Completion of the Canada South-

ern Railway. Waterford, Feb. 20.—The last rail of the Canada Southern Railway was laid to-day. This is claimed to be the first new road of any great length laid throughout with steel your notice would lead to the belief that some rails. The road is nearly a straight line Office, Clarence Street, opposite the Post of the selections read by myself were of an between the Niagara and Detroit Rivers, 96 per cent of the entire distance being straight, with no grade exceeding 15 feet to have over the civilization and refinement of fair indication of the feelings of Canadians Bob Sawyer's Evening Party" from Pick- the mile. It is being ballasted with great rapidity, and will be open for business the coming spring. The completion of this railway it is expected will afford great relief to all western roads that are now suffering for an eastern outlet.

> POSTAL BOXES. -- The Postmaster-General having agreed to place a number of postal boxes in different parts of the city, and having appointed a clerk for the purpose of collecting the letters, Mr Barker, Post-office Inspector, invited suggestions as to the position in which the boxes should be placed. Mr Harty, President of the Board of Trade, called a meeting of the Council of the Board for the purpose of considering the matter. The meeting was held at the Council Chamber last evening; and, after giving the subject a great deal of consideration, the Council agreed to recommend to Mr Barker the following positions as those where the largest amount of convenience would be afforded to the public, viz. :

. Williamsville : to be collected once a day. .. The corner of Barrie and Princess streets . to be collected three times a day. The corner of Union and Barrie streets; to be collected two or three times a day

. The corner of King and George streets; to be collected once or twice a day. . The corner of Earl and Ontario streets; to be collected three times a day. . The corner of Queen and Ontario streets; to be collected three times a day.

The corner of Montreal and Princess streets (Geraldi's); to be collected three times ? the corner of Clergy and Colborne streets. to be collected twice a day. . The corner of Rideau and Bay streets ; to

be collected twice a day. 10. The corner of Bagot and Earl streets . be collected three times a day. lected once a day.

A deputation, consisting of the President Vice-President and Secretary, waited upon Mr Barker, Post Office Inspector, this morning relative to the above matter. After a great deal of conversation pro and con, it was considered that the boxes at Williamsville and Branigan's might be dispensed with at pre. sent; that the box intended to be placed on Ontorio and Earl streets might be placed on King street, and that the box proposed to be placed on Bagot and Earl streets should be removed to the corner of Sydenham street. The deputation pressed upon Mr Barker the propriety of abolishing the sale of postage stamps GARRISON THEATRICALS. - Last evening the at the post office, and of placing two clerks at amateurs of "A" Battery gave their third the delivery while the mails were being asperformance before a very select audience, re- sorted and delivered. The latter point was peating the bill of the previous night. The conced at once, but as to the postage stamps witing was much better than on Tuesday Mr Barker could not see his way so clearly in
