TUESDAY EVENING, JAN. 28.

NESOTA.

Winona, Minn., Jan. 18, 1873.--While ten miles away in one direction, her children your Eastern world on the verge of the two miles away in another. These hapeless Gulf Stream has been lifting the hands of parents suffered countless deaths. The wooddespair and voice of protest over a snew- en buildings cracked and recked in the swing fall which made lecomotion on foot unplea- of the storm like ships at sea. The timbers sant and by horse cars impossible for a day cracked with the frost like rifles. Beads of or two, and while the whole country has frost stood on every piece of woodwork, the been thrilling with herror at the incremation that there was no chance that the lamp set in up here, on the shadeless and shelterless belated strugglers without. It was impossible prairies, "there hath been wrought a deed to open the deers, so high had the drifts be of dreadful note." Human suffering which come. The fire grew low, though it was r parallels that endured by the fated Franklin plenished with the scanty furniture. Day has been of hourly occurrence, and lives have been taken as freely as in battle, but with attendant circumstances infinitely more peared above the drifts. The poor woman tragic than wait on the parting of the soul knew that her children lay dead, hand in which is rent from the mangled flesh by shot | hand, on the prairie, and that her husband's and steel. I was in Minnesota after the corpse was somewhere entombed in a giant awful massacres of ten years age, when the drift. The little baby's blue lips were laid red wave of Indian invasion swept ever the from between them in a little cloud of frezen smiling land and left it a waste of askes vapor. She lay down and died, and the resoaked with blood; but the scalping knife and bullet of the Sieux did not do such the room a decent drift of diamond snow for havec as the snows have wrought this year, her winding sheet. These pictures, terrible nor were all the tertures of the red fiends as they may appear to the readers of the productive of more agony than I have Herald who sit by warm fires and find the witnessed within the past ten years. What music of the snew, as it tinkles against the has been suffered and how many have been | glass, a musical and a cheerful sound, are less. slain has not yet been ascertained, for the than the reality. The advance of death was settlements are far apart and communica- like that of a torturer, who comes with all his Shawls, Black, Brown, Blue, Purple and Grey Velveteens. Lots of Pretty Goods, cheap, at tion is difficult; but by every mail come particulars that chill the blood, and we can now fairly estimate the extent of the calamity, and, inasmuch as the history of this memorable Polar wave must, in a large measure, be derived from local sources and backwoods journals that never reach the fering. Of course trains were snewed in for Eastern reader or editor, it may not be days in drifts that towered to the telegraph labor wasted on the part of the Herald's wire, and passengers had to shiver and be correspondent to prepare a succinct and intelligible account of the sad affair, to which are added such personal passages as may be most worthy of preservation.

Up to that fatal Tuesday, at whose mention many a heart shall ache in Minnesota for years to come, there had been winter weather of the usual sort, clear, cold, with casional wrinkles ever the dead limbs or s occasional storms of snew, some of which features. New came the giant labour of clear had soriously blockaded the reads and in- ing away the giant drifts and setting free the duced considerable suffering from scarcity imprisoned trains, and the sadder task of trains of fuel. The epizootic had for some time | ing through the prairies the steps of the d laid an embarge on travel. Our great Everywhere they were found lying still and Northwestern country must not be consid- statue-like in the icy embrace of death. ered to be like Canada, a land of hills and times the searchers would find man and horses valleys, thickly clail with pine forests. great table-land, of considerable altitude, lying open to the winds, that sweep down where he was fastened by his partner's fall from the North Sea at intervals, icy as the till he shared his fate. Semetimes the sleigh breath of death, with an occasional tree, a was found overturned, with the traces semi-occasional clump of trees, or a still Then to right or left would be discovered the rare belt of forest along a water course, and driver who had wandered round in a despair an atmosphere dry and rare—such is the ling circle to die. Occasionally the beasts show-Northwest. It is largely settled by immi- ed in their dilated nestrils, widely spread lip grants from Scandinavia, poor and thrifty and staring eyes the signs of mortal terror, and the men, too, were sometimes Laccoons in little hamlets, marking the prairie at of ice statues of writhing despair. But, as a every few miles. The country is fertile, rule, death came quietly, as it generally death and in summer smiles as the garden of the in these cases, first rebbing the victim of the Lord; but in winter it presents a bleak face gets an agonized struggle for life, and still of snow to a cloudless blue sky.

Tuesday, the 7th, was a levely and mild it is deadly. day. The sun was bright and the air balmy. day. The sun was bright and the air balmy. The death roll cannot yet be made up with Every pulse of the country was astir under any reasonable degree of certainty. We are with teams. The farmers were all at the Many of the missing will not be found to the bottom of the barrel, not a scrap of meat | various reports received thus far, and make farmer hitched his team for the town.
