DRAMATIC.-Miss Lillie Lonsdale, who has been highly praised and eulogized as an actress singer and elocutionist, at all the places visited by her in Western Ontario, made her debut in the City Hall on Monday evening to a large and respectable audience, and gave her first draw. ing room entertainment and concert in a man ner fully up to expectations. From the rapid changes and style of portraiture and delineation of the various characters, the performer is in reality a "best in one," being possessed of such power of versality, that at every appearance on the stage something new is produced, the impersonation of which was the very groundwork of perfection. "Charles Fitz_Folly," a rambling young man of the period, and "Kate Cushing." ton," his frollicking cousin, were exceedingly well brought out, while "Sergeant Buzfuz," from C. Dickens' speech in the case of Bardwell vs. Pickwick, displayed the lady's natural abilities, and at the same time exhibited the thorough artistic training she had received: "Jemima Ann," a maid of all work, "Claudiro," and the remaining selection on the programme were equally successfully placed on the boards, some of them eliciting an encore. At the conclusion Miss Lonsdale, in "propria persona," thanked the audience for their attendance, and intimated that she would again appear in entirely different costumes on Tuesday evening. She is said to be the daughter of an English baronet, having adopted the present profession for the love of it, and is travelling through Canada for the purpose of cultivating the custems of the people with whom she will shortly make her home in the Deminion.
