Correspondence. THE ALGOMA MISSION. TO THE EDITOR OF THE DAILY NEWS. Sir,-I am favoured to-day with a copy of your paper, in which I find a notice of my recent "Letter" on the Algoma Bishopric.

tionally done me an injustice.

First. It is a mistake to say, as you have I and the mode in which it might work. But I and laymen, not connected with the Toronte ly proposed, and which without the vote of Diocese, I have reason to know, are of opin- each Synod could not be definitely made. ion that this would be the preferable plan, and are willing to assist with their money should it be adopted; and if there be any Provincial Syned. I think it would be far better that the Synod of the Toronto Diocese should take hold of the subject with a firm hand, and manfully grapple with the diffi culty. But as I was one of the first to pro. pose immediate and united action by all our dioceses, under the control of the Provincial Synod, so I still think it would be a great advantage for us all to work together upon a broad and clearly defined basis; and if you will refer to page 10, you will find that I Synod, an evidence of hearty and general supassume, almost as a matter of course, that the duty and responsibility will be left to the Provincial Synod, and that this will obviate much difficulty in the way of raising the necessary funds. It was only as a guarantee against failure in the project that I assumed the Toronto Diocese should take it up inde-

I am free to confess, that the more I have thought upon the subject, the more desirable it has seemed to me that the Terento Diocese should take up the question indepen-Sunday Directory-Hours of Pub- dently, and it may be that at the proper time I shall "strongly advocate" that plan. But at e present I have not done this, either in my letters, or my speeches, or my conversation; and it is, therefore, hardly fair to give me credit for what I most respectfully disclaim.

Second. It is a mistake to say, that "the writer must know that the Synod of Teronto sent a petition to the Provincial Synod, pray. The Provincial Synod at its Morning "ervice 11:00, Evening Service 6:30 session in 1871 did not respond to the prayer of the memorial, it, therefore, fell to the ground; and when that Synod met in special session in December last, there was neither memorial nor resolution from the Toronto Synod which implied a surrender of the Algoma CATHOLIC APOSTOLIC CHURCH (Queen Street | 7 district, and which prayed the Provincial \$600,000. In conjunction with the other Synods. that of Toronto appointed a committee to make inquiry, and to propare arrangements, in anticipation of another meeting of the Provineial Syned; and the report of the general committee was intended to form the basis of future action. That committee never met and therefore never reported. In the absence of any report, we cannot fall back upon the resolutions of a former Synod; and even if we could and did, the memorial in question does not bear the interpretation you put upon it. There is no reason to apprehend that the Toronto Syned would object to surrender Algoma on proper conditions, for the establishment of a Missionary Bishopric. But it has not done se yet; it has not been asked to do it, and it has not offered to do it; your reasoning, therefore, is based upon a false assumption, and hence your mistake as to a matter of Proud swears with soldier-joy "Thoul't rest, fact. Our proper course was to have awaited the report of the committee appointed by the Synods, by which all these technical difficulties might, or would have been removed. In legislating in the absence of this report, and without any precise and official information at all, we have become involved in the present

> Third. It is a mistake to say, that "Julius Anglicanus complains of the portion of the assessment to be borne by the Diocese of Toronto being inequitable, a fact which none of the clerical or lay delegates noticed at the Provincial Synod." If you will read carefully my re. marks on pages 9 and 10, I think you will admit that they hardly amount to a "complaint." I am reasoning on a general principle, and in so doing condemn the principle of "assessment." But if it be necessary that this principle should be adopted, then I maintain that it should be done equitably. I could not "complain" of inequality in the assessment, and the delegates from the Toronto Diocese at the Provincial Synod, could not notice the "fact," because no assesment had been authoritatively made, and the subject was never introduced. . Will There had been rumours of a proposed assessyou kindly permit me to correct two or three ment as suggested by the House of Bishops; mistakes into which you have inadvertently and had the subject been mentioned in the fallen, and through which you have uninten-Provincial Synod, there were delegates from Toronto prepared to call in question the equality of the arrangement. But no official infordone, that "the letter advocates very strong- mation was vouchsafed; no resolution was ly the necessity of the Terento Diocese taking proposed; no opinion was asked; and in even the whole subject of the Algoma Bishopric the letter of the Metropolitan, recently pubinto its own hands." As to the "spirit" in which my "Letter" was written. I can only say, that I was most anxious to write through. out in a "spirit" perfectly harmonizing with the subject, and in full accord with my character and position. If I have erred in this matter, I have done it most innocently; and the closing sentence of my "Letter" is e pressive of my feeling and desire.
