weather, an immense crowd assembled on the quentiy officered by the resident country gentry. Boulevards to testify their sympathy towards And as a climax to the monarchical and conserthe brave Irishmen who had come to render their vative elements of the State, the royal family assistance in so disinterested a manner At have proved themselves, by economy of govnine, the trumpets sounded, the drums beat, and ernment, military genius and their readiness presently all the troops were on the march. All for personal sacrifices, true "Kings of men," and present were struck with admiration at the fine worthy to command a brave people who respect condition of our artillery, the martial air of our and love them. It would need a generation of marines and of our National Guard, with the royal idlers and do-nothings to wipe out from patriotic zeal which seemed to animate the Prassian memories the recollection of what the whole body of troops. On striving at the quay, Hohenzollerns have risked and accomplished the military, accompanied by an immense con. for Prussia and Germany during the last four course of people, found the Staff of the Irish | years. To add to all these complex elements in ambulance in attendance. As soon as the troops the Prussian State, is the learned class, which ame in sight loud cries of 'Vive la France!' has so great an influence at once liberal and broke forth on all sides. The enthusiasm was conservative. To predict the effect of all these indescribable. Each company passed into the various forces upon the constitution of the tent in which the staff of the ambulance were future united Germany, would be a rare understanding, and defiled before them. At 10.30 the taking. The influence of Baden and South authorities arrived. The Sous-Prefect, accom- Germany will undoubtedly be liberal, and

marking that the affection of the Irish and but for what is far better, a steady rational French people for each other was so great that advance of all Germany in the paths of constit could not become any greater, and that tutional liberty. France accepted the help of Ireland as a matter of course, in the same way that one friend supports himself on another. The Sous-Prefect concluded by saying that no one could personthe flesh and bones of their fellow beings to be torn and bruised by bullets and grapeshot. believed that this would prove to be the last war between crowned monarchs. M. Liegfried then spoke. He said a lively sympathy had at all times existed between France and Ireland, and would call forth the gratifide of the French who would cry, 'Vive l'Ireland !' 'Vive l'Union des peuples! Alderman McCann then presented the members of the Irish ambulance to the authorities, and said that Ireland was the sister

people, who wished to separate themselves from the shameful indifferer ce of the rest of England. The Irish would be with the French, and for Frenchuntii death Colonel Massu, Dr. Priory obviated" and Mr O'Longblin having made some observations, the cortege proceeded towards the town. The ambulance consists of five large vehicles and three smaller ones, and its appearance was everywhere the signal for a display of great enthusiasm on the part of the population. I procession entered the court yard of the Hotel de Ville, and there the bands of music, standing a a circle round the ambulance, played patrio tic and spirit stirring airs. Refreshments were then served to the men in the court yard, whilst the heads of the Staff were honoured with

most courteous reception in the great hall of
