BANK OF BRITISH NORTH AMERICA. On the 6th instant, a general meeting of the ! Shareholders in this bank was held at the London Tavern, Bishopgate street. Mr A. H. Phillpotts, the chairman, said the Dominion was steadily advancing in prosperity, and the prospects of the bank pointed to its keeping pace with it, as the Directors were using all their endeavours to promote that end. Mr Hewitt, as one of the oldest shareholders, asked the direc. tors if the bank was in the same or a better po_ sition than at this time last year. The chair. man had much pleasnre in saying that, as far as they could judge, the bank's business was as good as last year. Mr Alexander Gillespie se. conded the adoption of the report (proposing) the customacy half-yearly dividend at the rate of six per cent per annum, free of income tax), which was carried unanimously; and the meet_ ing separated with a vote of thanks to the chairman and directors.
