The English, in the Crimea, His history is a remarkable one. He gives were as fearless of death on the field of battle what he pretends is a circumstantial acas the bravest Frenchman; they lost one man in count of the affair, detailing with minute Mrs. S. A. ALLEN'S ZYLOBALSAMUM, another twenty-five. But preparation for the Hair; clear and transparent, without sediment. It is very simple and often produces the soldier of England was nourished and cared the saves that his accomplices were for without any regard for expense; the Cabinet of London considered the man worth more than which suffered far more than ours from the Russian fire, nevertheless managed to save threefourths of its soldiers."

It is proposed to make the attempt to popu-

The autocratic government of Russia has exertion of the vocal organs; public speakers published with clam dignity an ukase by and singers will find them most beneficial. The which the hereditary levitical character of entire freedom from all deleterious ingredients the Russo-Greek priesthood, numbering renders Bryan's Pulmonic Wafers, or Cough nearly 700,000, with their families, is forand Voice Lozenges, a safe remedy for the most ever abolished! In any other country such Sold by all medicine dealers at 25 cents per it is prepared in silence, unexpectedly published with the Imperial signature, and passes almost unobserved amidst the other great reforms of the paesent reign. There remarks are not meant to be disparaging to popular institutions, but rather to illustrate Executed neatly, cheaply, and expeditiously at how little kudos enlightened autocrats and their ministers obtained for great measures. Of all the journals in Russia the Moscow Gazette has alone spoken of the ukase in a tone befitting its solemnity and importance,

It was about the time of Peter the Great that the priestly character first became hereditary in Russia and formed a caste among the lower classes of the population. This saved it from becoming the theocracy, while it lowered the social dignity of the Church. Deprived partly of civil rights and in poverty until it became the chief care of the bishops to devise the means of feeding the clerical proletariat, which, to some extent, stood towards them in the same relation as the serfs once did to their lords. The Church became simply a means of providing for the wants of those who were hereditarily attached to her service, marriage with a lady possessing a reversionary interest in some living, or educated at one of the schools for poor daughters of the clergy, who were thus worked off the rangement was that it prevented the recruitment of the clergy from among the better SINGLE COPIES of the Daily News may be educated classes.

Seldom, says the Moscow Gazette, has any great reform so carefully avoided the infringement of justice in respect to vested had in wrappers for mailing. Price 3d. each, none of their rights with the abolition of the hereditary character of the clerical office. If born of priests or deacons they will in future have the status of "personal nobility" (i. e., the social position of gentility), while those of parents who are lower in the hierarchy are now placed on an equality with the upper grade of the mercantile class. They are to continue to have the benefit of the charitable and educational establishments hitherto maintained for the clergy. Another important feature in the The Army and Navy Gazette of the 3rd inst. new ukase is the better provision which it says: Dr. Chenu, of the French army, has just makes for the maintenance of the priestublished two huge volumes, under the title of hood. Their poverty has been principally due to the excessive number both of parish-French army had as many as 8,000 men wound- ers, &c. Each parish will be served only ed; in addition, the surgeons had on their hands by an "incumbent" and "psalmist." the
