TYPES AND INK

THE ORIGINAL OHLORODYNE, invented by R. Freeman, Pharmaceutist, is allowed to be one of the greatest discoveries of the present century. It is largely employed by the most eminent Physicians and Surgeons in hospital and private practice in all parts of the world. It has effects peculiar to itself, and which are essential y different to these produced by the various compounds bearing the name of Chlorodyne, but have no pretence to possessing its virtues. apidly relieves pain, from whatever cause, allays the irritation of fever, soothes the system under exhausting diseases, and gives sleep without producing any one of the unpleasant feelings so commonly arising from the use of opiates. continues to hold its unshagen position in the estimation of the Profession as the best, most reliable, and cheapest preparation. Eminent and scientific Physicians made affidavits that they have tested its effects in careful comparison with those of "DR. COLLIS BROWNE'S CHLORO-

and greatly preferred "FREEMANS."

Manilla the only remedy of any use in Cholera was Chlorodine. The Medical Times and Gazette, January 13th. 1866, states, "It has an immense sale amongst the public, and is prescribed by scores of Orthodox Medical Practitioners, and, of course, it would not be thus singularly popular did it not supply a want and fill a place."

Manufactured by the Inventor, Richard Freeman, 70, Kennington Park Road, London, S. The genuine has engraved on the Government Stamp (outside each Bottle), "FREEMAN'S ORIGINAL CHLORODYNE."

CONDY'S PATENT FLUID or natural disinfectant purifies, deodorises, and disinfects, by the agency of nascent or ozonic oxygen, -its active Being entirely innoxious, this truly scientific preparation is peculiarly adapted the following useful purposes, for which all other disinfectants, on account of their poisonous or other objectionable qualities, are unavailable and useless :-

Detecting organic impurities in air and water. Purifying drinking and other water from organic matter, lead, &c. Freshening the air of close places, and removing bad emells.

Freeing meat, fish, butter, or other provisions from taint. Counteracting the effects of organic poisons taken iuto the stomach. Curing Musty provender. Freeing wheat and other seed from smut.

Maintaining the health of plants in pots and Preserving and restoring the freshness of cut flowers kept in water. OF BUSINESS hop, mulberry tree, &c.

Washing dogs and other domestic animals. Cleansing bottles, beer barrels, pickling tubs, Washing the hair and darkening its colour when turning grey. Enhancing the purifying and invigorating effects of baths and tubs.

One gallon makes 200 to 300 gallons adapted post paid, \$8.

the only known means of rapidly and completely freeing Drinking Water from Organic Taint which is so common a cause of serious disease. To rapidly purify the air, use the diluted fluid with "Condy's Ozoniser" or other Spray-pro-CONDY'S PATENT OZONISED WATER,

(FOR TOILET PURPOSES,) tastes and odours, whether arising from tobacco | valled preparation. or other causes, and counteracts the irritation and morbid secretions of carious teeth. It purifies and softens the skin, and, used in the bath, tends to promote a healthy state of the whole
