Wright has been so long and favourably known to the public as a hatter and furrier that his name is indispensibly associated with "fair dealing." Clergymen and others visiting the city and requiring furs or hats will do well to pay a visit to Mr Wright's establis h ment, where they will find what they require at moderate rates.
