It will come, crites his arrest and incarceration in the prison | however, to the same thing when this side or at Vergon, Province of the Seine and Oise that shall be compelled to quit his position. I Writing on Monday, he says that he was taken is quite impossible that those who retreat should before the authorities to whom he produced his carry off all their mass of wounded, or that the coal and wood have nearly failed—a very serious thing for the poor. No salt provisions words they said that the permit for Mantes was wonded should drag themselves very far:

Safe conduct for Mantes:—In a few hurried wounded should drag themselves very far:

When the day is done there will be a very large of any kind are to be had. Many grocers have without listening to explanation, I was directed rable surprise, then, would our resuscitated to the poste, and seized by a gendarme much Greek regard what actually happens. The the worse for drink. Those who have seen a scales of battle begin to incline. One army has French mob following a suspected person can suffered more loss than the morale of its men imagine their fury and excitement. Poked in can bear, or finds that its position cannot be

every corner to see if I had any arms about me held any longer. It retreats, and, as he anticiby these valuant Gardes Nationaux, a delirious pated, is obliged to leave the greater part of cry of joy from two of them showed they had its wounded behind it. The enemy occupies the discovered something, but the hard subs ance ground. In their rear follow the surgeons and they had struck against proved only to be a the ambulances, probably a new sight altogethbook, a dangerous book truly, being a French | er to our warrior's eyes, and certainly occupied guide, with a remarkably good map of the en- in a work which he cannot understand. He virons of Paris. Arrived at the poste, or guard- does not see the finishing stroke which he has house, the door was shut, and I was left in the been expecting to be given, as a matter of course, room, about twenty feet by twelve, with some to the wounded. On the contrary, the conquerors fifteen to twenty infuriated Frenchmen in uni. seem to mistake them for their own men. Some form. And then an indescribable scene com- are tended as they lie upon the ground; others menced. The first step was to administer a are moved into the waggons and carried off. It violent blow in my face to enable me, I suppose seems as if as much pains would be taken to cure better to collect my scattered thoughts. The them as have already been taken to kill them. next thing I saw was a circle of fists round my He could understand this in the case of men of head, none of which, however, struck me, wag- distinction. It may often be better worth while ging with all their might, as fast as their to keep an enemy alive than to kill him; but tongues were showering upon me imprecations. in the case of the common men it is absolutely With both my hands held, my pockets were unintelligible. It seems to him the merest waste rifled, my letters, papers, memoranda, money, of labour to spend trouble equally infinite on and keys all seized. No attempt was made to | making them well again. read anything, for the simple reason that they | Logically, the position of our imaginary Greek

could not; and the only thing that received is quite unassailable, and free from the embarany attention was the carte of the environs of rassments, theoretical, certainly, and even prac-Paris, which was of course viewed as damna- tical, in which modern ways of thinking involve tory. At this moment the commandant came us. Stated simply, the immediate object of war scouts and skirmishes, in which a man or two in burriedly. . I saw him shake his finger as if is to disable as quickly and effectually, and at is wounded, telling wonderful tales of the at me, and I got out as hurriedly as he came in. as little cost, danger, and loss to the belligerent was now stripped; my coat and waistcoat as possible, the largest number of his opponents. pulled off, braces torn off, shirt rent open, to see And as long as this object is pursued with if I carried aught on my person, and my shoes singleness of purpose, without any admixture examined. Even at this moment a most ludi of motives that are often found in its close crous incident occurred which, in spite of the neighbourhood, the desire of revenge, the love gravity of the occasion, caused me to laugh in of inflicting pain, and so on, it is difficult to Rome, Oct. 3.—For many a day Rome has not the face of the idiot who perpetrated it. I wear establish (the object itself being once allowed seen so great a triumph as that witnessed yes- a cravat in the form of a sailor's knot, with a to be legitimate) any moral difference between terday within these ancient walls. But a few spring cumningly contrived to allow of its various modes of obtaining it. To use an effecdays had been allowed for preparation for the being fastened. The bold man who attacked tive weapon which also inflicted great pain, plebiscito, and there was doubt with some this portion of the furniture of my person raised because it inflicted pain, would be cruel, and whether in such a brief space everything could a shout that he had found a secret arm; when therefore immoral; to use it because it was be well arranged. But what was worth most I afterwards received it back it had been torn effective, ignoring the accident of the pain would was the thorough state of preparation of the open to see what it contained. A cord was be putting aside any rules that civilized men public mind, and this helped on the work. The now produced, and I was tightly bound with may have agreed te follow, justifiable. Attempt whole population seemed to be moved by a sin- my aims behind me, and smid cries of "Shoot to modify the simple principle, though we quite gle impulse, and we have the result in a vote of him," and replies from the Gardes Nationaux. agree that it must be modified, and you get into "Yes, be will be shot," led into the open street, a labyrinth of casuistical difficulties. It is maindeed, almost a unanimous voice in favour of The street, about thirty feet wide, was filled on nifestly easy to construct questions of conscience annexation to the Kingdom of Italy. Every the left hand by the crowd. They led me out in this subject matter which it is impossible to class of the population took part except the under an escort of, I think, six guns, and march- decide. priests, and those associated with them, in ed me in the direction of Notre Dame. If it maintaining at all cost, and to the last extremi- was not for the purpose of shoo ing me on the ty, the temporal power of the Pope. The fifty spot, without trial or inquiry of any kind, not An apparently well informed Cuban corresvotes of the opposition made a sufficient meagre even by martial law, I have yet to find out the pondent writes that the Spanish army on the show. It could have been wished that the cause of this singular provision. I have asked island is doing nothing. There seems to be minority had been increased by the participa- some people since if it was so, and though none much truth in this terse and blant statement of tion of the sacerdotal party, so as to give a answer in the affirmative, none deny it, but the case. For the last twelvemonth the arms of stronger proof that the utmost liberty of action shrug their shoulders as much as to say, you Spain have certainly done very little toward were in the hands of the people, the glorious suppressing the revolution in Cubs; their lea-I visited most of the voting places during the Republic! We had reached the corner of the ders have, with a wonderful unanimity, repreday, and can give the testimony of an eye wit. Notre Dame. I was expecting momentarily to sented the cause of the patriots as utterly weak ness, that a better plan than that adopted by the be placed with my back to the wall to be made and hopeless, yet they have not been able to Municipal Committee could not be desired. The a target of, when the commandant again ap- crush it. And now the home government sends loggias, or tributes, were set up in the public peared on the scene, and beckoned them to re-

SHIPMENT OF ARMS TO FRANCE.

There is one significant omission in the sum-

of shields;" for from beginning to end it is a many are struck, comparatively few are killed outright, "This," he says to himself, "is the sort of work archers used to do, though certainly they could not shoot so far ; the heavy armed

equares, in the full face of all who wished to turn into the posts. Waiting till we reached General to assist their predecessors in the look on, and the first object seemed to be to him, he preceded us into the guardhouse, operous task of watching and decrying the make as conspicuous as possible the new honour. tinuous stream of companies and societies of a low voice, and in tolerable English, the firs | sheer slugger
