THE SUEZ CANAL. The Suez Canal Company has issued regulations for the navigation of the canal,

which is to be opened on the 17th of Nowember next. Article 1 declares that the OFFICE REMOVED TO KING STREET navigation of the Suez Canal will be open | NEARLY OPPOSITE THE CITY to all ships, without distinction of nationality, provided their draught of water does not exceed seven and a half metres, the depth of the canal being eight metres, equal; to twenty-six English teet. A correspondent of the London News

writes from Alexandria, under the date of August 19:

"Sunday last was commemorated by the promoters and employers of the Isthmus of charged. Suez Canal as marking a most signal success in the progress of the undertaking. It will be recollected that the course of the Phoenix Fire Assurance Company canal was found to be in several places impeded by a tocky tenacious soil, delaying the engineering appliances generally enforced, and necessitating powder for blasting purposes, and the use of the pick and spade for the excavations. Fortunately there were but few such places. And it has been from the section at Chaloup to Suez'l that the greatest difficulties were encountered. These difficulties are now all overcome. Under a heavy penalty if behind. hand, the contractors engaged to deliver this rocky portion of the cutting to the company by a stipulated date. That date was Saturday last at midnight.
